Week, but Buck Thiel is Notable.

Eddie Quick's plunge into the list of 300 hitters is the sensation of the week so far as the Omaha base bail team is concerned. It is understood that the handsome right-hander promises that he will never do it again. Next to the performance of Quick comes the notable improvenient in Buck Thiel's work at the bat. His friends were much astonished and chagrined to find bim so far down on the list last week, and they will be delighted to note the improvement he has shown as the result of six games on the home ground. Last Sunday Buck's batting average was 321, but he went to work with a will during the week, and now is hitting at the terrific clip of .023. It s a cinch that if Buck keeps on at the rate he has started that Napoleon Lajole will kick himself for envy. And at that Thiel has scored more runs than any other man on the team. Harry Welch got around the bases twice without hitting safely once. Thiel, Carter, Welch and Schipke shot their fielding records all to pleces during the week, but each of them had a hard time, and each made his biunders trying to win. Thomas is playing a line game, and Gonding, Dolan and Martin are sticking right along with him. When the wet and chilly weather is over, the boys will hang up some different marks. None of them are discouraged, and Papa Bill is confident. Week, but Buck Thiel is Notable. weather is over, the boys will hang up some different marks. Jupiter Pluvius saved either Omaha or Denver from defeat at Vinton street park Saturday afternoon, but which it was will have to be decided at a later date. The same teams will play this afternoon, and if the day is bright the stand and bleachers will not hold the crewd, which will be sure to turn out for the first Sunday game of the season.
