

CURRENT COUNCIL BLUFFS

DIRT ORDINANCE COMES UP

City Council to Consider Law Looking to Protection of Paved Streets.

MUCH OPPOSITION TO MEASURE

Many Citizens Regard Its Provisions as Altogether Too Drastic and Penalties Too Severe.

The ordinance regulating the hauling of dirt over paved streets is slated to come up on its second reading at the meeting of the city council tonight. The proposed measure is meeting with considerable opposition, as many consider its provisions altogether too drastic.

The ordinance in substance provides that it shall be unlawful for any person or persons, company or corporation to haul or authorize to be hauled any earth in excess of ten cubic yards over, across or along any paved street or alley without a permit from the city clerk and approved by the city engineer.

The application for the permit shall estimate the number of yards of dirt embraced in said work and a description of the vehicle in which said earth is to be hauled and shall accompany such application with a deposit in money equal to 1 cent per cubic yard proposed to be moved before entering upon said work the applicant shall present the permit, together with the vehicle or vehicles intended to be used, to the city engineer, who shall, upon examining the said vehicles, certify on said permit that said vehicles comply with the ordinance and are fitted for the work therein intended.

It shall be the duty of the chairman of the committee on streets and alleys when any person operating under a permit shall fail to remove dirt spilled on the streets within twenty-four hours to have the same done and the cost to be taken out of the money deposited by such person in applying for a permit. If this should prove insufficient then the committee will have the right to stop any further hauling until an additional amount sufficient in the opinion of the chairman of said committee to maintain the streets, sidewalks, etc., free from dirt during said hauling.

The penalty for violation is a fine of not less than \$2 nor more than \$50.

Rooms and cafe, Ogden hotel.

District Court Reconvicts

Judge Wheeler will reconvene this morning the March term of district court, which has been hastily denominated by Judge Burns case. The March term should have opened on March 14, but Judge Wheeler was compelled to hold court at Sidney for Judge Thornell in place of presiding here. The trial jury has been summoned for today and the following cases are assigned: W. C. Utterback against John Lancer, and E. C. Smith against J. W. Dixon and others. For Tuesday the personal injury damage suit of J. M. Stevens against the Citizens Gas and Electric company is set for trial. The plaintiff is driver of Fire Chief Nicholson and, with the chief, was injured while driving to a fire on the city streets. A group of earth from an excavation, caused by the gas company upset the chief's rig. It is claimed that the mound of dirt was not protected by danger signals.

County Teachers' Institute

County Superintendent McManus has announced that the Portawanna County Teachers' institute will be held during the week commencing Monday, June 12. The list of instructors is not yet complete, but will include Dr. R. W. Howarth, Chicago; Miss Nadine Crump, Minneapolis; Superintendent M. E. Crozier, Avoca; Principal F. C. Ensign and Prof. R. L. Thomas of the Council Bluffs high school and Miss Lucille Porterfield, supervisor of music in the city schools.

Superintendent McManus is planning to secure Dr. F. C. Eastman of the state normal school at Cedar Falls, Dr. Isaac Loebe of the State University of Iowa and Dr. A. R. Crook of Northwestern university to deliver lectures during the institute. Dr.

PUBLIC SCHOOLS REOPEN TODAY

All Pupils Who Do Not Have Vaccination Certificates to Be Excluded.

In enforcing the order of the Board of Health's edict as to vaccination when the public schools reopen this morning no attempt will be made to keep out such pupils as have been vaccinated by the internal or homeopathic method. Every pupil presenting a certificate of vaccination properly signed by a physician of reputable standing will be admitted. The certificate will be then turned over to the Board of Health for it to deal with as it deems fit. Thus the question of repudiating the certificates issued to those vaccinated by other methods than that of vaccination will be left up to the Board of Health. In case the Board of Health orders that all teachers and pupils vaccinated by the internal method be debarred from the schools the order will be enforced.

It is expected that between 1,500 and 2,000 pupils will be sent home today on account of non-vaccination. Superintendent Clifford stated yesterday that he had been advised that all of the teachers had been vaccinated in some manner. The janitors, it is said, have all complied with the order with the exception of Ralph Simpson of the Washington avenue building. Mr. Simpson is an aged man and on this account has been somewhat fearful about running the risk of being vaccinated. It is thought that he can come under the clause claiming exemption, as provided in Judge Green's decree.

