OMAHA'S MEDICAL SCHOOLS

Uniform Curriculum Adopted by American Association Will Not Affect Them. The adoption of a uniform curriculum by the Association of American Medical Colleges at Chicago Monday, raising the requirements for matriculation to a full high school course of four years, will have no effect on the Creighton or Omaha Medical colleges of this city, as both institutions now require as high or even a higher standard of qualification from applicants for admission.

Uniform Curriculum Adopted by American Association Will Not Affect Them. The adoption of a uniform curriculum by the Association of American Medical Colleges at Chicago Monday, raising the requirements for matriculation to a full high school course of four years, will have no effect on the Creighton or Omaha Medical colleges of this city, as both institutions now require as high or even a higher standard of qualification from applicants for admission.

The Creighton Medical college faculty has always required a full high school training before applicants could enter. An equivalent to this education, of course, would be accepted, but applicants have refused to make such an admission on the ground of failure to come up to the standard mentioned. It always has been the policy of the institution to keep in advance of the requirements as laid down by the American association.

CITY NOT LIABLE FOR WIND

Argument in Bemis Damage Suit by City Attorney on This Point. City Attorney Breen had the floor in Judge Estelle's court Tuesday morning. Mr. Breen followed his assistant, Will H. Herdman, who had made the opening review of the testimony for the city. The city attorney devoted a large part of his argument to the testimony touching the character of the wind which prevailed on the day and evening when former Mayor Bemis was hurt. He ridiculed the claim of plaintiff's attorney that the wind of April 25, 1932, was an ordinary blow such as is common in Nebraska at times.

LEWIS NOTES THE GROWTH

Former Principal of the Omaha High School Revisits the City on Business. Prof. H. P. Lewis, who was for many years at the head of the Omaha High school as principal in the latter '80s and early '90s, and now superintendent of schools at Worcester, Mass., is in Omaha for a few days looking after some property interests which he retained. Mrs. Lewis, who was formerly Miss Ida Goodson, also connected with the local high school, remained at home, preferring to revisit Omaha at some time when she could stay longer than her husband's business interests will permit him just now.

CIVIC IMPROVEMENT LEAGUE

Called Meeting Falls of Object, but Issues a Proclamation on Dirty Alleys. A number of the officers of the Civic Improvement league of Omaha met at the Park board rooms in the city hall last evening for the purpose of considering the completion of the list of stinking committees. Owing to the absence of many of the committee chairmen, but little could be done last night.

YOUNG LECTURES ON HAMLET

Well Known Actor Gives Woman's Club Benefit of His Researches. Under the auspices of the Woman's club Mr. James Young of Viola, Allen's company lectured in the parlors of the First Congregational church yesterday afternoon on "Hamlet." His exposition of the character of the melancholy prince was most interesting and indicative of careful study, though little different from that of other modern critics, who deny that Hamlet was insane.

CATTLE WALK ON THE LAWS

Drivers Fined in Police Court for Allowing Animals to Wander on Grass Plots. Charles Nelson and Hans Nelson, two farmers of Millard, were fined each \$1 and costs in police court for driving cattle on proscribed streets in the vicinity of Hanson park. They were arrested Tuesday morning after allowing their cattle to trample on several fine lawns. They pleaded ignorance of the ordinance, but Judge Berka did not consider that they had any excuse, as the police department's intention of enforcing the herding ordinance had been published in the daily papers.

SKIN DISEASES

SPEAK FOR THE BLOOD. Skin Diseases speak for the blood and tell of the acid-laden, poisonous condition of that vital fluid, and of its effort to throw off and rid the system of the poisons and waste matters that have accumulated in it. Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Boils and diseases of this type are all caused by a weakened and polluted blood circulation, and though they may have lain dormant in the system during the cold weather, at the coming of Spring and Summer, when the blood is reacting and making extra efforts to expel all such morbid and poisonous matter, they make their appearance.

SALE OF LIQUOR TO INDIANS. Supreme Court Decision Will Be Far Reaching in Effect. JUDGE MUNGER AND BAXTER CONFERENCE. Proposed to Get Copy of Judge Brewer's Opinion at Once in Order to Guide Action Before Coming Grand Jury. United States District Attorney Baxter, when asked what effect the recent decision of Supreme Justice Brewer, that Indian allottees of land were at liberty to buy liquor without restraint, would have, said: "I have not seen the opinion, but from the item in the newspapers, if the opinion is correctly quoted, the effect will be far reaching. Judge Munger and I talked over the matter. The opinion would seem to hold that the federal government is without power to punish parties for selling liquor to Indians to whom lands in severalty have been allotted. In other words, the effect would be to limit the application of the Melkijohn law (which is the law prohibiting the sale of liquor to Indians) to Indians to whom no allotment of lands have been made. The evil of selling liquor to Indians is recognized as a serious one, and if the decision is correctly reported it will be necessary now for the state authorities to assume the burden of preventing the sale of liquor to Indians and about the Indian reservations."
