

# CASTORIA

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of

*Chas. H. Fletcher.*

and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

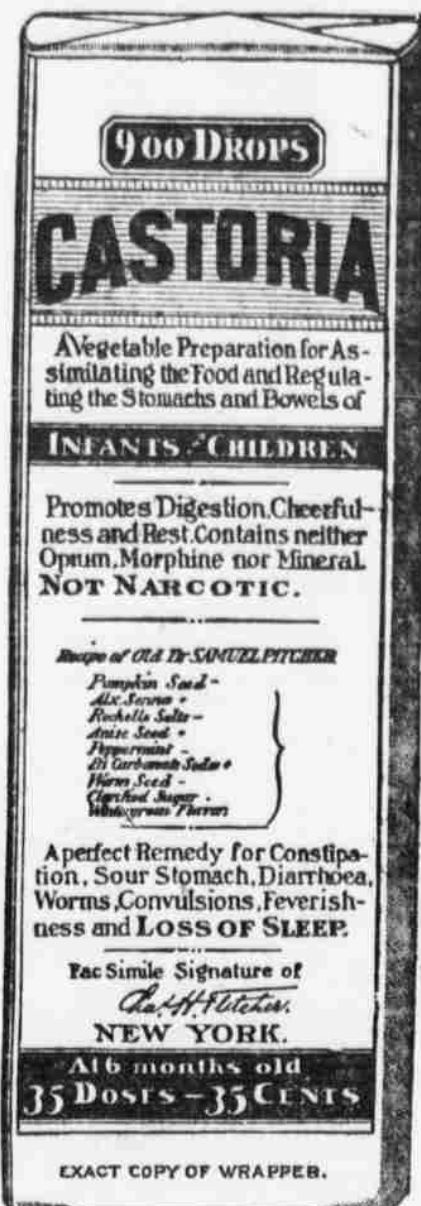

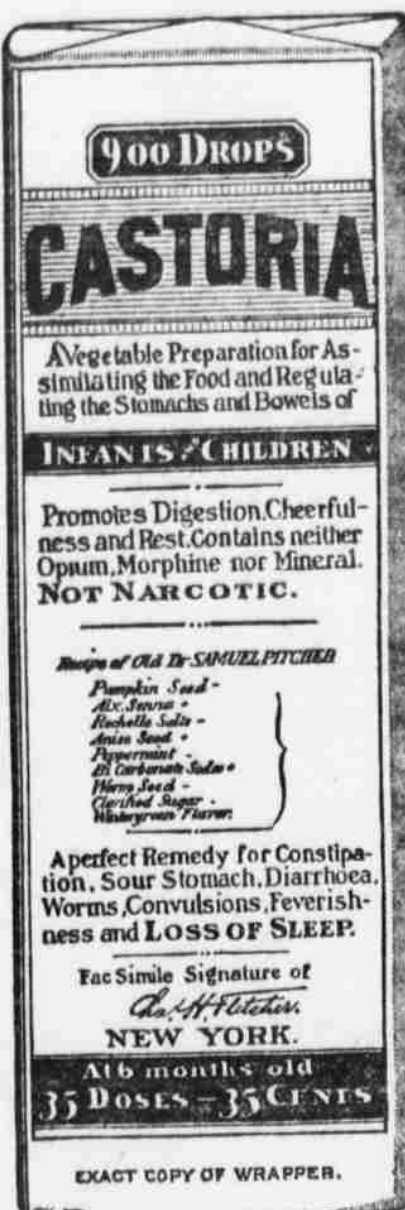

## WHAT IS CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—the Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Chas. H. Fletcher.*

### The Kind You Have Always Bought. In Use for Over 30 Years

#### NOT WITHOUT THE SAFETIES

Union Pacific Will Handle No Cars that Are Not Properly Equipped.

#### MOHLER ISSUES NOTABLE CIRCULAR

Indicates that Overland is Now Fully Outfitted in Accordance with the Law and in Common with Great Lines.

Vice President and General Manager Mohler of the Union Pacific has issued the following circular: "Notice is hereby given that the Union Pacific Railroad company will not accept from connections for handling over its lines, or for switching loaded or empty cars that will not pass inspection in accordance with acts of congress known as the 'safety appliances acts,' approved March 2, 1893, and March 2, 1900, or any amendments thereto." The circular has no particular significance at this time, except to show that the Union Pacific equipment has been fitted with appliances as required in the act referred to. Other western lines, and in fact all the large transportation lines, have fully complied with the law.

