Effort to Recover Sewing Machine Causes Lively Times on Broadway.

OFFICER AND AGENT ROUGHLY HANDLED

Police Are Called and Finally Succeed in Settling Matters-Woman's Husband is Taken to Jull.

the attempt of an agent for the Singer Manufacturing company to recover a sewing machine from the residence of Mrs. John C. Bridget, 1336 West Broadway, last Board of Education Moves in the evening nearly provoked a riot. Mrs. Bridget refused the agent admission to the house and he secured the assistance of Constable Baker. Mrs. Bridget remained obdurate and refused to allow the officer inside the house and he is alleged to have kicked the front door in. Mrs. Bridget, however, held the fort and a crowd of about 200 people soon gathered. A number took part in the controversy with the result that a free fight followed in which the sowing "machine agent and the constable were somewhat roughtly handled.

finally persuaded Mrs. Bridget to allow rested by Constable Baker and taken to Green should not be modified. the county jail. He is charged with resisting an officer. Mrs. Bridget threatened last night to sue Constable Baker for damages for breaking in her front door, which she alleges he had no authority to do, to serve a writ or replevin.

Not Coming for Deserter. Police Captain O'Nell had visions for a

The local Young Women's Christian asociation will celebrate its twelfth anniclock. At this time the annual reports postponed from the annual meeting will be given by the general secretary. Mrs. W. Some of them incline to think there is a P. Harford and Miss Mary Anthony, who, close connection with the elevator comwith Mrs. Byers, are representing the local pany and the road. association at the annual national convention this week, will report the proceedings of that meeting. There will also be a has been let for a line of elevators or musical program. Mrs. Byers and Miss Anthony will remain

national convention to attend the conferce of association secretaries. The members of the association library

ommittee will hold a candy sale in the office Saturday.

The blennial convention of the National Federation of Musical Clubs will be held June 7 to 10. The meeting will be held in the clubhouse of the Denver Woman's club. June 7 the delegates will be given a luncheon by the members of the club. In the afternoon there will be a concert by the delegates and in the evening a reception given by the national board. June 8 there will be an executive session and a concert given by Denver women. election of officers will take place June 9 In the afternoon there will be a lecture and in the evening a concert by the Tuesday Musical club of Denver, assisted by artists, June 10 the delegates will be taken on an excursion to the mountains.

The oratory department of the Woman's club held its last meeting of the year Wednesday and elected its officers for the ming year, as follows: Leader, Mrs. L. Morse; assistant leader, Miss Grace Conklin; secretary, Mrs. I. O. Burjer; treasurer, Mrs. C. M. Schneider; leader of musical section, Mrs. C. G. Manlove. The office of instructor was left open to be filled during the summer.

Upon request of Mrs. Warfield, wife of

world's organizations, the board voted to make application for membership in the state. The application was uhanimously endorsed by the state committee and sent to the American committee the national body) at headquarters in Chicago. The following telegram was received Friday. "Committee unanimously voted affiliation." From this time Omaha will be known as having a Young Women's Christian association and be classed where it has always belonged, judged by the variety and character of the work done. The permanency of our association will be assured. We have in the past occupied an anomalous position. We have been organized on the plan and used the methods of the affiliated associations. Our constitution, with a few exceptions, was modeled after that of the regular associations. The aims, scope of work and methods were the same. We have had our experienced secretaries trafted in the schools and work of the American committee. There was no other source from which to draw. It seems only fair that we should be in line with others doing the rame work and have a chance to do the larger work for the young women of our state and the world.

The Young Women's Christian association celebrated its fiftieth anniversary a few weeks ago. Its chief purpose has been to unite the women of all the churches in sympathy with certain fundamental truths, in work for the spiritual and moral welfane of young women. It puts the responsibility upon those in harmony with its purpose. There can be no effective results without harmony of purpose in any undertaking. It is a question of management. A mercentile establishment agrees upon certain plans and methods of work and only those in harmony with those plans are members of the firm and control the business. The employes are instructed and governed by the rules of the firm. The patrons enjoy the benefits, but are not concerned about the rules of the firm. The patrons enjoy the benefits, but are not concerned about the rules of the firm. The patrons enjoy the benefits, but are not concerned

The Christian associations make no tests, but work through and along the lines of the largest body of affiliated churches. What for the future?

Laca'ly there will be no change in any depar'ment of work. The gymnasium, the educational classes, the Bible work, will be open 16 every one, as in the past, wis'ing to avril themselves of the benefits. Friday talks, the Sabbath meetings will be conducted as in the past. The lunch room, the rest rooms are still, as they have always been, free to all who choose to use them. The needful word and song of cheer will be carried to the girls in the

have always been, free to all who choose to use them. The needful word and song of cheer will be carried to the girls in the factory. All the work will be improved and enlarged as experience will dictate and support will justify. By contact with the larger work we believe we shall be able to render better service and in many ways benefit the young women of our city.

While there will be no change in methods, except to improve conditions, there will be the enlargement from purely a local work, to that of state and national and the world's interests. world's interests. world's interests.

This opportunity should appeal to the generous, unselfish woman, and enlist the co-operation of every believer in the worldwangel. MRS. W. P. HARFORD, President.

Bank President Arraigned. TRENTON, N. J., April 27.—Dr. Wesley R. Wales, president of the First National bank of Cape May City, was arrested to-day and arraigned in the United States court to plead to an indictment charging him with the misappropriation of \$10.000 of the bank's funds. He entered a plea of "not guilty." "not guilty."

Indian Lands for Farming. LAWTON, Okl. ELEVATORS ON THE CUT OF

Minnesota Company Will Have Privilege on New Hill Line.

