Don't Be a Ready-Made Man

THE GOOD dressers are not the READY-MADE MEN by any means! There's a set

and hang about the "Tailored Suit" that you can get only when you're measured for it.

You'll have to look at our tailoring stock for display of fineness.

A most generous variety—draped side by side—so that comparison and choosing is made easy.

Trousers, \$5 to \$12

Suits, \$20 to \$50

It is in what is called the TAILORING—that the real quality of a garment lies.

The sewing of the seams—the edges—the pocket points—the shaping and finishing.

These are the points that add cost—and gives quality to properly made garments and they are the particulars of which the average buyer knows the least.

Have a chat with one of our salesmen. You'll glean some interesting pointers on Tailoring facts.
