

Weak Kidneys Make Weak Bodies

Like a weak link in a chain, a weak organ in the body weakens the whole system and hastens its final breaking down. The delicate kidneys are easily weakened, and when their activity is lessened the whole body suffers.

Why? Because the life-giving purity of the blood depends largely upon the filtering work of the kidneys. If uric poisons are retained in the blood instead of passed out in the urine, those poisons will collect in the system and attack every part. That is why the sufferer from kidney trouble is a victim of pain that racks his tired body from head to foot. That is why he is dull, depressed and nervous, and can find neither rest nor sleep from day to day.

There's no help for a kidney sufferer except kidney help—the help of a kidney specific like Doan's Kidney Pills, that acts directly upon the kidneys, relieving kidney congestion, allaying kidney inflammation, restoring perfect blood-filtration and driving the uric poisons from the body.

DOAN'S KIDNEY PILLS Cure Weak Kidneys

You can readily tell if your kidneys are weak by standing some of the urine over night in a bottle. If you find it discolored, thick, clouded or stringy, or if there is a scum on the surface, or a settling of whitish or reddish matter at the bottom, your kidneys are affected.

Kidney diseases may also be recognized from one, or some, or all of the following symptoms:

Aching in the small of the back, twinges when stooping or changing position, rheumatic or neuralgic pain, headaches, dizzy spells, continued feelings of languor or depression, nervousness, irritability, puffy swellings beneath the eyes or in the ankles or limbs, dimness of vision, hot and waxy skin, sallow complexion, dark rings around the eyes, shivery chills in the back, bearing-down pains in the loins, hips or abdomen, too frequent calls to urinate, scanty or painful or scalding passages, passages at night, etc.

Don't neglect your kidneys, for by so doing you invite fatal diabetes or Bright's disease. If you have any symptoms of kidney troubles begin using Doan's Kidney Pills, a remedy that has cured thousands of cases in your own city.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents.

Omaha Proof

MARTHA STREET

W. C. Thomas of 1129 Martha street, traveler for the Fremont Brewing Co., of Fremont, Neb., says: "The constant jarring of trains when I travel affects my back and I think causes the severe pains which catch me in the loins, especially mornings, when I have awful work to get on my shoes. I thought sometimes my back would break. Seeing Doan's Kidney Pills advertised I got a box at Kuhn & Co.'s drug store, corner 15th and Douglas streets, and before using them many days the pains disappeared and I was finally cured. I never intend to be without a box of Doan's Kidney Pills in my grip. I cannot speak too highly of this valuable preparation."

SOUTH ELEVENTH STREET

Miss Nellie Mitchell, No. 415 S. 11th St., says: After a fall I noticed my back aching occasionally, and finally continually. It grew so that I could only lie perfectly straight and very often was forced to sleep on the floor in place of my bed. Two boxes of Doan's Kidney Pills obtained at Kuhn & Co.'s drug store, corner of Fifteenth and Douglas streets, gradually relieved me of the aching until it finally disappeared."

Omaha Proof

SOUTH 17TH STREET

Wm. Cooper, No. 518 South 17th St., employed at the Waterloo Creamery, says: "In February, 1904, I was taken with a severe case of the grip and it left me with a lame and aching back—especially bad mornings, when I could scarcely drag myself about, and it was a hard task to get dressed. My work requires me to stand in wet places at times and this had a tendency to make my back worse. Seeing Doan's Kidney Pills advertised, I procured them at Kuhn & Co.'s drug store. They completely cured me and did it quickly."

DORCAS STREET

F. B. Kingsbery of 1823 Dorcas St., carpenter by trade, says: "Doan's Kidney Pills are a good medicine and I can recommend them. I had an attack of kidney trouble for two months, and for two weeks before I got Doan's Kidney Pills I could not work on account of my back. I commenced using the remedy and soon noticed its beneficial effect. The pain in my back left me and the irregularity with the kidney secretions was corrected. I consider Doan's Kidney Pills the best kidney and urinary medicine I ever used."

HOW TO RUN A BIG RAILROAD

Burlington Operating Officials Busy Discussing Details of Management.

TECHNICAL TALKS ON PRACTICAL SUBJECTS

Twenty-Five of the Faculty in Attendance at the Conference Which is Occupied with Various Topics.

Such subjects as the classification of engine repairs, engine wastes, fuel economy, standard designs of hand cars, engine stations and steam sand dryers are some of the matters pertaining to operation being considered at the Commercial Club rooms by the Burlington Association of Operating Officials. The matters discussed are all of a technical nature. The meetings will conclude Thursday afternoon. Second Vice President Daniel Willard of Chicago is expected here on Thursday.

