KIRKMAN IS FOUND GUILTY
Record of Trial at Fort Niobrara is Received at Washington.
SENTENCED TO BE DISMISSED FROM ARMY
Case Will Be Reviewed at War Department and Then Sent to President for Final Action.

WASHINGTON, April 12.—Judge Advocate General Davis of the army, has received the record of the court-martial proceedings in the case of Captain G. W. Kirkman of the Twenty-fifth infantry, stationed at Fort Niobrara, Neb. That officer was charged with conduct unbecoming an officer and a gentleman, growing out of a series of alleged scandalous actions. It is charged that he compromised the wife of a brother officer, and, as a result, the woman committed suicide. Captain Kirkman was found guilty and sentenced to be dismissed.

After the record has been reviewed at the War department the case will be submitted to the president for final action. Captain Kirkman was appointed to the military academy from Texas in June, 1884, and reached the grade of captain in the infantry arm in July, 1899. During the insurrection in the Philippines he served as major of the Forty-ninth United States volunteer infantry.

WESTERN MATTERS AT CAPITAL
New National Bank Authorized to Commence Business at South Shore, S. D.

(From a Staff Correspondent.)
WASHINGTON, April 13.—(Special Telegram.)—The first National bank of South Shore, S. D., has been authorized to begin business with a capital of \$25,000. Charles Anderson is president, Peter Phillip, vice president, and R. J. Sweet, cashier. William E. Moore has been appointed general manager and Julia K. Moore substitute rural carriers for Route 4, at Red Oak, Ia.

BELGIUM CALLS A CONFERENCE
Nations of Earth Asked to Discuss Scientific Matters at Mons.

WASHINGTON, April 13.—Through the Belgian minister at Washington, Baron Moncheur, the Belgian government has formally invited this government to send an official delegation to participate in an international congress at Mons, Belgium, beginning September 25 next, at which the following topics will be discussed:
Commercial and technical education, science of statistics, political economy, customs tariffs, navigation, colonization, diplomatic and consular service and in general.

TOM MAJORS HAS A SCHEME
He and Gregg Seek to Land Prof. Thomas in the Kearney Normal.

MISSOURI PACIFIC FILES STATEMENT
Governor Mickey Invites President to Stop in Nebraska on His Return from His Western Trip.

(From a Staff Correspondent.)
LINCOLN, April 12.—(Special.)—Tom Majors and C. H. Gregg, members of the State Board of Education, were in Lincoln today and called upon Governor Mickey to explain that Mr. Gregg did not cause the fuss at Kearney that has disrupted the board, and it is understood another object of their visit was to build up fences for the appointment of a man to take the place on the board of R. A. Tawney, whose term will expire about June 1. If Mr. Majors and Mr. Gregg can control the appointment of this man they will be able to attain their highest ambition just at this time, the landing of Prof. Thomas of Kearney in the superintendent's office of the new normal school, and the removal of his assistants. As the board now stands, four of the members are for former Superintendent Fowler and three are for Thomas. And this it is now claimed is back of all the little scraps that have occurred on the board since the resignation of Mickey. Incidentally, it is said they have secured the co-operation of John N. Baldwin in their efforts to land Thomas.

Missouri Pacific Statement.
Notwithstanding the Pacific Railway in Nebraska lost the Missouri Pacific railroad almost \$1,000,000 during the last year, the report of the Missouri Pacific for that year made available today for the use of the State Board of Equalization shows that the road made above all expenses for the entire year \$1,049,912.61. Its gross earnings amounted to \$2,294,374.41. Its expenses for maintenance, operation and improvements amounted to \$1,244,461.80. This was divided as follows: For strictly operating expenses, \$1,073,087.24; for general taxes, \$71,929.22; leased lines, \$174,761.21; rentals for cars, \$214,808.35; for statistical expenses, \$15,688.22; for other expenses, \$1,062,877.20. In July, 1904, the road declared a dividend of \$1,945,425.50, and in December, 1904, a dividend of \$1,945,425.50. The capital stock of the company is returned at \$7,517,810, and the funded debt at \$6,042,000. For the value of the stock the board is referred to the market quotations.

