The cost of sewers laid amounted to \$4,572.16. Curbing to the amount of 3,633 lineal feet was laid at a cost of \$1,823.13. There was but little grading done, only one street, Ridge, being thus improved during the year, at a cost of \$313.84.

> DEAD BODY FOUND ON THE TRACKS Man Who Had Been Seeking Work is the Victim.

With the head severed from the trunk, the body of a man, believed from papers found on him to be William Lindner, was found early yesterday morning on what is known as the Beach track near the Union Pacific roundhouse. The discovery was made by Olie Falk and Arthur Peterson on their way to the roundhouse, where they

The man was later identified as one who applied Sunday to Section Foreman Polen for work. Papers found on him indicate that his name was William Lindner, and that he emigrated to this country from Berlin, Germany, in May, 1897, his passport showing that he was born in April, 1872, His certificate of naturalization was issued in Cook county, Ill., and was dated September 11, 1902. A card also showed that he had been in the Cook county hospital from December 8 to December 16 of last year. He was neatly clothed and carried in a bundle some clean clothes and toilet arti-

Investigation at the yards showed that Lindner had passed the night in a freight car with end doors, and it is supposed that he awoke when the string of cars was being switched and that in attempting to leave the car by the end door he fell under the wheels. Marks on the tracks showed where he had been dragged for some distance before the wheels passed over him, severing the head at the neck. It is possible, however, that he may have been killed while attempting to crawl under or pass through moving cars. Some of the yardmen who saw the man around the yards my he was despondent at not obtaining work, and expressed the opinion that he committed suicide by throwing himself under the cars.

The body was removed to Cutler's undertaking rooms on order of Coroner Treynor, who will probably hold an inquest today.

CITY TO PROTECT THE PAVING People Who Tear it Up Must Restore it as Found.

The city council last night determined that corporations and individuals tearing up the streets for water, gas or other connections shall be required to comply with the ordinances and replace the streets in proper condition.