Attempt to Rob Residence

A strange stranger giving the name of William Hughes, but whose right name is believed to be William Earle, was arrested by the police last evening, charged with attempting to break into the residence of James Bone at 549 Washington street. The fellow first tried to open the front door of the house, but neither of the two skeleton keys he carried would work. He then went around to the back and succeeded in unlocking the kitchen door, but this was latched on the inside. Miss Bone, who was alone in the house, heard the fellow unlock the back door and screamed and he started away.

The police were notified by telephone, but by the time an officer reached the house the fellow had disappeared. He was shortly afterward arrested by Detective Callaghan just as he was about to board a motor at Fifth avenue and Pearl street. When searched at the city jail the fellow was found to have on him a .32-caliber revolver, eleven chamber loaded; two skeleton keys, \$15 in silver and 25 cents in small foreign coin. The pennies, the police suspect, are the proceeds of some robbery. The suspect gave his name as William Hughes, but in his pockets were letters from Kansas City addressed to Bill Earle. He is minus his right arm. Neighbors of the Bone family who saw the fellow trying to get into the house identified Earle at the city jail as the man.

Funeral of Miss Van Order Today

The funeral of Miss Elizabeth Van Order will be held this afternoon at 2 o'clock from the family residence, 1024 Seventh avenue, and burial will be in Fairview cemetery. The funeral will be held at 2 o'clock from the residence of the deceased, 1024 Seventh avenue, and burial will be in Fairview cemetery. The funeral will be held at 2 o'clock from the residence of the deceased, 1024 Seventh avenue, and burial will be in Fairview cemetery. The funeral will be held at 2 o'clock from the residence of the deceased, 1024 Seventh avenue, and burial will be in Fairview cemetery.

Members Emmet Tinley and W. E. McCarty of the Board of Education are inaugurating a movement to have the system of vertical writing in the public schools of the city and the writing system re-established. The question, it is said, will be brought up at the May meeting of the board.

There will be services this week at St. John's English Lutheran church on Tuesday evening at 7 o'clock. The services will be held at 7 o'clock. The pastor, Rev. G. W. Snyder, will occupy the pulpit Tuesday and Friday evenings. The choir will rehearse the Easter music Monday, Wednesday and Friday evenings.

Prof. Arty Hurt in Fall.

CEDAR FALLS, Ia., April 16.—(Special.)—While on the street this morning, Prof. M. F. Arty of the Iowa State Normal school faculty suffered a fall which caused an injury to his shoulder. A physician was summoned and he was assisted to his home. Prof. Arty is one of the oldest and best known instructors in the state.

If you have anything to trade advertise it in the For Exchange column of The Bee want ad page.

POWERS OF CHARTER CITIES

Interest in Probable Action of Iowa Supreme Court in Railway Assessment Case.

ALGONA COMPANY TAKES LEAD

Stout City Militia Companies Are a Close Second in Race—Showing of Report of Inspector General.

(From a Staff Correspondent.)

DES MOINES, April 16.—(Special.)—Another term of the supreme court has passed and no decision in the charter city assessment cases. While there is no definite knowledge to that effect it is generally supposed that the six members of the supreme court are in a deadlock over the cases. Ordinarily if the supreme court is equally divided on a case it in effect sustains the action of the lower court. But in this instance there were two cases from two lower courts, one decided one way and the other the other way, and the two cases were consolidated. A disagreement of the court therefore in this case leaves the question decided one way in one county and another way in the other county.

The district court of Scott county held that cities under special charters could assess railroad properties at 100 per cent of their value if they saw fit and the Milwaukee railroad, against which the suit was brought, appealed the case to the supreme court. In this connection the district court held that special charter cities could not assess at the full value and could only assess at 25 per cent of the value, and the city in that case appealed to the supreme court. There are seven special charter cities in the state, and as they are all large cities the railroad property in each is large. Some of these cities are now assessing at the full value, while others are taking but one-fourth the value and the railroads and lawyers are waiting with interest for the decision of the supreme court, which has now been delayed for over a year.