Through the courtesy of the Western Union Telegraph company the session room at the Commercial club rooms is in telegraphic communication with the Burlington lines, so that the various superintendents here may be kept in touch with important business of their respective divisions.

Members of the association in attendance since Tuesday's meeting are: T. L. Smith, master mechanic, Beardstown; H. D. Aile, assistant auditor, Omaha; G. R. Dunbar, assistant general auditor, Chicago; I. S. P. Weeks, engineer, Lincoln; James Rivett, superintendent of buildings, Lincoln; W. C. Maxwell, assistant general freight agent, St. Joseph; W. P. Durkin, auditor, Omaha; R. D. Branch, special agent, Omaha; F. Montmorency, assistant general freight agent, Omaha; W. Randall, auditor of freight and ticket accounts, Omaha; W. Augustus, master mechanic, Centerville; J. L. W. Barry, superintendent, Beardstown; R. L. Porter, superintendent, Gallegos; J. M. Gruber, general manager, Chicago; A. Hamilton, superintendent of terminals, St. Louis; J. P. Boyle, superintendent, Centerville; J. W. Josselyn, supply agent, Omaha; W. F. Ackerman, master mechanic, Havelock; J. N. Redfer, superintendent of relief department, H. D. Judson, general superintendent, Chicago; F. C. Rice, inspector transportation, Chicago; C. H. Young, master mechanic, Chicago.

This far ninety-five of the Burlington operating officials have registered with Secretary Brown.

Denel Leaves Union Pacific.

Former Superintendent William A. Denel of the Nebraska division of the Union Pacific left Omaha last evening for Colorado, where he will enter on his duties as general manager of the Denver, North-western & Pacific railway.

Charles Ware, formerly assistant to Mr. Denel, becomes superintendent of the Nebraska division. Succeeding Mr. Ware as assistant superintendent will be W. R. Cahill, who has been assistant superintendent at the Grand Island office.

Cahill is to be succeeded by H. E. Cox, who has been serving the company as trainmaster at Omaha, the latter position to be filled by Austin Taylor, from the passenger conductor service. Bulletins have been issued announcing these various appointments.

Interurban Activity.

E. C. Hurd, manager and secretary of the Omaha, Lincoln & Beatrice Railway company, (the interurban line) is in the city at the company's offices on South Sixteenth street.

"There is nothing particularly new at present in connection with the construction of the line," said Mr. Hurd. "We are grading near Ashland and Greenwood and are contemplating some changes in the route this side of the Platte. We have bought the valley strip from Sarpy City to the Rock Island track and there is a possibility of leaving the town of Papillion on one side. We are now working on the new route. The right-of-way from Sarpy City to Omaha is being acquired as fast as possible and just as soon as we have that portion of the right-of-way clinched, the dirt will begin to fly on this end of the line."

Railway Notes and Personal.

Attorney J. N. Baldwin of Council Bluffs and Omaha has gone east.

M. P. Benton, representative for the Burlington railroad at Seattle, Wash., is spending a few days in the city.

The Burlington Northern Pacific and the Burlington lines have announced an all-summer, every-day, round-trip rate of \$6 from the Missouri river to Portland Ore., the rate to be effective May 23 and tickets good for ninety days, with stopovers for the stages. The rate is being announced by the Harriman lines several days ago.

MOTHER TAKES HER BOY BACK

Makes Big Fuss About Little Stewart Woods, Who Was Left on Omaha Doorstep Three Years Ago.

With sensational accompaniments including a call for the police, Mrs. A. J. Wheaton took possession Monday evening of her son by a former husband, Stewart Wood, aged 8, who had been living with his sister at 24th and Tompkins streets in this city for the past three years. The mother was accompanied by her husband who, however, acted chiefly as a spectator.

At the police station she declared that the boy had been abducted from her and that she wanted to locate responsibility for the abduction and have arrests made. Being told she would have to swear out warrants for the persons she suspected, she said she would let the matter drop and disappeared without giving indication of her destination.

The boy's sister admits that the child was abducted but by whom she does not know, as he was left at her door one winter night three years ago.

"He said he was a relative of mine," she says, "although I had not seen him since he was two months old, the family resemblance made me recognize him as my half brother. Knowing of no one to care for him since the death of his father I decided to give him a home and educate him. His mother never demanded his return nor even inquired anything of him. She could have found Stewart with me at any time if she had wished.