Women Elect Officers.
WASHINGTON, April 12.—The National Council of Women today elected the following officers: President, Mrs. Mary Wood Swift, San Francisco; vice president at large, Mrs. Kate Waller Barrett, Alexandria, Va.; corresponding secretary, Miss Belinda S. Bates, San Francisco; first recording secretary, Mrs. Frances E. Burns, St. Louis, Mich.; second recording secretary, Mrs. Isabelle Quinlan, Galesburg, Ill.; treasurer, Mrs. Lillian M. Hollister, Detroit.

Promoted and Retired.
WASHINGTON, April 13.—Lieutenant Colonel Charles W. Hobbs of the artillery corps and Major John L. Bullis of the pay department have been appointed brigadier generals in the army and retired.

Wisconsin Goes to Cavite.
WASHINGTON, April 13.—The Navy department is informed that the battleship Wisconsin and the torpedo boat Decatur, Dale and Blairbridge have left Hong Kong for Cavite.

Forecast of the Weather
Rain or snow in Nebraska today; rain or snow in West portion tomorrow; fair in East portion.

WASHINGTON, April 13.—Forecast of the weather for Friday and Saturday:
For Nebraska—Rain or snow Friday; colder in southwest portion. Saturday, rain or snow in west portion; fair in east portion.
For Iowa—Fair Friday and Saturday; except rain in extreme south portion.
For Wyoming—Rain and colder Friday and Saturday.
For Montana—Snow Friday; Saturday, fair and warmer in south portion.
For Kansas—Rain or snow Friday; fair in east portion; rain in west portion Saturday.
For Colorado—Colder in west portion; rain and colder in east portion Friday and Saturday.
For South Dakota—Fair in east portion; snow or rain in west portion Friday and Saturday.
For Missouri—Rain Friday; colder in northwest portion. Saturday, rain.

Local Record.

SHERMAN & MCCONNELL DRUG CO., 15TH AND DODGE, NEBRASKA.

Labor Bureau Branches Out.
The labor bureau intends to find out just what it costs to live in Nebraska and instead of adding one's debts to what he has made during the year will get out of the state and hustle up statistics on the matter. Omaha, South Omaha, Lincoln and Grand Island will be the principal towns in which statistics will be gathered. The commission expects to go through the trades and professions and expects to be able to furnish to inquirers information of much interest. This is a field heretofore not touched by the labor bureau.

Bank Examiner Explains.
State Examiner Fred Whittemore, who is being sued by the depositors of the defunct Elkhorn Valley bank at O'Neill, is in the city tonight and said the first investigation he had of the suit being filed against him was the publication of the suit in the newspapers. The whole affair, he said, is a mistake. He is not the depositor of the Elkhorn Valley bank at O'Neill. He is in the city tonight and said the first investigation he had of the suit being filed against him was the publication of the suit in the newspapers. The whole affair, he said, is a mistake. He is not the depositor of the Elkhorn Valley bank at O'Neill. He is in the city tonight and said the first investigation he had of the suit being filed against him was the publication of the suit in the newspapers.

It is alleged that I reported 200 acres of land within two miles of O'Neill as an asset of the bank, but that the title to the same was not in the Elkhorn bank. There was no authority in law for the bank to have the title to the land. Real estate outside of the banking house can only be required in payment of a debt. It was not claimed by the officers of the bank that the land was acquired in a legal manner and the holding of it was emphatically disapproved by me. I would not have taken the responsibility of giving approval to it had I found that it was not so deeded. I was informed, however, that a deed to the land had been recorded, but that it had not been recorded. I did not advise recorders against recording for I did not countenance the proceedings.

