The council, in general committee session esterday afternoon, agreed to vacate a mall part of Pine street at Second street to that it can be purchased by Mr. Her. This, the latter says, means that the Holland Radiator company will establish a oundry on the location, inasmuch as nough ground will be provided with the vacation and sale of the strip of Pine street. The company is one of the oldest radiator nanufacturing firms in the country and has factories in New York, Chicago, Pittsburg and other cities. It is planned to employ about fifty men in the Omaha foundry, this point being desired for manufacturing because of its advantages as a distributing center. This is another deal that Mr. Her xpects to close up on his trip east.

Mr. Her has just returned from Kansas City, where he saw the Dean brothers, who want to go into the hotel business here, and whose coming hinges on the construction of a new twelve-story Her Grand hotel suilding at the corner of Sixteenth and Howard streets, now occupied by a brick building used by the present hotel. Foundation of Brandels Block. The contract was let yesterday to D. L. Shane for the building of the foundation for the new Brandels department store at Seventeenth and Douglas streets. If the weather continues good this week, so that the work of excavation may not be interfered with the laying of the foundation will begin next Monday. It is to be laid ten feet below the level of Sixteenth street. This will make it about sixteen feet below the level of the New York Life building.