Algona Takes Lead

The standing of the companies of the Fifty-sixth regiment of the Iowa National Guard, as shown by the report of the inspector general, gives Company F of Algona the highest rating in the regiment with a per cent of 95.5. The two companies from Stout City are close behind them and but 2-10 of 1 per cent of a difference between them. Company L of Stout City has a per cent of 95.6 and H has 95.4. The lowest company in the regiment is Company C of Webster City with 78. This gives the regiment a very high average. The other companies are: Band, 91.8; A, Mason City, 86.4; D, Rock Rapids, 84.8; E, Sheldon, 83; G, Fort Dodge, 82.2; I, Boone, 81; K, Emmetsburg, 80.5; Sac City, 80.2.

Writes to Governor Folk

Governor Cummings Saturday addressed a letter to Governor Folk of Missouri in compliance with a request from parties in that state who desire a maximum freight rate law. In substance the letter states that the local freight rates of this state have had a very beneficial effect on the business of the state, though the state has no maximum freight rates. In conformity with an act of the legislature in 1888 the railroad commissioners published a schedule of rates which, according to law, is held prima facie evidence of reasonable rates, and this has been in force since that time and the railroads have obeyed it and the enforcement is held to be of most noted benefit to the state, especially to the wholesale interests. The governor states that any suggestion of an appeal of these rates would be vigorously contested and that while the factories have not been developed in the state, this is due more to railroad discrimination through interstate traffic which at present forms the basis of a most determined movement to enlarge the powers of the Interstate Commerce commission.

Submit Whipping Case

The question of whether or not the father of a giddy girl has a constitutional right to horsewhip the young man who assists the girl to slope with another fellow is to be submitted to the supreme court at the next term. The case will be submitted on oral argument during the second period of the May term, which opens June 6. Helene Jackson of Villisca was the daughter of Dr. D. W. Jackson, the leading physician of a most determined man in love with one Newell Weyer. The father frowned on the youthful attentions of the young man and Clarence Shoemaker and Agnes Lumbard, two clams, assisted them to slope. The father discovered a letter against the house one night and his daughter gone. He found young Shoemaker in the street, but he professed innocence and the next day admitted he had driven the young woman to an adjoining town. The doctor invited the young man to his office, where he was given a good whipping. The lower court assessed the damages at \$200 and the doctor appealed.

Important Gatherings Coming

A number of important gatherings and conventions are to be held in the state within the next two or three months. The meeting of the State Bar association in Des Moines July 13 and 14, the bankers' convention June 15, the biennial meeting of the State Federation of Women's Clubs in Waterloo, May 19 and 21, and the celebration of the fiftieth year of the Christian denomination in the state are perhaps among the more important. The Bar association and state banks will each take up important matters which will be recommended to the legislature. Of the other conventions to be held in the state these are the most important: Grand Army of the Republic encampment, Oskaloosa, May 19-21; Dental society, Des Moines, May 2-3; Medical society, Des Moines, May 16-17; Woman's Club, Waterloo, May 16-18; Christian Jubilee, Des Moines, May 15; Music teachers, June 1; Saints' brothers, June 1; Masonic grand lodge, Davenport, June 6-7; Catholic Foresters, Des Moines, June 12; State bankers, June 14; Good roads, Ames, June 15; Bar association, Des Moines, July 13-14; Pythian, Des Moines, in August.

Soldier Decision Next

Chief Justice John C. Sherwin of the supreme court is authority for the statement that the decision in the soldiers' preference law will likely be handed down at the next period of the court, which will open May 2. The case is being watched with great interest by the Grand Army of the Republic of the state, which carried the case to the supreme court.

New City Officers at Missouri Valley

MISSOURI VALLEY, Ia., April 16.—(Special.)—At a recent meeting of the city council B. H. Harris was chosen city printer and J. Thompson as engineer at the city pumping station.

Front in Jefferson County

DES MOINES, April 16.—Front last night severely damaged hundreds of acres of oats and small fruit in Jefferson county. Many farmers will lose heavily.

MORMONS ORDAIN MINISTERS Latter Day Saints Conference at Lamoni, Iowa, Has Busy Day. THREE SERVICES IN EACH ASSEMBLY ROOM Project of New Building Will Probably Come Up for Discussion Early During the Week.