#### Motor Car Off for Las.

Union Pacific motor car No. 1 will start on its long trip to Portland, Ore., at 8 a. m. Sunday from the Union station. The car will run to Grand Island on Sunday and will have a week's service test between Grand Island and St. Paul before proceeding to Portland. From next Monday until Saturday the car will make the following schedule between the two stations mentioned: Leave Grand Island 10:30 a. m., arrive St. Paul 11:30 a. m.; leave St. Paul 11:30 a. m., arrive Grand Island 7 p. m.; arrive St. Paul 8 p. m.; leave St. Paul 8:30 p. m., arrive Grand Island 9:30 p. m. The round trip distance of this service test is forty-four miles and the fare will be \$1 for the round trip. The evening trips are arranged so that people in that territory

may see and examine the car at their leisure. A party of Union Pacific officials and newspaper representatives will be included in the party.

#### Railway Notes and Personal.

C. W. Astell, soliciting freight agent for the Union Pacific, has gone to California for an outing. General Manager Gardner of the Northwestern passed through Omaha Friday evening on his way from the west to Chicago for an outing. A. B. Hill of Chicago, traveling passenger agent for the Lehigh valley line, was seen in town yesterday. Mr. Hill played a one-day stand here. General Manager Holdrege of the Burlington has returned from a trip over the western division of the B. & M. with Vice President Willard. Among those who arrived at the Union station yesterday was Superintendent Nicholas of the Denver Union station. Mr. Nichols will spend Sunday with his railroad friends here. Assistant General Freight Agent J. O. Phillips of the Missouri Pacific has returned from a four days' trip through the wheat fields of Kansas. "The crop outlook at this time in Kansas is splendid," remarks Mr. Phillips. Frederick Montgomery and W. H. Garret, assistant general freight agents of the B. & M. and Union Pacific, respectively, have returned from a coal rate meeting held at Kansas City, the results of which meeting were explained Friday. Assistant Passenger Agent Buckingham is back at Burlington headquarters after a week's outing in the Big Horn country. Like everyone who has been through that country in recent months, Mr. Buckingham is enthusiastic over the development now in progress there. "Homes are springing up along the Big Horn river at a surprising rate and the prospects are that work on the government ditch will begin soon," says Mr. Buckingham.

#### INFORMATION FOR THE PUBLIC

City Engineer Wants Laws in Regard to Streets, Sidewalks and Paving in Pamphlet Form. City Engineer Rosewater has announced that he will have compiled and printed in pamphlet form, with the consent of the mayor and council, all the laws relating to paving, sidewalks and sewers and summaries, setting out in detail the procedure necessary to obtain improvements of this kind. As any number of technical regulations hedge in the course of such work in its preliminary stage, the information

will be valuable to the public. In addition it is likely that the specifications adopted for each class of work will be included. It will take some time to get up the pamphlet, but the city engineer thinks it will be worth more than the time and expense incurred.

#### TIRED OUT WIVES ASK DIVORCE

Sample Bunch of Petitions Filed in Douglas County District Court.

A truly specimen bunch of divorce suits were filed in the district court Saturday, all being by disappointed and disgusted wives. Addie E. Lauer wants release from Frank, whom she married in November, 1904, at Sidney, Ia., because, as she alleges, he has gone the limit in bad treatment. She charges that he has laid violent hands on her on "more than one hundred occasions," the last time being on April 13 of this year; also that he has failed to properly support and care for his family. Annie Miller was married to Christ at Papillion in November, 1896, and they have several children. She set forth that he has been neglectful of his marital obligations in a good many ways. She stood it all until he, as she charges, hit her with a buggy shaft and permanently injured her. She wants divorce, custody of the children and such other relief as the court may think proper to give. Agnes Hibeln would be released from Joseph, charging nonsupport and abuse that is intolerable. She also asks for a restraining order to prevent him from interfering with or bothering her in any way. They were married in Omaha in February, 1896. Della S. Distelhorst alleges that George A., her husband, abandoned her in August, 1904, and that she has waited in vain for him to come back. They were united in November of 1897. Mary D. Higgins is another patient and long-enduring wife, according to her petition against Jerome S. They have only been man and wife since May, 1903, and there is one child, which the mother wants. She also asks for alimony and \$50 attorney fees.

#### PIPES HAVE BEEN VALUED

Water Works Appraisers Finish One Phase of the Task Set for Them. Information received by City Engineer Rosewater from the water works appraisers, who have been meeting in Milwaukee, is to the effect that the work on the pipe lines, or distributing system, has been practically completed, the inference being that values have been agreed upon. This disposes of one of the biggest factors of the work. There is still a great deal to be accomplished, however, and the city engineer is not hopeful of a very early report. Additional information regarding the city's claims as to certain departments of the plant have been requested and sent to the engineers.

