DES MOINES WINS IN TENTH

Close Decision Gives Game to Iowans and Losers Raise a Row.

DOLAN AND MARTIN LED OFF FIELD
Spectacular Game, Which is Omaha's Up to Ninth, Goes to Local Team by Fluke in Last Half of Tenth.

DES MOINES, May 6.—(Special Telegram.)—Des Moines won in the last half of the tenth, 4 to 3. The teams tied in the last of the ninth on a close decision at the home plate, and in the grand round that followed Dolan and Martin for Omaha scored two in the second and Des Moines one. In the ninth Fluke, for Des Moines, came in from third on a ball that passed the catcher. Freese ran back fifteen feet, got the ball and met Fluke at the plate, where the two men and Burns fell in a heap and a row followed. The game was far more spectacular than yesterday's. There were men on bases in every inning. The winning score was made by Hogreiver. The first three men up in the last for Des Moines made safe hits, winning the game. The first part of the game had many errors. The pitching was good by both teams. Attendance, 1,300. Score:

AVERAGE WORK OF OMAHA'S TEAM
Showing of Weak Hitting and Close Fielding Made So Far.
Up till today the Champions have been in nine games, have won four, lost four and tied one. The records made by the players show some surprising statistics, especially at the bat. Buck Thiel, for example, doesn't seem to have his eye on the ball at all, and yet he has made more runs than any man in the team. Jack Thomas is rapping them out at a most satisfactory rate and in fielding well, his three errors being all made in one game. The figures are:

Opening Game at Omaha.
Bourke and his champions will start the season's fun at Vinton Street park Monday afternoon with the Des Moines bunch as their adversaries. Harry Zimman will make the welcoming speech and also pitch the first ball across the pan, and all of the old favorites will be on hand, including Bill Gerke with his red terno, which will get the crowd cheering every time he comes up a little. Dave O'Brien will be in the stand with some new noise-making contrivance to stir the nerves of the women and Hughes, the South Omaha stockman, who has not missed a ball game in ten years, will start the season right. Brother Dave has promised to have the fence all repaired in spite of the rain and the amateurs have promised not to tear too many holes in the ground and the game will be on at 2:30. The home team will be here for four days and Thursday will be women's day. The trouble will be with the teams.

Creighton Defeats Bellevue.
Creighton University defeated Bellevue College yesterday, by a score of 10 to 3. This gives Creighton the lead in the chase for the pennant of the newly organized Central League. Heavy hitting was the feature of the game, and Creighton made nine. The atmosphere was not conducive to fast ball playing. For Creighton Ketcher pitched the first two

ings, but was succeeded by McCormick. The third, Ed Croighon bled as usual, but a steady game behind the bat. The battery for Bellevue was Brown and Crossman.

Teams in the state are a little slow in organizing in the spring, but they will all surely have teams when the good old summer time rolls around.

Fans are requested to call them Nationals on the morning of the game. The team will be riding in the bus to the ball grounds. Not only thinks that it is a Jonah to sing, but thinks that it is an opportune time to talk over the prospects of the coming game, what they will do in the event that Rourke does not permit him to participate in the early game, but prefers to have him wait for warm weather, when he is at his best.

REO
Come and see the motor-car that actually saves you money. REO economy is real economy. It is in the price; in the maintenance; and in the pleasure and satisfaction you get for your money. The price is short of all the premiums you usually have to pay for doubtful experiments, needless complications and an uncertain demand.

Mr. Olds, from his unrivalled experience, knew how to make the REO cars right, from the start; and phenomenon of the large and definite scale which means the most for the consumer's money.

An engine of unequalled power for its car weight; a vibration-proof radiator; uncommonly strong and effective transmission; sensitive and certain control; new and improved mechanism at every point usually found weak or deficient in motor-cars; and luxurious perfection of carriage-building—all these give the speed, safety and enjoyment in all weathers and on all roads which mean complete satisfaction and economy.

REO
Come and see the motor-car that actually saves you money. REO economy is real economy. It is in the price; in the maintenance; and in the pleasure and satisfaction you get for your money. The price is short of all the premiums you usually have to pay for doubtful experiments, needless complications and an uncertain demand.

Mr. Olds, from his unrivalled experience, knew how to make the REO cars right, from the start; and phenomenon of the large and definite scale which means the most for the consumer's money.

An engine of unequalled power for its car weight; a vibration-proof radiator; uncommonly strong and effective transmission; sensitive and certain control; new and improved mechanism at every point usually found weak or deficient in motor-cars; and luxurious perfection of carriage-building—all these give the speed, safety and enjoyment in all weathers and on all roads which mean complete satisfaction and economy.

Rambler
The quality of the RAMBLER does not need to be mentioned with a question mark behind it, because years of use have proven that no mistakes are made in its construction. It is the only car in its class that you don't have to guess about. Would you not rather KNOW that you are getting a practical and serviceable machine than to let some factory experiment on you?

Don't buy until you give us a chance to prove that we have what you want.
