Many Injured Will Die. OKLAHOMA CITY, Okl., May 12.-Mayor J. F. Messenbaugh of this city returned from the storm-stricken town of Snyder today and speaking of the conditions prevailing there said:

The dead will number 199 there and I think it will run beyond this number, as many entire families are entirely missing and cannot be accounted for, either among the dead or injured, and besides the reports from the surrounding country are very meager and will undoubtedly add later many more to the awful list of victims. I should judge that the injured will number nearly 290, about 29 per cent of whom will die, as there are many whose injuries are pronounced fatal by the attending physicians.

Every building in the town is damaged and three-fourths of them are good only for kindling wood and cannot be repaired at all. Everything north of the track is com-

all. Everything north of the track is completely destroyed, even the grass being killed. The ground looked as if it had been run over by a big harrow.

The track of the storm has been determined for a distance of about twenty-two miles, but the dead and injured in its track will not be known for some time, as every ene in the vicinity of the town is nerveracked by the awful sights that they have seen and are in a bad condition to report accurately such a disaster.

Thirty boxcars belonging to the 'Frisco road were smashed to pieces and the round-house is a mass of ruins, as are the cotton gins.

Plenty of Help on Hand.

There is plenty of help on hand to take care of the wounded and homeless and to perform the last sad rites for the dead. About eighty graves were dug yesterday and those who are to be buried at Snyder will soon be consigned to their last resting place, while others will be shipped to other

place, while others will be shipped to other towns for burial.

The train which left here last evening got into Snyder this morning at 3 o'clock and turned around and came back to this city, arriving here at neon today. Twelve dend and injured were taken to Lawion on that train and five were brought to this

city enrolite to Norman.

Those who passed through the terrible storm say the full force of the storm did not last over five minutes, coming just after a heavy rainfall, and no premonition of the storm was given.

It is stated that many of the buildings of the town were covered by tornado insur-

It is stated that many of the buildings of the town were covered by tornado insurance, but how many and to what extent it is impossible to find out at this time.

The scene in and around the town is one that once witnessed would never be forgotten, the army of willing workers taking care of the injured and preparing the dead for burial; the utter destruction of dozens of buildings; the dead bodies of hundreds of horses, cattle, hogs and chickens; the scattered household goods from hundreds of homes; weeping children hunting for parents; the husband seeking his wife; others looking for friends and relatives, all go to make a scene that words cannot describe and remipds us that One with a force mightier than ours holds us in the hollow of His hand.

Fully 20 per cent of the injured will die. Nearly all are injured in the head. Of the dead 90 per cent were killed by injuries to the head.

Storm at Marlow and Chickensha.

Storm at Marlow and Chickasha. GUTHRIE, Okl., May 12.-A terrific wind and hallstorm struck Marlow, I. T., this morning about 9:30. Many business houses were damaged, awnings and roofs blown off. Light structures were demolished and much damage to residence property is reported. The Catholic church was lifted from its

foundation. Two persons were seriously in jured, one a child of John Hutchinson, and the other an unidentified man. The two cotton gins were damaged. It is estimated that the property loss will amount to over

The storm also damaged property at Rush Springs. At Chickasha the wind blew fuclously and rain fell in torrents. J. W. Cawart's house was struck by lightning, the occupants being badly shocked.

STATES ATTORNEY DISPLEASED

Illinois Official Thinks Attorney Dencen Never Saw Application for Oil Men's Requisition.

PEORIA, Ill., May 12-According to a statement made today to the Associated Press there was no error in the requisition papers for the two indicted Standard Oil officials presented to the governor, but the authorities at Springfield, acting, presumably, on the advice of the attorney general's office, refused to grant them, on the ground that as the alleged subornation of perjury was committed in Ohio, the men should be punished there.

State's Attorney Schaffer says that he does not believe that the governor ever saw the papers and that he is going to lay the matter before him personally,

Sheriff Clay of Tazewell county took the papers to Springfield and they were prewould not be signed for the reasons given above..

Mr. Schaffer is now convinced that a se Standard Oil company was present during the session of the grand jury which indicted the two officials. On returning unexpectedly to his office one day he found a stranger in his office.

"Do you want to see me?" asked Mr. Schaffer.