CHAMBERLAIN MAY RETURN
Attorney Making Inquiry as to Bond Which Will Be Required.
TECUMSEH, Neb., April 13.—(Special.)—The Johnson County Journal, a local weekly paper, in responding to an inquiry of Charles M. Chamberlain, the fugitive bank wrecker, is going to give himself up to the law and return to Tecumseh, the scene of his wrongdoings. In its issue of today the Journal says:
We understand that there is a movement on foot looking to the return of Charles M. Chamberlain to this city, to answer to the charges against him. It is supposed banking house. Rumor has it that an out-of-town attorney has lately been here for the purpose of finding out what amount of bond would be necessary to give, offering Chamberlain the opportunity to return to his home in Nebraska. The attorney, however, has been unable to secure bond. It is now nearly two years since Chamberlain fled from Tecumseh, since which time no Tecumseh man has seen him. It is now nearly two years since Chamberlain fled from Tecumseh, since which time no Tecumseh man has seen him. It is now nearly two years since Chamberlain fled from Tecumseh, since which time no Tecumseh man has seen him.

Boy Accidentally Shot.
NEBRASKA, April 13.—(Special.)—Charles Oit, a 15-year-old boy, was accidentally shot below the heart yesterday afternoon by Collins Riley and Merrill Cook, boys about 13 years of age. Young Oit was working near a gas works and was carrying a shotgun. He was hit in the chest and fell. He was taken to the hospital and is now recovering. Riley and Cook were taken in charge by the police and later turned loose, as the wounded boy's father did not want to prosecute them.

Improves Train Service.
NELOLA, Neb., April 13.—(Special.)—Nelson now enjoys train service such as it is only found in the shape of the Elkhorn, the M. and Rock Island roads. The Burlington has put on a new passenger train each way, in addition to the mixed train it has been running. The change going into effect Monday with these new trains will be a big improvement in the service. A mail service more upon the twentieth century basis than in the past.

Shipping Oats to Manila.
O'NEIL, Neb., April 13.—(Special.)—Stephen McNichols, a local grain dealer, is loading six cars of oats billed to Manila Philippine Islands. This is the first shipment from this county to the Philippines since the war.

News of Nebraska.
ORACLE.—Contractors are rushing work on the city hall and courthouse.
PLATSMOUTH.—It is said that twelve young women are to resign their positions as teachers in the public schools in order to get married.
BEATRICE.—A vicious dog attacked the two children of a family yesterday afternoon, biting her badly on the upper and lower lip. The animal was promptly sent to the county pound and held by the officers.
FREMONT.—Miss Anna Howard, principal of the school at Fremont, has notified the board that she is not an applicant for reappointment, as she intends to complete her college course. The position will probably be filled at the next meeting of the board.

Should Make Good Scrappers.
Company 1, Second Nebraska regiment, is the latest acquisition to the military strength of the state, having been mustered in by Adjutant General Custer yesterday. The company is located at Alma, Harlan county, and numbers fifty members. It is noted by the way, for the size of the men, nearly all of whom are either six feet or more in height and weigh from 150 to 200 pounds. The officers of the company are: Martin C. Shallenberger, captain, six feet six inches; Reed, first lieutenant, six feet six inches; G. E. Gaskill, second lieutenant, six feet one-half inch.

NEBRASKA CITY—Burglars broke into a Burlington construction car in the local yard last night and ransacked a number of trucks and values. The car was left in the car by bridge men working for the company. The burglar's trunk was scattered around the car and it will be impossible to tell how much was stolen until the owners of the trucks return from where they have been working for the last few days.

TECUMSEH—The Ancient Order of United Workmen had a grand rally of its members last evening and made preparation to be represented at the meeting of the order at South Omaha on May 9 by electing delegates. The delegates elected were: Gilling as alternate, to represent them at the meeting. It was resolved that the members of the order at Tecumseh were good enough for them and that M. J. Perkins of Columbus be elected grand recorder for the district.

GRAND ISLAND—Fire destroyed two large hay stacks, a cattle shed and a few other farm buildings on the farm of Ernest Beesemer, sixteen miles north of this city. The cause of the fire is unknown. About one-third of the loss is covered by insurance. The fire commission to the city is being organized. A bucket brigade organized by the men about the farm and neighbors was extinguished before great damage was done on this building.