LAMONI, Ia., April 16.—(Special Telegram.)—The attendance at the various devotional services at the Latter Day Saints conference today was very large. Both upper and lower auditoriums were filled simultaneously. Patriarch Alexander H. Smith, brother to the prophet and president of the Order of the Evangelical Ministers addressed the crowd in the main room, while Elbert A. Smith of Burlington, Ia., occupied the pulpit in the lower room. The latter is nephew to the prophet and the patriarch, being the only son of David H. Smith, posthumous son of Joseph Smith, the seer.

At the afternoon social services, the president of the Independence, Mo., stake, George H. Hulmes, and his two counselors were in charge in the upper auditorium and Roderick May Bishop of the Independence stake, with his two counselors, presided over the meeting in the basement. Services were held this evening in both rooms of the church and at the Saints' homes.

At the beginning of the services the ordinations provided for at yesterday's business session took place. These candidates to the office of seventy were all young men who have been out in the missionary field already several years and have proven their valor and ability by hard labor. The accepting of this ordination carries with it grave responsibilities that can only be met by hearts fully consecrated to the service of God. For it requires that all worldly attachments shall be given up and that the minister shall hold himself ready and willing to be sent to any quarter of the globe, there to prosecute his labors away from home and loved ones and perhaps amidst most bitter privations and persecutions. Those who were ordained to this office were: David A. Anderson, Iowa; Wardell Christy, Iowa; Will E. Hayden, Missouri; John Becker, Ohio; E. J. Goodenough, Michigan; Charles Harp, Iowa; James T.

TOLENGE of this city, as attorney for W. H. Reinschmidt of Lynch, Neb., filed a charge to an indictment charging Reinschmidt with shipping game in violation of the national game law, and with not having had the package properly marked, as the law requires. Judge Carnd ordered deported from the United States, which related to having shipped game unlawfully, so Reinschmidt will be tried only on the charge of not having properly tagged the package. The shipment consisted of 160 quail and was delivered to a common carrier at Wegner, S. D., for shipment to Chicago.

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dimples. No cough, no indigestion. All on account of

administered by a mother whose love was tempered with common sense. She knows that OZOMULSION is a fountain of energy for grown-ups, too. It stops waste of flesh. It makes plenty of rich blood. For pale, feeble folk it is the chief nourisher at life's feast. It cures Consumption when taken in time. All druggists sell it—50 cents and \$1.00 the bottle. Let us send you

Free Sample Bottle by Mail

Write letter or postal to OZOMULSION CO., 68 Pine Street, New York.

DAVIS, Missouri; Jasper Dutton, Nebraska, and E. Robertson, H. E. French was ordained second counselor to president of fifth quorum of elders. Four persons were baptized this morning and confirmed this afternoon.

It is thought that the conference will soon draw to a close unless something of importance is developed from some of the reports still pending. If the question of building a large assembly hall is taken up it may create much discussion. It is conceded by all that no building now owned by the church is large enough to accommodate all who attend these world's conferences. Several quorums have so many members that it is not always easy to find a room large enough for the daily sessions throughout the conference. Thus it is deemed advisable to build a large assembly hall with plenty of auxiliary rooms wherein the quorums can meet separately and the whole body of conference members may hold their various sessions together. The location will be widely discussed if such an assembly hall shall be contemplated whether at Lamoni, present headquarters, or at Independence, the ultimate Zion of this people.

CHINESE PROVES NATIVITY

Lee Sing of Elk Point, S. D., Who Was Born at San Francisco, Will Not Be Deported.

SIoux FALLS, S. D., April 16.—(Special.)—As the result of a hearing before Judge Carland of the United States court, Lee Sing, a Chinaman who resides in Sioux Falls, and who, with another of his brethren residing at Elk Point, was recently ordered deported from the United States, was declared to be a native-born citizen of the United States. A Chinaman living at Sioux City was the principal witness for Lee Sing when his appeal from the action of United States Commissioner Carland of this city, in ordering him to be deported, came on for hearing before Judge Carland. The Sioux City Chinaman testified he was present at the birth of Lee Sing at San Francisco in 1858. This testimony could not be disputed and therefore had to be accepted as final and Lee Sing will continue to be a legal resident of the United States.

Tore Tengel of this city, as attorney for W. H. Reinschmidt of Lynch, Neb., filed a charge to an indictment charging Reinschmidt with shipping game in violation of the national game law, and with not having had the package properly marked, as the law requires. Judge Carnd ordered deported from the United States, which related to having shipped game unlawfully, so Reinschmidt will be tried only on the charge of not having properly tagged the package. The shipment consisted of 160 quail and was delivered to a common carrier at Wegner, S. D., for shipment to Chicago.