#### THE COMING PINAFORE BENEFIT

Bright Prospects for the Performance in Aid of the Orphans and Good Shepherds.

No good cause appeals in vain to the generous people of Omaha and South Omaha. This is strikingly shown in the substantial encouragement given those in charge of the operatic performance at the Boyd May 11, for the benefit of the Orphanage and Good Shepherd's home. Most of the boxes have been spoken for and at very liberal figures. The tickets will be issued Monday and fully \$50 will be required for the Knights of Columbus and their families. It seems certain every reserved seat will be sold long before the performance.

#### MOTHERS CONVINCED COURT

Judge Day Listens to Their Stories in Juvenile Tribunal.

#### BOYS WHO MISBEHAVE ARE CAUTIONED

One a Bully and the Other a Mischief and Both Ordered to Report to Probation Officer Bernstein.

Judge Day listened to the tales of two mothers Saturday morning in the juvenile court. One was a Bohemian woman and the other was a colored washerwoman who had "worked for one family for twenty years." In addition to these there were various other witnesses who gave testimony more or less pertinent against two unruly lads who were brought in on the charge of incorrigibility. As an incident of the colored woman's testimony, the man who complained of her boy was given a rather caustic touching up by Judge Day for sending his children to saloons after beer. Both mothers testified that they did everything possible to make the lads behave themselves, but that when out of sight they sometimes got into mischief. The court was convinced of the truth of their stories and both lads were allowed to go with a caution, on condition that they report to Probation Officer Bernstein once a week. The white boy will not attend school and does not go to church when he pretends to be leaving home, being also something of a bully. The colored boy is mischievous in his treatment of neighbors' children, but otherwise they are not bad boys, and Judge Day wants them to have a chance to brace up and behave.

#### COUNTY EXPENSES TO BE CUT

Commissioners Adopt Resolutions that Look to Saving Small Sums in Various Directions.

According to a resolution presented by County Commissioner Trainor and adopted by the board Saturday morning, no orders will hereafter be issued directly for drugs. The indigent poor who want medicine must get a prescription from the county physician which must be filled at the stipulated price of 13 cents, the price made by the firm which has the contract. In explaining his resolution Commissioner Trainor said the practice of giving orders indiscriminately for drugs has resulted in the growth of an abuse which has cost the county quite a sum of money. These orders have amounted to a rather large sum every month, in some cases almost \$100. His resolution was in line with the policy of the board to make all contractors live up to the letter of their agreement, and was adopted unanimously. On motion of Commissioner Bruning the agreement with the American District Telegraph company for signal box service in the court house and jail was ordered

#### Superfluous Hair

Removed by the New Principle De Miracle

A revelation to modern science, it is the only scientific and practical way to destroy hair. It's a new principle, based on scientific facts, and is the only one that is safe, permanent, and does not hurt the skin. It is the only one that is suitable for all kinds of hair, and is the only one that is suitable for all kinds of people. It is the only one that is suitable for all kinds of hair, and is the only one that is suitable for all kinds of people. It is the only one that is suitable for all kinds of hair, and is the only one that is suitable for all kinds of people.

#### Boston Store.

terminated on May 1. The expense of this service has been \$8 a month and the commissioner said the watchman can do all the work necessary without the aid of the boxes. This action is in line with the new policy of retrenchment where possible. Martin Hannegan was granted a license to sell liquor on a lot in Sheldon Place, in the south end of Douglas precinct. A protest against the granting of the license had been made, but the protestants did not show up. The Omaha Guards, for their annual entertainment and benefit of their armory fund, will present Gilbert and Sullivan's Japanese opera, "The Mikado," at the Boyd on Wednesday, April 26, with the Omaha Operatic association. An entirely new set of costumes will be in evidence, the orchestra considerably augmented and the scenery and decorations made more than usually attractive. Tickets are for sale by members of the guard, and are exchangeable for reserved seats at the box office on and after Saturday, April 22. The cost of the opera is as follows: The Mikado ..... Dalton Risley Nanki Poo ..... H. C. Jensen Ko Ko ..... Oscar Lieben Fish Tush ..... W. H. Smith Nee Nan ..... George L. Stern Yum Yum ..... Miss Hazel Livingston Pitti Sing ..... Miss Birdie Wilson Peep Bo ..... Miss Nellie McCann Kaktsha ..... Mrs. Will Ogden

#### CHICAGO JOBBERS ON TOUR

Commercial Pilgrims from Windy City Will Devote One Hour in Omaha.