SIOUX CITY MAKING JUBILANT CLAIMS

lown Town Says Omnha Has Becoma Burlington Flag Station and that Great Northern Will Make it Worse,

contract between the Great Northern Bailroad company and the Western Grain company of Winona, Minn., for the right in the latter to build the elevators on the Sloux City-Ashland entoff of the former, was a surprise to the Omaha gramand elevator interests. N. B. Updike, Nathan Merriam, A. B. Jaquith, A. H. Bewsher of the Omaha Elevator company Women's Christian association and others had heard nothing of it. The Western Grain company has its home in southeastern Minnesota, but it operates across the southern part of that state, in South Dakota and in parts of Jowa. ersary Monday evening, April s, at 8:15 Whether or not James J. Hill has a large Interest in the company, as has been stated, Omaha men are unable to say.

The general sentiment is one of disappointment if it be true that a contract the cutoff. It had been hoped that the Hill line might not be built, but this In Detroit Monday and Tuesday after the | would seem to indicate to the grain dealers of this city that the Great Northern-Burlington line will be surely built. elevator men point out that the road will mase no new grain in Nebraska, but will add a new line of elevators to compete for the grain at present hauled to established houses. The Western Grain company at present has no houses in Nebraska.

Will Help Sloux City. "The Sloux City & Northern runs into the state," said A. B. Jaquith, "and we get no grain from it. The elevators on that line have no Omaha connection. The same thing, I should think, will be true of the Sioux City-Ashland cutoff, which will not have any direct Omaha connection The Sloux City papers, I see, are talking of this being the initiation of a grain market there with terminal elevators. I should think there would be no necessity for large elevators at Sloux City with the elevators at Lincoln and those to be built at the new stations on the cutoff. I think Sloux City will gain little by the grain which is deflected through that town on its way to the large markets. The new line will go through some good grain country. Around Pender and the Indian agencies some good spring wheat is raised, and the rest of the line runs through the best of corn land. As it is now, Omaha gets a large part of the corn in this country, although not all of it; and with the cutoff this, I feel, will be carried away from us." The Sioux City Tribune says:

LEAD S. D., April 28—(Special Telegram.)—Mary Hedan, a Finnish girl, but lately arrived in the country, was arested this morning charged with the murder of her new-born babe, the body of which was found by a couple of boys while playing in the west part of the city.

Samuel Kasari, the owner of a milk ranch on Yellow Creek, has been arrested as an accessory, it being claimed that he is the father of the dead baby. The Hedan girl made a confession stating that she had committed the crime on the night of April 7.

Railroads Play for Pesitions.

MITCHELL, S. D., April 27.—(Special)—In its Armour extension the Milwaukee road has made another sudden move. Last Friday when the contractor started work in town to build the grade it was supposed that there would be no stopping. Last night the contractor received orders to the stage agained of Mrs. Warfield, wife of Mary Mark Prederick, Markan of the Consumers' league recently and the execution by the state consumers league recently and the execution by the further execution by the further and the execution by the further and and the execution by the further and th

rado and the great agricultural region of Cass county. Nebraska, south to the Kansus line, is Burlington territory, reached by a network of tracks and elevators for the handling of the grain produced by the vast region.

What Mr. Holdrege Says. What Mr. Holdrege Says. General Manager George W. Holdrege does not think much of the story. He says: "I am perfectly sure that James J. Hill and the officers of his road are in no way interested in any of the elevators doing business along its lines. I see the Sioux City Tribune suggests that he is. That is not Mr. Hill's way of doing business. As far as granting the Western Grain company of Winona elevator privileges, I will say that no exclusive contract has been entered into with the company-the Great Northern does not have any exclusive contracts. The Hill roads give everyone a fair show. It may be that locations have been purchased by the Winona company for elevators along the Winona company for elevators along the new line, but other elevator companies may have elevators there also. There will be nothing to prevent that.

"As far as all this talk about the Bur-

"As far as all this talk about the Burlington making Omaha a flag station, peo-Great Northern to build so as to give Chicago, Rock Island & Pacific. Omaha the same kind of rates that the city has on our other lines in the state or of the lines of any other company. Omaha merchants will have every opportunity of enjoying the trade of the new line and in addition that of the O'Neill Decky Montage Land 1, 20 am a 1,50 am a 1 line and in addition that of the O'Neill branch, to which they cannot now reach."

# Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia B. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palllative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and

vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and

open, hundreds of them would acknowle edge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relled upon to effect a cure. The following letter proves it. Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes

"It gives me great pleasure to say that I have found Lydia E. Finkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties. "My oldest daughter found it very beneficial for uterine trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strongth. and strength "I freely advocate it as a most reliable spe-

cific in all diseases to which women are sub-ject, and give it honest endorsement." Women who are troubled with painful or irregular menstruation, bloating (or flatulence), leucorrhœa, falling, inflammation or piceration of the uterus. ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegeta-ble Compound, and then write to Mrs. Pinkham, at Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and

## Signs of Disease

The First Signs of Disease are a Poor Complexion, Weakness, Emaclation and Lack of Vitality.

The first sign of returning health is increase of fiesh, strength and vigor. This weakness, emaciation and lack of vitality simply means that certain substances, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, these substances must be restored. Dr. Chase's Blood and Nerve Food is composed of the same kind of substances that are lacking in the impoverished blood and nerves when in poor health, and abundant in the rich juices that flow through the system when in perfect health. If people would take this food occasionally when in health to keep their blood spells of sickness and wasting disease would be prevented. It makes sick people well, puts solid flesh and muscle on thin people, gives strength to weak people, restores the lost vitality to nervous people, imparts the tint of health to pale and sallow people. It adds years to life and puts life into years. Price 50 cents. Book free.
