Says Hill Project Has Right to Cross Indian Reservation.

NOT BUY UP ELECTRIC LINE

Discredits Story that Hitchcock Will Enforce Federal Law and Deny Right-of-Way to Road.

A Lincoln paper has made the discovery that, James J. Hill has encountered a snag in the pramotion of his Ashiand-Sloux City line, that snag being a federal law spreventing him from crossing the bago Indian reservation. General C. F. Manderson, solicitor for the Burlington and therefore the chief legal Hill representative at B. & M. headquarters, takes issue with this alarming view.

The Lincoln paper says the snag is the discovery of a ruling of the Interior department that but one line of railroad can he granted permission to cross an Indian reservation, and, as the Sioux City, Homer & Southern Interurban railroad holds the right to cross the reservation, it looks to some as if the Great Northern will have o go around or abandon the idea.

Soute of the contractors from St. Paul are quoted as saying that the matter would he held up indefinitely until some move was made which would remove the ob-

George W. Loomis of the Burlington said to make the preliminary survey when it was taken off the hands of the Burlington by the Great Northern, which road undertook the construction of the road. He said that since that time the Burlington has had nothing to do with the matter.

General Manderson was asked what his road would do if Mr. Hitchcock enforced the alleged order against two roads crosswas no such law. He added: "There is, however, a general law which gives the right of way to all railroads over all Inscheme by a proposed railroad on paper to frighten us into purchasing that road, frightened so easily."

Another Burlington official stated that took place at Forest Lawn. the Great Northern had the sanction of the secretary of the interior and has had it for over a week. He added that it was the of the secretary of the interior to grant this permission when asked, because of the general law which gives the right to a railroad company to cross a reserva-

James B. Haynes, private secretary to Senator Millard, is secretary of the Sioux City, Homer & Southern railroad, and he says that the report in a Lincoln paper Morsman, as special master commissioner that Senator Millard was president of the to take testimony in the Union Pacific tax new road was erroneous, as the senator is in no way connected with the road. He said that the Homer line was granted the sion was ever thought of and that the senator assisted in securing the right of way across the reservation for the Homer road, but not as an officer or even a stock-

Short Time for Freight.

Railroad men and fruit jobbers in this city are interested in the effect that the newly opened San Pedro line from Salt Lake City to Los Angeles will have on freight rates between southern California and the Missouri river. It is conceded that the time will be materially shortened, but whether this will reduce the rates as well is a question yet to be settled. When the road was opened Monday a freight effect between the two terminals and prior to that time the freight destined from Los Angeles to Sait Lake City and neighboring points was accustomed to consume from five to six days on the road. The officials of the new road claim they will be able to maintain the new schedule and after the road settles a little to reduce the running time several hours.

The difference in time which favors the new road gives to it the command of the freight situation so far as many points in Utah, Colorado and Montana are concerned, and the probabilities of a through fast freight service with the Union Pacific and Northwestern will make its value felt. This would give it nearly all of the fast through fruit business, which is yearly growing and already is a very considerable proportion of the business of the trans-

continental roads. Local officers of the Union Pacific say that as soon as the road is more settled a car service will be established from the Missouri river to Los Angeles. The Santa Fe gets a good share of the fruit shipments, and it is claimed that at a meeting between Traffic Director Stubbs of the Harriman lines and Traffic Manager Chambers of the Santa Fe, held in Salt Lake City Saturday, an understanding was reached as to an acceptable division of the fruit business.

The San Pedro road will take the city officials of Sait Lake City and the mem-bers of the Commercial club to Los An-geles over the new line Saturday.

Harriman Approves.

E. Ha Harriman has given his utmost approval to the gasoline motor just turned out by the Omaha officials of the Union and likewise has approved the plan for all ocean to ocean tour by this car. Officers of the Southern and Union Pacific and Oregon Railway & Navigation roads are now arranging for an elaborate long distance test of the new car. It is intended to operate the car from Omaha to Portland, Orc., exhibit it a few days at the Lewis and Clark exposition, thence run to San Francisco over the Shasta route, from there to Los Angeles, from the latter city to New Orleans, and thence to Chicago, via St. Louis. When the car reaches cago, via St. Louis. When the car reaches Chicago it will make a speed and hauling power, run from this city to Milwaukee and return. After this the motor will be takened a Xew York via Buffalo and from Gotham back to Chanha, by way of Washington, Plitsburg and Chicago, thus covering the continent. This is for the purpose of testing its long distance abilities, power on grades, and to satisfy the curiosity of railroad men between the two oceans, who

MANDERSON IS NOT ALARMED have manifested unusual interest in the It is expected that within a few days officers of the Harriman lines in Chicago will announce the itinerary of the entire

THREE FUNERALS ARE HELD

Frank H. Goodsell and Two Young Men Drowned Are Laid at Rest.

Funeral services over the remains of Frank A. Goodsell, an old resident of Omaha who died Sunday morning, were held from St. Peter's Catholic church, Twenty-eighth and Leavenworth, Wednesday morning at 9 o'clock. Rev. Father McLaughlin, pastor of St. Peter's, conducted the services, which consisted of a requiem missa cantata. Father McLaughlin also preached the funeral sermon.