I shall not do anything further unless the boy indicates that he wants to live with me again."

CONTRACTORS' CASH TIED UP

City Attorney Insists on Holding Money Due Sidewalk Builders.

OUTCOME OF A PERSONAL INJURY SUIT

Judgment Obtained Against City on Account of Excavation Made by Yancey & Redmond Makes Trouble.

The new charter continues to develop things. Under one of its provisions City Attorney Brown insists on the holding back of \$600 due the Yancey & Redmond Sidewalk Construction company and about \$1,200 due the Omaha Construction company, the successors and assigns of the former, the claims being for sidewalk work and grading therefor for the city.

The reason for doing this lies in the fact that the city is holding the sack in a suit which it was in progress and has after two trials, granted in restitution for personal injuries sustained by falling into an excavation that Yancey & Redmond had made for a sidewalk in 1903.

The firm and its bondmen took no notice of the suit while it was in progress and have not made any move toward taking the matter to the supreme court. The city legal department has grown tired of the litigation and is preparing to fall back on the \$10,000 bond furnished by Yancey & Redmond, which is signed by Fred A. Nash, president of the Omaha Electric Light & Power company.

The new charter directs the city to hold back unpaid claims from creditors in cases where the city has unsatisfied claims against the creditors, and upon this principle the city attorney is blocking the road between the sidewalk people and some \$1,800 in money. So far as the claim of the Omaha Construction company is concerned it may have to be paid, as the reorganization took place after the accident and after the city had been sued. But pending investigation as to whether or not the money was earned prior to the accident, Attorney Brown is holding fast.

BUGBEE BETS ON A CINCH

Iowa Man Matches Dollars with a Couple of Strangers with the Usual Result.

Poorer and wiser than when he came to Omaha yesterday, J. C. Bugbee, of Hampton, Ia., will leave Omaha for Portland, Ore., as soon as he can get money from home. His experience with Omaha confidence men has lessened his wealth by \$30 and a gold watch.

At the Burlington station Bugbee became acquainted with a Mr. Greenwood, who suggested that they go up town and have a lunch together. At the north end of the Tenth street viaduct they were accosted by a man who asked for a match to light his cigar. Greenwood introduced him as McHenry. After a few moments conversation McHenry suggested that they match pennies to pass away the time. Greenwood said he never gambled for any sum less than \$1. He pulled Bugbee to one side and unfolded a scheme whereby the two could get all of McHenry's money. The secret was that Bugbee should match heads each time and his friend match tails. McHenry was sure to lose and they would divide the spoils. The pseudo sucker lost cheerfully until the others had \$30 of his money without a thought of taking his turn at matching. Then he remarked that his money was going too slowly; he would bet as much as the others cared to risk. The Iowa man put in the \$10 he had won, \$20 from his pocketbook, and his gold watch. It was too bad that his friend forgot to turn what had been turned. Bugbee and Greenwood both turned heads and the other man had tails. He raked in the money.

STRIPS OF STREETS WANTED

Pieces of Public Property Will Be Reapportioned for Sale to Private Owners.

By orders of the council the city appraisers will reappraise the front-foot valuation of four feet adjoining private property on the west side of Tenth street from Capitol avenue to Davenport street, and strips sixteen feet wide on Thirteenth street at the intersection with Nicholas on opposite sides of the latter. The strips have been vacated heretofore for business purposes, but have not been purchased. On Tenth street small business houses desire the street space and at Thirteenth and Nicholas the Adams & Kelly company and the Hoop furniture factory want the property to enable them to put up larger buildings. Previous appraisements are considered too high.

After a chase by the prohibition officers and Court Bailiff Norberg extending over two weeks Ernest Wigge, 12 years old, has been found in the county jail. His father brought the boy up to Judge Day Wednesday morning.

Some two weeks ago Judge Day paroled a boy on condition that he get a job and go to school. He has no mother and the father is employed all day by the

CITY BUYS MANY TAX TITLES

Twenty-Five Hundred Pieces of Property Bought at Scavenger Sale, but Many Redeemed.

In his report to the mayor and council of property which the city has been forced to buy in at the scavenger tax sales from November 2 to March 3, City Attorney Brown shows that tax certificates to no less than 2,500 pieces out of about 18,000 offered have been acquired by the city in this way.