A delegation from the Chicago Commercial association will be in Omaha May 4 for one hour, arriving here at 7 o'clock in the evening from Columbus, Neb., and leaving at 8:05 o'clock from Chicago. The Chicago people evidently somehow have heard of the Omaha Commercial club trade excursions and have thought them an excellent idea. The party is to be composed of F. P. Armbruster, crockery; Frederick Bode, millinery; J. E. Debebaugh, secretary of the association, lumber; John H. Harsell, its chairman, optician; W. H. Haynie, steel; Frank Hibbard, hardware; W. F. Hayes, treasurer, dry goods; E. U. Kimbark, paper; E. MacVeagh, groceries; John McCarthy, banks, and John G. Miller, clothing. The party left Chicago April 12 and will get back home May 5. They will go through St. Paul, Fargo, Billings, Butte, Helena, Spokane, Seattle, Tacoma, Portland, The Dalles, Boise, Salt Lake City, Cheyenne, Denver, and in Nebraska, Kearney, Grand Island, Columbus and Omaha. The Commercial club here will not make any demonstration of welcome. It is intended, however, that the customers of the Chicagoans will meet them at the train.

#### MIKADO FOR OMAHA GUARDS

Gilbert and Sullivan Opera to Be Given at Boyd's on Wednesday of Next Week.

Rev. Thomas Anderson has been called to the pulpit of the First Baptist church at Wheeling, W. Va., and has accepted the call. He will begin his pastorate there Easter morning. Mr. Anderson will leave next week for his new home and after making the preliminary arrangements will return for Mrs. Anderson. This call comes from an unexpected quarter, as the former

#### ANDERSON GOES TO WHEELING

Former Pastor of Calvary Baptist Called to a West Virginia Church.

Roller Skating Closes This Week. The season of roller skating at the Auditorium will close next Saturday night, and a number of special events are scheduled for the closing week. On Tuesday night there will be an exciting mile race in which three or four of the fastest skaters in Omaha and one young man from Chicago will compete. On Wednesday night there will be an obstacle race and fancy skating. Thursday afternoon will be ladies' day as usual. On Thursday night will occur the second and closing Costume Carnival of the season, in which all who appear upon the floor will be required to wear either a mask or costume. Skaters may take their choice of the costume or the mask or both if they wish. Private inspection at the door will be required in order to protect the patrons of the rink from the admission of objectionable persons. Friday night there will be a half-mile race and general skating, and Saturday night will be given over entirely to general skating. Music every night and Thursday afternoon by Dimick's band.

#### An Interesting Exhibition.

A visit by a Bee reporter to the display rooms of Sunderland Brothers Co. revealed the fact that there are a great many modern construction schemes and materials of which the layman has not learned. One of the offices at 108 1/2 Harvey street is a large room, 25 by 60 feet, maintained solely for the purpose of showing up-to-date construction materials and how they are used. Fire-proof partitions, metal ceilings, plastic ornaments, metal lathe, etc. The main exhibition is in the line of face brick, press brick at prices to meet the purse of the owner, all shown in large panels of actual masonry, from which the builder can see just how the brick would look in the wall. Prospective builders, contractors and architects are invited to visit this exhibit.

We wish to thank our many friends and neighbors, especially the G. O. W. and N. A. B. E. for the kindness shown us in our sad bereavement in the loss of our husband and father.

MRS. C. OSHLO and FAMILY.

Mr. H. Heyn, photographer, is not now in original location, but at 218-20-23 S. 15th St. Two-story building west side of street.

#### GORDON'S CASE AGAINST ELLER

Suit for Money Alleged to Be Wrongfully Held Before Judge Sears.

In the case brought by Samuel I. Gordon to have Attorney Edler show cause why he should not pay into court \$1,000 alleged to have been secured without due warrant of law Judge Sears heard argument Saturday morning. For the defendant Judge Ben B. Baker argued that it is beyond the province of the court to assume jurisdiction in an action of this kind. He asserted that the proper and only way for Gordon to proceed is by a suit against Eller directly and not by an order to show cause. Judge Holmes, for the plaintiff, took the position that the method followed in instituting this case is regular and warranted by a long line of authorities. In order that he have time to look up and present these arguments the case was continued until next Thursday morning.

#### Formula in Every Book Proves the

newness and efficacy of DINNER'S DIGESTERS, taken before meals. At Myers-Dillon Drug Co.

#### Attention.

Rathbone Sisters, Lillian temple No. 1, you are requested to meet at Sister Schnauber's, 138 Chicago street, by 1 p. m. Sunday, to attend the funeral of the late Mrs. Rawlston. All Rathbone Sisters invited. Funeral from Unity church, Seventeenth and Cass streets, at 2 o'clock.