"No," replied the man. "I just came in to look at your court house. It is an oldtime building and I came in to look around."

Schaffer will make a personal visit to Springfield early next week to make one more effort to get the necessary papers for the extradition of the two men. C T. Collins of Cincinnati, one of the

men, has made a statement to the effect state's attorney says he does not intend to depend upon this.

Team Owners' Association Tell Drivers The r Cause is Lost.

ADVISE LEADERS TO END THE FIGHT

Tenmsters' Joint Council Will Meet Tonight to Consider Question of Calling Off the Struggle.

CHICAGO, May 12.-Three severe blows were dealt to the cause of the striking teamsters tonight, and as a result the governing body of the organization, the teams ters' joint council, will tomorrow night to decide whether or not the strike shall be called off. The decision to call this neeting of the council followed a two hours' session between the officials of the Teamsters' union and the Team Owners' association. The members of the latter body have all through the present strike been favorable to the teamsters rather than to the Employers' association. To night, however, the team owners bluntly informed the teamsters that their caus was lost and that the best thing they could do was to call off the strike and do it at once? The teamsters demurred, but the team owners, who have been their chief relance since the commencement of the fight, were obdurate and the meeting of the coun-

cil was set for tomorrow night. The second blow came also from the Team Owners' association, when the resignation of John C. Driscoll, its secretary was tendered and accepted. Secretary Driscoll has been an official of the Team Owners' association since its inception, sevexact nature of the difficulty that led to his resignation is not known.

Manufacturers to Aid Employers. The third blow was administered at the meeting of the Illinois Manufacturers' association, which is made up of business men from all parts of the state. At a secret meeting held tonight at the Auditorium hotel the members of the association unanimously decided that they would uphold the cause of the Employers' association, which has been conducting the Echt against the striking teamsters, and was injured. At Ashtabula Charles Perala that they would do all in their power to make the Employers' association a per manent institution. The proceedings at the meeting were conducted with all possible secrecy, even the waiters being excluded from the room for fear that they might divulge what had transpired. Speeches were made by several members of the association, pointing out that it was the duty of the organization to stand by the Employers' association, and when the final vote was taken not a discenting vote was cast.

Employers Reducing Force. Employers today began the execution of new policy as to the teamsters' strike, men in various manufacturing industries being laid off because of the lack of business brought about by the strike. At Employers' association office it was said th number of men laid off on account of dullness in the trade and consequent lack of femand for certain manufactured goods would run into the thousands and would continue unless normal business conditions returned soon.

Hundreds of wagons were sent out today by strikebound houses, advertisements for teamsters filled the newspapers and on sented to the governor's secretary. Later every side was evidence of the aggressivethey were returned to him with the state- bess of employers. The department stores particularly caused large advertisements appear simultaneously in the newspapers announcing that men are wanted to "fill cret service man in the employ of the permanent positions" as teamsters and drivers. Protection was promised to prospective drivers and the character of men the department stores desire to recruit was indicated by the fact that references are required from applicants. Most of the advertisements state that "union or nonunion" nen will be accepted.

> Kinsley's restaurant, famed as the scene of banquets, where presidents and royalty have dined, has been turned into a hotel, where nonunion white and colored teamsters are housed and fed.

FEAR DEMONSTRATIONS SUNDAY Revolutionary Proclamations Throws

Broadcast Over St. Petersburg. ST. PETERSBURG, May 12 .- The workmen seem determined to make a demonstration Sunday. The social revolutionists are scattering broadcast the most incendiary proclamations and are also trying to close shops by sending the owners threats to pillage their stores unless they close up. Many fantastic reports are in that he will come if he is wanted, but the last night decided to not treat with the circulation to the effect that workmen are drilling in the neighboring forests, testing bombs, etc. Nevertheless, the authorities appear quite confident, saying that the agitators will force the workmen Several local societies have formally requested the town council and Governor to work, and tonight the boss carpenters, General Trepoff to permit the workmen to meet, parade and make pacific demonstrations. General Trepoff says he would be glad to agree to this if he had any assurance that the hot heads would not display red flags, sing revolutionary songs or compel interference, which is sure to lead to bloodshed.

COFFEE HEART Very Plain in Some People.