TECUMSEH—The Tecumseh Board of Education has selected its corps of teachers for the coming year, with the exception of three grade teachers. They follow: Superintendent C. N. Anderson, principal; high school, Miss Zella Trester; teachers, C. E. Wright, Mrs. M. E. Williams, Miss Jeanne Swan, Nora Douglas, Clara Zuber, and Edith Cressberry. Two or three more teachers will be employed who were not applicants. Prof. O. W. Nicksie, principal of the grammar school, has been appointed principal of the high school. BEATRICE—Mrs. Irvin, mother of Warren Irvin, who resides six miles southeast of Tecumseh, was injured by several injuries yesterday. She was walking across the street when she fell. A physician was called and found that the ball and socket joint was dislocated. The dislocation was in place and the ligaments which held the joint in place were so badly torn that it will be impossible for her to ever use the limb again. Mrs. Irvin is 90 years old and until this time has enjoyed the best of health.

FREMONT—The reports in the papers of the secretary of the Board of Penitentiaries, Kan., to a fifteen-year term in the penitentiary is of considerable interest to the people of this city. The man in question is "Doc" Fellows, who has made Fremont his home at intervals during the last three years. He was not doing time for larceny and swindling in Iowa and Minnesota. No special crime was charged against him here, but several arrests were made in police court. He went away a year ago, leaving his wife and one child behind. He is supposed to be in Kansas, but has been county charges most of the time since then. Last week they were sent to Kansas City, Kan., where they were living, at the expense of the county. She found him in the Leavenworth penitentiary being kept fifteen years for armed larceny. He is said to have served a ninety-day sentence in the Douglas county jail.

Green Things Are Coming in Plentifully and the Strawberry Market is Flush.
If anyone should ask you, there are fresh peas, green things and strawberries in market baskets covered with mosquito bars and they were grown in some sort of hothouse. Their coming to this market at this time is a sign that it is now later in the season than it was a few weeks ago. The hothouse cucumber has been its own for many months but now there are plenty of out of doors cukes from Lantana, Fla. They came in in large number and neat pine boxes Wednesday and Thursday and are going to be sold at about \$1.25 a dozen wholesale. The wax beans are coming to arrive from Ocala, Fla. in very good condition. It is estimated the price may not be kept where it is for long. There are plenty of long radishes in the market now, growing out of doors in southern Illinois and being shipped here by way of Chicago. The local out-of-doors radish should not be in before May 1st.

Love and Dependancy.
On his recovery Brown told the reason for his act; it was that his sweetheart did not love him any longer. In his medical research he had insisted on the practice of vivisection. She, being a tender-hearted girl, thought it needless cruelty to animals, and had often begged him to stop it. In fact, she had not been very well pleased with his choice of a profession. Lately they had quarreled on the subject of vivisection, and Tuesday he had received a letter from her saying she would not marry him. He went to the hotel and brooded for two days, then decided to take his own life. He had no other means of escape. He took a dose of cocaine because he knew it would kill him without suffering.

Minister Rockwell Goes West.
Minister Rockwell to China, recently appointed to succeed Minister Conger, passed through Omaha yesterday on the Overland Limited on his way to San Francisco, from where he will sail May 8. Minister Rockwell was accompanied by his secretary, members of his family and two secretaries. While in Omaha he was seen by a representative to China, who spent the short time he had in Omaha this morning between trains in walking along the station promenade and taking a sun bath. Mr. Rockwell is a man of about six feet, two inches in height, with reddish hair and commanding appearance. He is a very capable man and has had several years' experience in the diplomatic service.

Fire Horse Drops Dead.
While the fire department was making a run about 6:45 Thursday morning, a horse on horse wagon No. 1 dropped dead in the harness at Sixteenth and Douglas streets. He was dragged about fifty feet by his mate. The team was hurrying them on Sixteenth street and at Douglas the horse jumped and fell. He was worth \$300 and had been with the department about a year. The fire in which he was run was made was caused by an earnest gasoline stove at the home of Mrs. Ernest Miller, 716 North Sixteenth street. The damage was nominal.