New Terminal at Aberdeen

ABERDEEN, S. D., April 16.—(Special.)—Prominent officials of the Great Northern railroad have been in Aberdeen within the past few days sounding aldermen and property owners regarding an inlet into the business heart of the city. They have also opened negotiations with the owner of the Park Place hotel, directly opposite

the new Brown county court house, and have also figured on the property in the neighborhood of Main street and Tenth avenue for station purposes. There is but little doubt that both the Great Northern and the Northwestern will make a strong effort to obtain inside station grounds in Aberdeen this summer. The Northwestern people are understood to have figured on the Park Place hotel property several months ago.

Wires Under Ground

ABERDEEN, S. D., April 16.—(Special.)—The Dakota Central Telephone company has presented a petition to the city council asking permission to place its wires in the business part of town underground. The council will undoubtedly grant the required permission and pass an ordinance governing the subject. The company, when the permission is obtained, intends to expend at least \$30,000 in improvements on its local system. It proposes to substitute for its present plant the "central energy system," by which all power is located at the central plant and the batteries in the phones of subscribers are done away with. A new switchboard with a capacity of 4,000 wires and costing \$12,000 will also be installed. The underground wires to start with will cover the business of the company from the avenue north of the Milwaukee tracks south to Nicollet avenue and from Lincoln to First streets. Later the underground system will be extended. The proposed changes will give employment to a large force of workmen throughout the summer.

Improvements Long Delayed

PIERRE, S. D., April 16.—(Special.)—Yesterday two old-time residents of this county, who proved up on pre-emption over twenty years ago and left for eastern states, returned to begin permanent improvements on their lands, which they have held for all this time, and will make their homes on these farms which they acquired so many years ago. The two men are Henry von Ach, whose land is on the river about ten miles northwest, and George Place, whose location is northeast of the city. The Wednesday night freight brought four cars of emigrant goods, one owned by P. A. Toomey, who comes from Chicago, the others by J. M. Henry, from Clinton, Ia.; E. L. Frye, from Valley Junction, Wis., and by H. J. Smith, from Heron Lake, Minn. All these parties will go out into Stanley county to make permanent improvements on lands filed on last fall.

DEATH RECORD

Mrs. John Whaley. TABLE ROCK, Neb., April 16.—(Special.)—Mrs. John Whaley, one of the pioneer settlers of Pawnee county, died Tuesday night at the residence of her daughter in Pawnee City, in her 84th year. Her husband, the late John Whaley, came to this county from Michigan with his family more than forty years ago and located on Chicago farm, about six miles southwest of here, where they resided for many years. Since the death of her husband, a few years since, she has made her home with her daughter, Mrs. Colony. She leaves four children, Gideon Whaley, Mrs. A. C. Colony and Mrs. F. E. Washburn, all of this county, and Mrs. L. C. De Conders, who lives in the far west. Her son-in-law, Lou C. De Conders, was county clerk of this county from 1867 to 1877. Funeral services were held Thursday at the Methodist Episcopal church in Pawnee City, of which she had been a member for many years.

W. H. Cutler

HASTINGS, Neb., April 16.—(Special Telegram.)—W. H. Cutler, an old resident of Hastings, died this morning of Bright's disease. The funeral will be held Tuesday.

THE HISTORY OF CHAMPAGNE—No. 3

BENEDICTINE MONK named Dom Perignon, noticed that grapes from some soils imparted fragrance, others flavor, etc., to the famous Champagnes of Old France, and he hit upon the idea of blending the produce of several vintages.

All the delicate skill of Champagne's inventor, crowned by centuries of improvement, are known to the makers of

Great Western

Extra Dry

the fragrant, clear and fine product of the oldest vineyards in New York State.

The age of these vineyards has made it possible to attain the chemical conditions of soil which have imparted to foreign Champagnes their peculiar quality.

This has not been accomplished in any other American vineyards, and is due to the long period of cultivation with scrupulous care.

Great Western is the finest American Champagne—the only one granted a gold medal at Paris.

Actually equal to foreign Champagnes at half the price. The duty, not the quality, makes the difference.

We invite comparison.
