SOCIAL EVIL TO BE OUSTED

Ministerial Union Decides to Enter on a Crusade Against Vice.

MATTER DISCUSSED AT MONTHLY SESSION

Members Who Have Walked Through Proporibed District Tell of the Conditions They Observed Down There,

It is possible that Omaha church people may declare a special blockade of the tenderloin. Such a thing was done in Los Angeles, where the people arose with mob violence and camped in the streets of sin. praying and singing, and by the very power of numbers and the force of ensurance discouraged the people of the half world and their friends, and in the end made possible legal measures which wiped out the flaunting headquarters of

Action along this line was brought up for consideration Monday at the monthly meeting of the Omaha Ministerial union by the receipt of a letter from Dr. C. Kendall, general secretary of the National Purity conference, who is planning a trip through the cities of this part of the country during Msy, and who wishes to come to Omaha and meet the local divines in a brotherly conference which will lead to a series of meetings aimed at the social evil. After a long discussion a committee of five ministers was named to consider the advisability of opening such a campaign at this time.

Dr. T. V. Moore's Conclusions.

"Butte is generally considered the worst town in the United States," said Rev. T. V. Moore of Westminster Presbyterian church, "but Butte does not approach We have here one of the most shameful exhibitions anywhere. Young boys are in the habit of riding through the streets on their wheels where they may learn in this flaring school. I am not one of those who think that sin is better when it 's covered up. A young man in the railway headquarters, in speaking of it, said we should take shotguns and clean the place out. He was extreme, of course, but we should take some action.'

Dr. Moore explained how he had happened to pass through the streets of the burnt district one cold winter night to learn for himself the truth of these stories He said he was accosted at least fourteen times. He said the women were in the evening dress of social life, or in a worse garb altogether.

Dr. Hubert C. Herring of the First Congregational church endorsed these sentiments. He told of the campaign in Los Angles where "they had the 'crib' system, more of it, but no worse than we have here in Omaha." He said the effort there had ridded the California city of its open faunting disgrace.

Rev. A. S. C. Clarke of Lowe Avenue Presbyterian church said he had never seen any of these things, did not go to that part of the city. He said the vice was located in a district to which the evil persons are forced to go.

A Council Bluffs delegate said it was not necessary to go to the burnt district to see. He said any one riding back and forth on the Council Bluffs cars as he did could see any day women running about the streets in a half-naked condition.

Dr. Herring took exception to the remark of Dr. Clarke about not visiting the part of town under discussion, as in some manner reflecting on himself and Dr. Moore He said it was the business of the ministers to know about this source of pollution so as to rotect the boys and cover it up.

Dr. Dutcher Knows It Too. "I, too, have passed through abominable streets," said Dr. S. D. Dutcher of the First Christian church. "I can bear testimony to the accuracy of everything that has been said about these things; and much worse could be said too. Then there are the men who hang around the borders of this part of town-commer-

thing I ever saw.' bers of the union are subject to these they create some commotion in the papers priced officer of the municipal government and end by forgetting it all. He moved that a committee of five be appointed to consider the advisability of making a sustained attempt.

Dr. Herring thought the bluster of the ministers had had a good deal of effect. "We often accuse ourselves of bluster and accomplishing nothing by it," he said. "This is. I think, too much modesty on our part. I think our bluster accomplishes something. I see by the morning papers that a personal liberty league has been formed to fight the biggots and cranks who are making this town so deadly moral that they are hurting business. Our bluster has had enough effect to make them think it worth while
