

TRouble OVER PAVING PAY

Injunction Sought Against City on Barber Asphalt Contract. IRREGULARITY IN CONTRACT ALLEGED

Civil Suit Brought by State Against Life Young, Formerly State Binder, is Set for Trial at Des Moines on May 8.

(From a Staff Correspondent.) DES MOINES, April 22.—(Special.)—In the district court today a petition for an injunction was filed asking that the city treasurer and auditor be restrained from paying the Barber Asphalt company \$2,450 for "extras" on work done for the city. The matter is important because it opens the entire question of the legality of about \$30,000 worth of work that has been done for the city in what is claimed is an illegal manner. Besides the extras for which it is claimed the city cannot legally pay, the council has been in the habit of when its money ran out in particular funds to draw up an agreement signed by the majority of the aldermen. The agreement never came before the council for action, but work was done by the Board of Control on these agreements. The aldermen thus agreed to vote for the improvement when the money was in the fund. Altogether the amount involved is very large and the matter has never been presented to the courts. The action for an injunction is brought by the Civic league.

Try State's Case May 8. The case of Life Young, against Life Young for the recovery of \$2,450 alleged over payment while he was state binder, is to be heard in the district court here May 8. The case is about five years old and has been in politics more or less from the first. It is one of two cases that were brought in the district court when that he was paid for putting covers on pamphlets when there was no cover put on and that he was paid for stitching many thousands of books that were only sewed.

Trouble Getting Cars. The Booth-Ryan Grain company of Cedar Rapids has written to the State Railroad commissioners and inquired what to do when they order a small capacity car for a small shipment and the railroad company does not furnish it. The answer from the commission is that there is no law compelling the railroads to furnish small capacity cars. The Cedar Rapids company wanted a 40,000 capacity car and after waiting over a week got one that was in bad condition and had to wait another week to get a good one, but were delayed so much that they nearly lost the shipment.

Okoboji Opens Early. The railroad commission has taken up with the Chicago, Milwaukee & St. Paul the matter of opening the depot at Lake Okoboji by May 15, which is a month earlier than usual. This was for the accommodation of a large number who wish to begin their summer vacation early. The road has replied that it will open the depot on May 15 as requested.

Hubbard to Kansas City. On a requisition from Governor Folk of Missouri, honored by Governor Cummins, Charles Hubbard has been taken to Kansas City to answer for the crime of grand larceny in stealing a horse and buggy and other articles. Hubbard was arrested in Valley Junction.

Balderson is Acquitted. After being out just thirty minutes the jury in the case of the state against Dell Balderson, charged with the murder of James Callahan, an old shoemaker, brought in a verdict of not guilty, and Balderson was released. Callahan was murdered several months ago. He was suspected of having a great deal of money, and the trial is the second failure to fix the guilt of the crime, the former trial being against an Italian named Pigneri.

Articles of Incorporation. Articles of incorporation were filed with the secretary of state today by the following companies. North Belmont Telephone company, Milo, Ia., capital, \$500; Troy Laundry company, Des Moines, capital, \$10,000; Grier-Barth company, Cedar Rapids, capital, \$25,000, to do business in dairy products; Christenson Brothers, Spencer, capital, \$20,000, to deal in sand, cement and he like.

Try Kutzleben Here. Eric Kutzleben, supposed to be a titled German, who has been indicted for attempting to wreck the Rock Island flyer at Homestead, is likely to be brought to Des Moines for trial before Judge Smith McPherson of the federal court. Kutzleben's attorney has gone to Germany to seek evidence of the non-citizenship of Kutzleben in America and also of his state of mentality.

Chills and Pern May Fight. WASHINGTON, April 22.—The State department has received advices that there is great danger of a rupture between Chile and Peru, growing out of the Tacna-Arica territorial dispute, and this has demon-

strated the necessity for the immediate selection of an American minister to succeed Mr. Wilson at Santiago, Chile. Mr. Wilson recently was transferred to Belgium.

PRISONER BARS HER MOTHER

Nan Patterson Will Not Permit Her to Be Present at the Trial.

NEW YORK, April 22.—Nan Patterson herself today probably prevented what might have led to one of the most pathetic of the many scenes which have attended her incarceration in the Tombs and her appearance in court since she was charged with the murder of Caesar Young nearly a year ago. When her father called upon her at the prison today he announced that her mother was thinking of coming here from Washington to be present through the remainder of her trial, which will be continued next Monday. "I will never consent to have mamma to come here and see me behind prison bars and in the court room on trial for murder," she told her father. "I hope you will induce her to stay in Washington. She couldn't help me by coming here, and this trial might upset her dreadfully. Please tell her to stay at home." Miss Patterson's father goes to Washington tonight to spend Sunday with his family there.