"This does not mean that Omaha's municipal government is to be glutted with property upon which the owners could not or would not pay the taxes," says the city attorney. "As a matter of fact fully half the property acquired has been redeemed by the purchase of the tax certificates from the city and the payment of \$2 to cover the publication and filing fees. Most of these purchasers are the owners who neglected to attend the sales, and were speculators. In all cases the full amount of tax has been recovered where the property itself was worth the tax imposed and accumulated. By having a representative at the sales to bid in property that was not going to bring fair returns the sale was made a financial success. The tax certificates the city now holds will be nearly all sold before the two years elapses necessary to perfect the title. In plain language the scavenger tax law as a means of getting rid of tax-burdened property and getting it free from encumbrances and of recovering for the city many thousands of apparently hopeless taxes has been a howling success."

BEEF ON HOOF AND ON BLOCK

Drop in Price of One Does Not Affect the Selling Price of the Other.

Although there has been a drop this week in the local markets of 50 cents a hundred on the price of beef on the hoof, the consumers of the city have not noted any reduction in the price charged them. The packers are paying 50 cents less for their beef, yet the packers have made no decrease in the retail merchants. Last week, when the price of beef on the hoof rose slightly, it was a painful and evident fact that it took more money to buy a pound of meat than on the day preceding.

When there was an increase, the price to the consumer was raised at once; but now that there is a decrease, the packers give to the retailers the excuse that they cannot afford to make a change when the market is fluctuating so rapidly.

"We cannot lower the price unless the packers favor us with a like concession," said a retailer. "They have a large stock on hand now, and they say they cannot afford to offer it at a low price simply because the market is down for a day or two. They say also that they have barely been getting out of good beef what it cost them."

THE MARRIAGE QUESTION.

The professor who announced that "love and romance die out with the sound of the wedding bells," was the first to start the ball rolling. It would seem a brave woman who found that a prescription made up during a long period of practice, Doctor Pierce found that a prescription made up entirely of roots and herbs, without the use of alcohol, cured ninety-eight per cent. of such cases. After using this remedy for many years in his private practice he put it up in a form that can be had at any store where medicines are handled.

Backed by over a half of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Proflapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable price for the medicine.

Dr. Pierce's Favorite Prescription cures headache, backache, nervousness, sleeplessness and other consequences of weak and unhappy homes are due to the illness of the wife, mother or daughter.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. Accept no substitute for the medicine which seeks wonders for weak women.

DR. DUTCHER DISCLAIMS INSULT

Says He Intended No Reflection on the Great Army of Commercial Travelers.

DR. DUTCHER DISCLAIMS INSULT

Says He Intended No Reflection on the Great Army of Commercial Travelers.

OMAHA, April 19, 1905.—Mr. E. E. Brandt, Manager National Lead Company, Omaha: Dear Sir—My attention has been directed to your letter in The Bee, in which you take me to task for a statement which I am reported to have made in the preachers' meeting last Monday morning, concerning traveling salesmen and their relation to the social evil in our city. In justice to that class of energetic business men that represent the great commercial interests of this country, and also to myself, I wish to state that I did not, on that occasion, say one word that cast the least reflection upon this class of men. I refer you to the gentlemen who were present and heard my speech. My knowledge of traveling salesmen would forbid my making any such sweeping statement as that referred to in your communication. I have had the honor for a number of years of holding a directorship in a company that employs a number of traveling salesmen, and have been in close touch with these men much of the time and know them very well as a class. I have formed a very excellent opinion of many of these men and fully appreciate their worth, both to the church and the commercial world. I appreciate their self-respect and pride in standing up for their rights. Some of the best and truest men in my church here and churches elsewhere have been traveling salesmen. I appreciate the broad-mindedness of your letter. I write this not as an apology for another man's mistake. I simply have to say I stand squarely by things when I say them. I am, very respectfully,

S. D. DUTCHER.

ILLER ASKS FOR MORE GROUND

Requests City to Sell Portions of Streets for Trackage Use in East Part of Town.

Peter E. Iler is anxious to have the city vacate and sell him strips of Second and Hickory streets and an alley in the vicinity, varying from fifteen to thirty-two feet in width, in order to close a deal with a large manufacturing enterprise which needs the additional ground. This is all Mr. Iler is willing to say about the matter. The strips will not close either Second or Hickory streets, but will narrow them considerably and give extra trackage facilities. The council placed the communication bearing the request on file.

CATTLE FOR INDIANS.

Senator Millard is in receipt of advice that there is quite likely to be an issue of cattle to the Santee and Ponca Indians in the very near future. He has been informed that there is a sum of money in the Indian department to the credit of these Indians sufficient to buy about 100 head of cattle.
