FREEZING TEMPERATURE COMES WITH IT

General Opinion that with the Exception of a Little Early Fruit and Garden Truck No Damage Has Been Done,

South Dakota Thursday reached Omaha and the rest of Nebraska yesterday afternoon. For a time it melted as fast as it fell, but later a considerable amount accumulated on the ground. The snow itself is not thought to be seriously harmful to fluids that might have exploded. fruit or vegetation unless accompanied by decidedly low temperatures. The consensus of opinion over the state is that the freeztruck and also the portion of the fruit

The weather bureau forecast is for clearing and warmer today and Sunday. LINCOLN, April 14 .- A fall of snow, heavy at times, prevailed throughout the afternoon and evening at Lincoln and in southeastern Nebraska. Tonight a coating of snow covers vegetation and the temperature fell to freezing. It is feared the result will be disastrous to fruit, many trees being in bud and blossom. The minimum temperature early this morning was 24. Early fruit was killed, it is feared, in every part of Nebraska last night, although the damage is confined to buds

relegram.) Snow fell to the depth of an inch and a half this afternoon, the fall being very heavy and lasting an hour and a half. There will be some damage to fruit in the city, but in the less protected country regions it is stated fruit trees had not advanced as far and little damage is feared. PLATTSMOUTH, Neb., April 14.-(Special.)-Last night was the coldest this month and ice formed on water exposed to the elements.

BEATRICE, Neb., April 14.-(Special Telegram.)-A heavy snowstorm set in here at o'clock this afternoon and this evening the ground is covered to the depth of two inches. Prospects are for a heavy freeze tonight.

WAYNE, Neb., April 14.-(Special Telegram.)-Early garden truck was damaged in this vicinity by a heavy frost last night. Snow has been falling here all afternoon and tonight, melting as it fell. It will be

of great benefit to vegetation. NORFOLK, Neb., April 14.-Snow heavily over northern Nebraska all day. Much melted as it fell, but the country is white tonight. Temperature, 19 degrees. LINWOOD, Neb., April 14.-(Special.)-After freezing a little every night this week it got down to 20 degrees above

thick. It caught some garden truck, but did not injure the oats any, as they were not far enough along. SCHUYLER, Neb., April 14.-(Special Telegram.)-The hard freeze last night did much damage to early garden truck and small fruit. This afternoon about five fections Piso's Cure is most effective. inches of snow fell and snow is still falling

at 8 o'clock, but melting fast.

COURT ORDERS VERDICT FOR CODY

No Criminal Act in Securing Bank

TECUMSEH, Neb., April 14.-(Special.)-The case of the State of Nebraska against A. Staples Cody for receiving stolen propwhich were opening prematurely. The Cody, who claims Midland, Mich., as his greater part of the crop is unhurt, as most home, came to this city a year ago with GRAND ISLAND, Neb., April 14.—(Special papers in his possession which disappeared simultaneously with the disappearance of the absconding cashier, C. M. Chamberlain, The papers included milling stock and a mortgage, and Mr. Cody is accused of trying to dispose of them here. He was apprehended at the time and bound over to await trial in the district court. Mr. Cody contended that he was an innocent purchaser of the papers and that he bought them of Mr. Chamberlain in Atlanta, Ga. After hearing the evidence of the state as submitted the judge instructed the jury to return a verdict of acquittal.

FARMER KILLED BY VICIOUS BULL

Animal Had Been Dehorned, but Trampled Man to Death. FRANKLIN, Neb., April 14.—(Special Telegram.)—E. L. Beck, a wealthy and prosperous farmer, was killed today at his farm three miles southeast of this place by a furious bull. Mr. Beck was out in a field working with the cattle when the bull attacked him. He had a pitchfork, which was found with the tines bent, showing he made a fight to save his life. The bull had been dehorned, but used his feet, stamping his victim into an almost unrecognizable mass. It was several hours before he was here last night and formed ice a half inch found. He was still alive, but so badly hurt nothing could be done to save him. Some time ago this same bull came very near getting Mr. Beck, a fence close by being the only thing which saved him.

ı	New Method of Buying Supplies.
1	New Method of Buying Supplies.

At its next meeting the Poard of Purchase and Supplies was attempt to revolutionize the manner of buying supplies for the state institutions and incidentally Land Commissioner Eaton will endeavor to shift some of the responsibility of keeping track of the records of the board onto some one else. To check up the contracts and to notify the successful bidders takes three or four people in the office of the land commissioner several days of hard work. The office is somewhat behind now on its own work and Mr. Eaton believes some way should be found where he would be relieved of some of the work.