DEATH RECORD.

Mrs. Robert O. Fink, who after a lingering and consuming illness died at her home in Omaha on Friday, April 21, 1935, and who will find mortal rest here in Nebraska, was born in West Leeds, Me. Descended from earliest puritan stock she was thoroughly womanly and American. Cultured and ambitious yet ever kindly and true, proud yet meek, her lovingest misdeal found its widest outlet in her devotion to her husband in duty well done as a fond wife and devoted, uplifting mother. As a young eastern woman she came from Maine to Omaha, half way across a continent to meet her settling sun in the meridian after having quaffed, however, through her loved ones at least of the promise of fruition of an exemplary and nobly spent life. She leaves an ever remembering husband, County Treasurer Robert O. Fink, and sorrowing children: a daughter, Vera Cushman, 17 years old, and a son, Frederick W., 13 years old, to the better and richer in life's highest gifts for her having lived thus far with them, in them and for them. Mrs. Fink graduated from the Farmington Normal, Maine. Some time after which she moved to Omaha and for six years was a teacher in our public schools until her marriage twenty years ago, which occurred at Fremont, Neb. Deceased was a member of Omaha chapter, Daughters of the American Revolution. The funeral will be held Monday afternoon.

There are two other candidates for department commander. They are Rev. J. C. Johnson of Tecumseh and John Lett of York county. As both of these candidates

from the South Platte district, it is thought that it may prejudice their candidacy, and the further fact that the present department commander, Harmon Bross, is also a South Platte man, hailing from Lincoln. It has been the practice in Grand Army circles to alternate the department command between the North and South Platte districts in past years, and this fact may give some strength to Mr. Traynor's candidacy.

There is also another candidate for state president of the Women's Relief corps, Mrs. Mary Ward of Lincoln, and Beatrice may present a candidate in the person of Mrs. Frederika J. Cole, at present the western head of the Association of Army Nurses.

It now begins to look as if the Women's Relief corps convention will unanimously endorse the candidacy of Past State President Mrs. Abbie Adams of Superior for national president of the Women's Relief corps.

the meeting in a body. Several of the national officers from the order's headquarters at Topeka, Kan., will be in attendance and address the meeting. Each council in Omaha and South Omaha has appointed promotion committees to assist the members and the deputies in securing at least 200 candidates for initiation on that evening. After the initiation refreshments will be served in the banquet room and the balance of the evening will be spent in listening to addresses from the national officers and visiting members.

DOCTORS FOR MEN

BLOOD POISON (Syphilis) is one of the most terrible diseases in its ravages upon the human system to which mortal flesh is heir, and may be either hereditary or acquired. This loathsome, lingering disease for centuries was considered incurable and for hundreds of years baffled the most learned physicians. Thousands and thousands of persons have been practically ostracized from society, suffering untold miseries and humiliations, without respite, relief or abatement, waiting for death to relieve them of their suffering. It is a silent enemy by day and a foe by night. It attacks and breaks down the tissue, eats away the bones and leaves the victim a walking, creaking mass of corruption, an abomination to himself and a degraded outcast of all human society.

If you have a sore throat, mucous patches, pimples, copper colored spots, sores, and ulcers, bone pains, falling out of the hair, or any symptoms of this disease in the primary, secondary or tertiary stages, come to us and we will spare you the painful experience of recurrence of any kind. We think because you have inherited or contracted Blood Poison (Syphilis) that you must go through life tainted and contaminated, and eradicate yourself with mercury or other deleterious drugs until you are thoroughly salted. "Kantwearout-Hercules" Boys' Clothes are clothes that boys call Sunday clothes; you would call them double-wear clothes if your boy ever wore them; we call them "different" from other boys' clothes. Coat and trousers cut mannish style as the boys like, and they wear the way you like for we make them to stand the hard knocks of "real" boys. Every finger's length of "Hercules" cloth is pure wool; not a thread masquerades under the disguise of mercerized cotton. The mother of a "Hercules" boy never worries about his getting soaking wet; "Hercules" clothes are shower proof and perspiration proof just like the best of rain coats. Two sleeve linings where the wear is greatest. When the outer lining wears out around the arm hole just rip it off and you will find underneath a new lining just as good as the first; this feature is only found in "Hercules" clothes—patent applied for. All pant and coat seams double reinforced; a mighty stretch of a boy's legs or arms will not break a "Hercules" seam. Pants lined throughout with Irish Linen, cold water shrunk. For Boys from 6 to 16, at Five Dollars. Where for coat and pants—One Dollar. Send for our "Hercules" book and the name of a "Hercules" dealer. Kantwearout BRAND DAUBE, COHN & CO., Chicago
