BURLINGTON RAILROAD PAYS

Statement Shows Net Earnings in Nebraska Almost Six Millions.

TOTAL FOR ENTIRE SYSTEM NOT GIVEN

Statement of St. Joseph & Grand Island Shows Decrease in Assets and Earnings, but Higher Value for Stock.

(From a Staff Correspondent.) LINCOLN, April 17 .- (Special.)-The Burlington railroad in Nebraska during the last year cleared above all of its expenses \$5,966,654.58. What the system cleared throughout the United States the report does not show, the fluancial statement showing merely the Nebraska statement, except the capital stock. This statement, together with the statement for the entire system, has long been wanted by the sta board, but heretofore the roads have ma the financial statement merely for the s tem and claimed to be unable to secure statement of the Nebraska earnings. The year, however, it omits the earnings the system outside of the state. The stament shows this:

Gross earnings in Nebraska \$15,464,978 Operating expenses in Neb. 8,930,00 Taxes paid in Nebraska. 539,2 Net earnings in Nebraska. 5,996,6 The report does not say whether amount spent in taxes was actually p out or whether some of it is that which still in litigation and the payment which it is contesting. The report stathat none of the stock has been on

market for three years and quotes value. The capital stock all paid amounts to \$110,839,100. Bonds have been issued for 2.168.63 mi n Nebraska and 610.38 miles in states w of the Missouri river to the amount \$53,470,000, less \$16,619,637.43 in the sinki fund, leaving the net debt of the systematical west of the river \$26,437,362.57. The 1 braska proportion of that debt is 78.02

cent, or \$28,428,429.28, or making the bond

debt for Nebraska \$10.887 a mile.

The report says nothing of any divider and neither does its author make totals of the value of its tangible pr One item in the report which, if the me

bers of the late legislature and members of previous legislatures would look up, it would show them that the argument urged by the railroad attorneys that to tax the Omaha terminals for city purposes would be to take away from the school funds of the western countles just that much money was a delusion and a snare. The Burlington depot in Omaha is returned to REPUBLICAN VALLEY & WYOMING western railroad, which has a total mileage of 51.79 miles. That is how far the Burlington depot and the Burlington terminals in Omaha is scattered over the state, just 51.79 miles. And, according to the records, it has always been scattered over that small portion of the system if it was ever scattered at all. This mileage is | day shows a peculiar situation. The road distributed among the counties as follows: Douglas, 4.86; Sarpy, 14.87; Cass. 1.02; Saline, 18.02, and Gage 12.02. Pive countles out of the ninety in the state get in on

the distribution. The three classes of locomotives are returned at \$10,000, \$7,500 and \$4,500, respect-

have been troubled with weak spells, and a tired feeling, as though I was about to collapse.

I tried a great many different remedies but failed to find anything to give me relief. I had Duffy's Pure Mait Whiskey recommended to me, and I bought a bottle and commenced using it according to directions. Before I had useds the one bottle I found it was helping me very much. It made me feel stronger and that tired, sluggish feeling left me completely, and as long us I use Duffy's Pure Mait Whiskey I feel well, strong and able to do all kinds of hard work.

I will continue to use it as my only medicine, as it has done me so much good in building up my system. It has made a new man of me. I feel very grateful and cannot say too much in favor of Duffy's after the great good it has done me.—

C. H. STRUBLE.

Old age is happy when it goes hand in hand with health. Hundreds of men and women, who have passed the century mark are kept alive and well today by the use of

Duffy's Pure Malt Whiskey

It is an absolutely pure distillation of malt, without fuset oil; it is recognized by the Government as medicine. This is a guarantee, it is a tonic stimulant, recommended by physicians of every school. It arrests the progress of physical decay, strengthens the heart, enriches the blood, nourishes the vital forces, drives out disease and promotes health and longevity. Doctors say it is "a form of food already digested," as it agrees with the most delicate stomach. If you wish to keep strong and well in old age, take three times a day in milk or water as prescribed.

Duffy's Pure Malt Whiskey cures coughs, colds, consumption, broachitis, grip, catarrit, asthma, pneumonia, and all diseases of the throat and lungs; indigestion, dyspepsia and all forms of stomach trouble; nervousness, malaria and all low fevers. It is prescribed and used by over 7,000 doctors. Used exclusively in over 2,000 hospitals.

CAUTION .- When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the tanrket for profit only, and which, far from relieving the sick, are pos-Itively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey. Sold in sealed bottles only; never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken. Beware of re-filled bottles.

All druggists and grocers, or direct \$1.00 a bottle. Interesting medical booklet free to any one. Duffy Malt Whiskey Co., Rochester, New York.

The strongest testimony of the excellence of Ayer's Cherry Pectoral rests in the fact that physicians have freely prescribed it during the past sixty years.

As you know, physicians are never prejudiced in favor of Proprietary Medicines. To have them endorse a remedy is the most positive kind of proof that it must have unusual virtues.

One reason why we have this favor of the Medical Profession is because there is no secret about Ayer's Cherry Pectoral.

Time and time again we have published the formula in the principal Medical Journals of this country and Europe, and have mailed it to nearly every practising physician in the United States. So it follows that when your physician orders Ayer's Cherry Pectoral for your cough he knows precisely what he is giving you.

To say that Ayer's Cherry Pectoral will cure every disease of the throat, bronchial tubes, and lungs, without a

single failure, would simply be stating an untruth. Even the most skilful physician would make no such claim.

We would that we could prepare an infallible remedy, one that should never fail under any circumstances. But that is beyond our art, and we only promise to give the best that the medical intelligence of our times can devise and modern skill prepare.

Vividly alive to the responsibility of making such a remedy, we are determined none shall be disappointed through our neglect. We promise you that every bottle of Ayer's Cherry Pectoral shall be the very best that can possibly be made.

Do not undervalue the services of a skilful physician. No Proprietary Medicine can take the place of the family doctor. Therefore we say: Consult your physician freely about your case and ask him what he thinks about your taking Ayer's Cherry Pectoral for your cough. If he says take it, then take it. If he says do not take it, then follow his advice. Lowell, Mass.