The board expects to attempt to change the manner of buying supplies and buying larger quantities than heretofore and thus be able to save the state much money during the course of the year. At this time and heretofore the board has been buying from the lowest bidder according to the total and this is liable to be changed so that the lowest bid on each item will be

the successful bid for that item only. County Attorneys and Assessment. Attorney General Norris Brown has put up to the county attorneys of the state to see that county assessors do their duy in listing property at its full cash value, one-fifth of which is to be the assessed value. Through a letter sent out yesterday Mr. Brown notified the county attorneys of their duty. The letter is as follows: I beg to call your attention to those prothe county assessor and his deputies to value property at its actual value, 20 per cent of which shall be its assessed value. Such is the express command of section 12 of the revenue act. This provision is mandatory, and the assessor is liable to severe penalties if by neglect, or indifference, or agreement, or by intention, or in any way except by an honest mistake in judgment, he puts a value on the taxable property within his jurisdiction below the actual value thereof. The courts, both state and federal, are agreed in their holdings that the intentional under valuation of property by one set of assessors is a fraud on those taxpayers whose property has been assessed at its full value by another set of assessors. The state depends on you, as well as the assessors themselves, to see that they are informed of the law and that the law is obeyed. This is essential for two purposes: First, that there may be a just and equitable assessment of all property in the state. Second, that no foundation may exist for an injunction against the collection of taxes which are lawfully assessed.

I wish after an investigation that you would advise me if in your county last year the law was followed in this respect and report to me the names of the assessors, if any, who intentionally under valued property of any kind.

Omaha Men Forced Out.

Omaha Men Forced Out. The Northwestern National Life Insurance company of Minnesota, some of whose officers, who by the way are former Omaha men, were removed from office because of alleged misconduct in office, has been granted a certificate by Insurance Deputy Pierce to do business in Nebraska. Th former Omaha men who were connected with the company and who have been removed, were Fred J. Sackett, secretary, former county clerk of Douglas county, and W. F. Bechtel, president. The other offi-

cer removed was A. F. Timme, vice pres-

ident and actuary. Considerable has been published of the investigation of this company lately and the general impression in Nebraska is that the company has been barred from doing business. Such, however, is not the case It is learned from the insurance department that the Minnesota authorities and the board of directors of the company agreed on the following program in order to save the depositors from loss and to allow the company to continue in business

allow the company to continue in business. First—The members of the executive committee of the board of directors of the company to resign as officers and directors. This includes the president, secretary and vice president and actuary.

Second—A committee of citizens of Minneapolis, consisting of David P. Jones, mayor; ex-Governor John Lind and Messrs. Lucian Swift, F. A. Carl and B. F. Nelson, was selected whose fluty it should be to suggest to the remaining directors of the company persons suitable, in their judgment, to fill the vacancies just created.

Third—The action of the committee to be in the future ratified by the policyholders of the company at a special meeting called for that purpose, if such action was found necessary. The Union Pacific very modestly estimates The questions investigated by the com

mittee appointed for that purpose were: First—Is the financial condition of the company such that it could survive under proper and economical management? Second—Is the present management capable of placing the company upon a sound financial basis and of retaining the confi-dence of the policyholders and the public? The answer to the first question was 'Yes." The answer to the second question was, "Under the present management the company cannot survive." For that reason the officers were requested to resign. These new officers have been elected: L.

W. Collins, president; E. W. Decker and F. A. Chamberiain, directors. TRAVELING

MEN IN SESSION Liberally Entertained at

Nebraska City. NEBRASKA CITY, April 14 -- (Special.)-The eleventh annual state convention of the Travelers' Protective association of America met in this city today. The business houses are decorated with flags and the "T. P. A." colors, blue and white, are displayed in all the stores and show windows. The convention is being held at 763 Central avenue. In the first room an elaborate exhibit of the factories of the city is on display. Delegates began to arrive early this morning, but the largest delegation arrived from Omaha at 6 o'clock this evening over the Burlington

The meeting was called to order at 6:30 and a business session lasting until 7:30 was held. Various committees were appointed, after wisch the members adjourned to the Grand Pacific hotel, where they were tendered a home product banquet by the members of the local post. Every article of food served at the banquet was manufactured in this city.

The citizens are assisting in entertaining the visitors, who include many of the wives of the travelers. The women are being entertained by the families of the members

of the local post. The banquet was served under the super-422,722 The banquet was served under the super-24,413 vision of the Eastern Star lodge and the

SERIOUS BLAZE AT BARNESTON

Loss Estimated at \$20,000 Occasioned by Fire in Gage County Town. BARNESTON, Neb., April 14.-(Special Telegram.)-The store building and general erchandise stock owned and managed by Pat Rawley of this city caught fire about 1 o'clock this morning and was completely destroyed. The fire started on the north side of the building and when discovered had burned into the store room. A strong north wind was blowing and the interior of the building was soon a mass of flames The building was fifty feet wide by eighty feet deep. Loss on stock will be about \$10,000; on building, \$2,500; total insurance, \$4,000. Rawley will rebuild and resume business at once.