Many friends of Mr. Goodsell were present at the services. Interment took place at Holy Sepulchre cemetery. Mr. Goodsell was for many years actively engaged in railroad work and until a short time ago was an engineer on the Union Pacific.

The following men acted as pallbearers: J. H. Chnell, Timothy Ryan, W. J. Avvy, A. G. Herrett, Robert Mulr, William Cummings, J. B. Hornifi and W.-H. Bany, Mr. Goodsell leaves a large lamily, among which are two daughters, Mrs. W. H. Murray and Mrs. Kelley, both residing at 1301 South Twenty-ninth street. A son, Oscar Goodsell, also survives the deceased, who is now traveling auditor for the Burlington Railroad company.

The last of the three victims of the Cut Off lake drowning was laid to rest at that the Burlington went no further than Forest Lawn cometery Wednesday afternoon. The funeral of Willard Johnson was held from the residence of his father, 3716 North Thirtieth street, at 2 o'clock, and Carl Lundquist was buried from his late residence, 3337 Spaulding street at 1 o'clock. Rev. E. C. Curry of Calvary Baptist church preached the sermon over the remains of Willard Johnson. bearers for the Johnson funeral were; Ray ing the reservation and replied that there Eiridge, Howard Fendelson, Frank Marks, Frank Fredricks, Lyle Smith and Willie Johnson.

Rev. P. M. Lindburg of the Swedish dian reservations. This is probably a Lutheran church officiated at the services of Carl Lundquist. The pallbearers for to frighten us into purchasing that road, the funeral wire: R. O. Alsman, Joseph but we are not in the habit of being Nichols, Ed Maloney, Edward Kauffone, Gus Lundall and Ray Klotz. Both funerals

NO TAXES FOR NINETY DAYS Judge Munger Continues Restraining

Order Against Collectors in Railway Litigation.

Judge Munger issued an order Wednesday morning in the United States circuit court. vacating the order appointing W. W. injunction matter.

The case now remains as a proceeding in equity and loth sides are given ninety right of way across the reservation long days, or until September 1, to take testibefore the Great Northern Nebraska exten- 1 mony and submit the matter to the court, The same general rule applies in the Burlington case, which is brought on similar

> The restraining order preventing the tax collecting officials of the several countles from enforcing the collection of delinquent taxes by distress warrant against the railroads will therefore continue for ninety

days longer. Judge Munger Wednesday afternoon overruled the acceptance to the offer in the Burlington tax case. The case was argued before Judge Munger Monday morning. wherein the Burlington attorneys filed an exception to the answer of Attorney General Norris Brown on behalf of the various county treasurers of the state relative to Equalization. This decision of Judge the same footing with that of the Union Pacific tax case.

Munger now places the Burlington case on spring Chickens Are Plump, but Searce and Costly Even to the Rich.

Plump spring chickens are on the market ow, though in very limited numbers. Two weeks ago a small consignment came in, but none others arrived until yesterday. They are, of course, all incubated fowis, and thus far they have come from the Building Inspector Withnell has started western part of the state. A lot of fine ones ut to send a number of structures within has just been received by the David Cole company. They weigh from one and onehalf to two pounds, are of firm, white dition, to the happy hunting grounds. Ho flesh and exceedingly plump. They are very young fowls, having been rushed to

The buildings marked of feeding could make them grow. Their appearance indicates that they are toothsome birds, Indeed, but the price-oh, if he wishes to buy a single fowl at the the retailer, making a total of perhaps 75 cents. On account of the high price the local demand has not yet been large and

the dealers have been able to meet it. The fowls will be coming in every week now, but in such small numbers that there will not be any cousiderable decrease in the price for some time. In June they will be more plentiful and cheaper, and in July

ARGUMENTS ON MOISE CASE Gurley and Baxter Thresh Out Charge of Violating Pederal Revenue Laws.

Arguments were submitted in the case of the United States against Walter Moise & Co., Tuesday evening in the matter of the seizure of seven barrels of whiskey by the United States revenue authorliles several months ago, because the revenue stamps on the casks indicated a greater quantity of whiskey in the casks than was actually in them.

W. F. Gurley made the argument for the Moise company, holding that the stamps indicated the maximum capacity of the casks and that it was not materfal as to the actual contents, as the govern ment was in nowise defrauded, in that there might have been even a less quantity. The government, through District Attorney Baxter, took a different view, olding that the tax stamp was placed there to indicate the actual contents and that it would have been equally illegal to have had a greater amount of spirits in the casks than a less quantity than indicated by the tax stamps.

A greater part of the afternoon was spent in the arguments and the case was finally taken under advisement by Judge Munger, who will hand down his decision at a later day.

ENGLISH PREACHER COMING Rev. William J. Dawson of London Will Hold Evangelical Con-

ference in Omaha. Rev. William J. Dawson of London, England, is coming to Omaha under the auspices of the Congregational churches, to hold an evangelical conference.