A great many people go on suffering from annoying ailments for a long time before they can get their own consent to give up the indulgence from which their trouble arises.

A gentleman in Brooklyn describes his experience as follows: "I became satisfied some months ago that owed the palpitation of the heart, from which I suffered almost daily, to the use of coffee, (I had been a coffee drinker for

50 years) but I found it very hard to give "I realized that I must give up the harmful indulgence in coffee, but I felt the necessity for a hot table drink, and as tea is not to my liking, I was at a loss

for awhile, what to do.

"One day I ran across a very sensible and straightforward presentation of the claims of Postum Food Coffee, and was so impressed thereby that I concluded to was named to prepare a program for the give it a trial. My experience with it was insatisfactory until I learned how it ought to be prepared-by thorough boiling for not less than 15 or 10 minutes. JEROME DEFENDS ACTION OF RAND

Says that Conviction on Another Trial is Impossible and Dismisses Case-Girl Goes to See Her Mother.

NEW YORK, May 12.-After more than eleven months in prison and three mistrials on the charge of murdering Caesar Young, Nan Patterson walked from the Tombs today a free woman. As she left the great building which has been her home since a few days after Young was found dying it a cab in lower New York, 2,000 people greeted her with cheers, for the news that District Attorney Jerome would move for WASHINGTON, May 12.-Some matters her dismissal from custody had spread of importance were considered informally throughout the vicinity of the courthouse at today's meeting of the cabinet, but no But the accused girl had but a few seconds decisions of questions of concern were to see and hear the demonstrations before reached. The move to discharge Nan Patterson came rather unexpectedly to the public. It was an hour or so before noon when District Attorney Jerome appeared before Recorder Goff in special sessions and announced that he desired to move the discharge of the former chorus girl without bail and on her own recognizance. This announcement followed three trials for murder. The second and third of these trialsin Washington Sunday and the probability the latter concluded but a few days agoresulted in disagreements; the first in the discharge of the jury because of the illness of a juror before the case had been concluded.

Speech by Jerome. District Attorney Jerome announced his decision to free Nan Patterson in a speech in the course of which he declared that during two of the trials of the girl all the evidence in the possession of the district attorney's office had been presented to the court and that in both cases there had been a disagreement. He said he did not wards the boy was found and was taken members of the president's cabinet who are believe that at this time, in this county, and to the police station. Captain Mostyn dis ther trial would result in anything els than a disagreement. Then he declared that during the last trial he had information that the members of the jury had agreed that J. Morgan Smith had bought the revolver, that Nan Patterson carried it in the cab and that Caesar Young did not commit suicide. He took occasion to refute pubished reports as to the cost of the proeedings. Following this line he declared that the newspapers had made "gross mis-

representations," and then said: representations," and then said:

This case has caused one more step in this county toward trial by newspaper rather than trial by jury. I do not refer to those papers which have merely reported the proceedings, but to those who in their editorial rooms have labored to arouse sympathy for the prisoner, with the result of a serious miscarriage of justice. of the canal is a stupendous project, it is by no means one which cannot be conquered and put through to a successful finish. As a matter of fact, there are just two principal propositions, and I enumerate them this way:

Climatic conditions—The solution for this lies in sanitation. We will have the greatest sanitary experts in the world associated with us and I am sure that we will overcome the climate.

Labor—The solution for the difficulties involved in securing enough of the right kind of labor lies in fair treatment, fair wages and for enforced sanitation. The engineering problem is not more difficult than others that have been put through successfully. Its lumensity—is the only staggering thing. The same organization and the same forces applied to this project that are used in less gigantic enterprises of the same kind but on a similarly large scale, will in my opinion make a successful job. one days for return, and good for stop overs in both directions at nearly all points South of the Ohio River. Tourist sleepers have been chartered which will leave at 7:25 A. M. Monday, May 15th, 1965, and make the trip through to New Orleans, returning to Chicago at 2:30 P. M. May 24th. The rate per double berth in these sleepers will be \$10.00, which covers use of berth from starting point back to Chicago. Applications for reservations in these sleepers, accompanied by draft for \$10.00 should be sent to J. F. Merry, Asst. Genl. Pass. Agent, L. C. R.