The building adjoining Rawley's on the east, owned by Nolan & McDonald and occupied as a saloon, caught fire between the ceiling and roof and on the frame window casings of the front. The building was saved by the bucket brigade, but it is badly damaged and the loss on it and the glassware and stock will be about \$10,000, which is covered by insurance. A peculiar feature of this fire is the fact that all the big fires of the last three years in the town have been in this block. Two years ago, April 9, there was a fire that wiped out three buildings; one year ago, April 12, a fire burned the corner building. All the fires have started after

midnight. Option on Telephone Line. BROKEN BOW, Neb., April 14.—(Special.)
-Hon. F. M. Currie, former state menator

from this district, has purchased J. E. Adamson's interest in the Central Telephone company, which, outside of a few shares, includes the whole plant. This purchase is subject to an option held by the Co-operative Telephone company, which expires June 1 of this year. The purchase price, as offered to the latter company, was \$31,000. If they do not raise the necessary amount of funds by that time, Mr. Currie will immediately commence making improvements. A new mtallic and longdistance line will be put in and various other improvements be made. About \$10,will be expended on the enterprise,

News of Nebraska.

YORK-Friday evening at the district declamatory contest held at Kearney Raiph Falkinburg won first place in the oratori-cal class. PLATTSMOUTH—"Posey" Messersmith, who has been employed in the Burlington switch yards here for thirty-one years, has tendered his resignation and will engage in the chicken business.

ment. At the Avery school it. I. Patterson was elected.

PAPILLION—County Treasurer Morrison has begun the work of preparing a list of property which will be embraced by the scavenger law. An extra force of clerks has been put on in that office in the hope of getting the list out in the shortest time possible. Mr. Morrison says he will make a clean sweep of all delinquent taxpayers and thus put his books in first-class shape.

PAPILLION—The long drawn out forcible entry suit instituted by Mrs. Theodore Monohan against Frank E. Davis in an endeavor to obtain possession of a portion of the old William J. Nelson farm, located in Plattford precinct, was tried and a final decision rendered yesterday before Judge Sanborn of Gretna. Mrs. Monohan succeeded in gaining a judgment for possession and the costs of the case.

HUMBOLDT—Indications point to a suc-

sion and the costs of the case.

HUMBOLDT—Indications point to a success in the movement to establish a new brick plant at this place. Investigation by experts regarding the deposits of clay have without exception proven the adaptability of it for the purposes required and it is expected the promoters will soon take active steps toward the organization of a stock company to begin operations. The supply of clay seems inexhaustible.

YORK—Accommodation train No. 161 The supply of clay seems inexhaustible. YORK—Accommodation, train No. 161. Which is due out of McCool at 8:25 p. m., was wrecked Wednesday night two and a half miles out of town. About fifteen persons were aboard, but no one was very seriously hurt. Four of the five boxcars were thrown from the track and more or less broken up. J. J. Nahrgang was bruised the worst. The total damage is estimated at about \$1,000. The wrecking crew from Lincoln came and cleaned up the wreck Thursday.

TECUMSEH—The lighting machine which operates the acetylene plant in McDowell & Ramsey's drug store here exploded without serious results. Mr. Ramsey and Mr. Pardee were in the cellar cleaning up the machine and were of the ordinion that all the gas was out of it. But it was not and when a lighted lamp was brought into close proximity the gas ignited and the machine exploded. The jar of the explosion was sufficient to topple bottles over on the shelves upstairs. Fortunately no one was injured.

finance; T. H. Burke, master of exchequer; K. C. Koons, master-at-arms; M. S. Wat-kins, T. H. Burke and K. C. Koons, trustees. T. H. Burke was commissioned deputy grand chancellor and G. P. Marvin was elected delegate to the grand lodge, which meets in Omaha next month. Grand Chancellor J. N. Kildow of Tork was present and addressed the meeting along Pythian lines.

BEATRICE—George Buchanan, a young man who has been employed by Kilpatrick Bros. & Collins on the construction work of the Marysville-Topeko cutoff near Onaga, Kan., was brought to his home in this city yesterday, having sustained a serious injury to his left leg. He was in charge of a pump operated by a gasoline engine and in reaching over to shut off the power his leg was caught in the gearing of the machinery, with the result that a piece of flesh about the size of a silver dollar was torn from the leg about half way between the knee and the hip, almost to the bone. The injury will confine him to his home for some time.

HUMBOLDT—A dangerous and delicate operation was performed last evening upon the person of Ernest, the 6-year-old son of Solomon Parker, who was several weeks ago shot through the intestines with a revolver. There were five perforations of the intestines and the youngstor was recovering nicely from the wound until within a few days, when he took a change for the worse. A medical examination revealed that adhesion of the bowels had taken place and yesterday the lad was operated upon by Dr. E. L. McCrae of Table Rock and Drs. M. L. Wilson and George Gandy of this city. The little fellow stood the ordeal quite well, but there is little hope that he will recover.

one of its good points. Mellin's Food can be adjusted and is suitable to the needs of the youngest infant as well as children of the more advanced age. It only takes a minute to prepare it as there is no cooking nec-essary. Send for a free sample.

Mellin's Food is the ONLY Infants' Food, which received the Grand Prize, the highest award of the Louisiana Fur-chase Exposition, St. Louis, 1964. High-er than a geld medal.

WELLIN'S FOOD CO. BOSTON, MASS.