Back to Abutting Property
Strips from Narrowed Streets Will Revert to the Original Owners.
Under the new charter property owners will not be required to pay anything at all for strips of streets or alleys abutting, which are vacated by the city. The rule established is a new one and is found in Section 122 which reads:
No street, alley, or avenue, or portion thereof, shall be narrowed to a width of less than sixty-six feet except on petition duly recorded by the city. The city shall retain the fee simple of such strip or portion thereof. When any street is hereafter narrowed, the portion so vacated shall revert to the owners of the abutting property. The city shall retain the title to all streets that are vacated until sold and conveyed by deed.

Elbourne Makes a Concession.
City Clerk Elbourne has announced that he will recognize "Comblin's O'Brien" as chairman of the lighting committee and will deliver all proper documents into his hands. The clerk has also announced that after a conference with City Attorney Green, who held that Acting Mayor Zimmmerman acted squarely within his rights in the appointment, Mr. Elbourne was not inclined to make any concession. There is no certain conclusion yet. The rump has not caused any ill feeling between Zimmmerman and Elbourne. The latter called in the

Awards for Repairs to Guard House
Made at Instance of War Department.
Major M. Gray Zalinski, constructing quartermaster, U. S. Army, has received orders from Washington to award contracts for repairs to the guard house at Fort Omaha, as follows:
For steel work to the William Bayley Company of Springfield, O., for \$1,043.
For plumbing and heating, to J. J. Hanchen of Omaha, for \$2,027.
This award has been hanging fire for some time and action has now been taken at the request of Senator Mitchell, who took the matter up with the War Department.

COCAINE IS ALMOST FATAL
Young Medical Student Nearly Ends His Life with the Drug.
DISAPPOINTMENT IN LOVE THE OCCASION
Sweetheart Had Cancelled Engagement and Life No Longer Held Forth Any Inducements to Hastle.
Cocaine, taken with suicidal intent, almost ended the life of G. L. Brown yesterday at the Midland Hotel. The prompt attention of Dr. H. L. Arnold saved him. His sweetheart in Missouri had written him that he could consider their engagement cancelled, and in the resulting despondency he decided that death was preferable to life without her.

DOCTORS FOR MEN
We do not treat all diseases, but limit our practice strictly to diseases and weaknesses peculiar to men. To this class of diseases alone we have earnestly devoted all our professional life, and on them all our facilities are centered. The physician who tries to explore and conquer the whole field of medicine and surgery becomes proficient in no particular branch, while we have confined our study to the study of diseases and their complications, that cause and master them. We do not resign them upon our particular specialty. We have made a lifelong study of the diseases and weaknesses of men, and we have concentrated our attention on them. Our researches and scientific investigation, evolving a special system of treatment that is a quick, safe and certain cure. The specialists connected with the institute are eminently qualified to advise, direct and treat such cases, and a cure is effected within the briefest possible period and at the least expense. We successfully treat and speedily cure:
Stricture, Varicose, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases
and all diseases and weaknesses of men due to inheritance, evil habits, excesses, self-abuse or the result of specific or private diseases.
CONSULTATION FREE. If you cannot call, write for symptom blank. Office Hours—8 a. m. to 8 p. m. Sundays, 10 to 1 o'clock.
STATE MEDICAL INSTITUTE,
1308 Farnam St., Bet. 13th and 14th Sts., Omaha, Neb.

Nurse and Patients Praise Duffy's
Mrs. A. Schuman, One of Chicago's Most Capable and Experienced Nurses, Pays an Eloquent Tribute to the Great Invigorating, Life-Giving and Curative Properties of DUFFY'S PURE MALT WHISKY.
"For that weak, run-down and gone feeling, it is the best tonic and stimulant in the world."

Duffy's Pure Malt Whiskey
For more than fifty years Duffy's Pure Malt Whiskey has been prescribed by doctors and used in over two thousand leading hospitals as the purest and most powerful tonic-stimulant. Investigator, it is the very best tonic and stimulant for all weak and run-down conditions. At least twenty-five families use it in my own neighborhood, and when I go out nursing patients ask me to take for that "gone feeling" which I know that Duffy's is within their reach. It is used always.—Mrs. A. Schuman, 1101 Mozart St., Chicago, Ill.
