AMES TRACK MEN ARE BUSY College Team Hustling for State Meet and Has Bigh Hopes.

AMEE. Ia., May 16.—(Special.)—With less than two weeks before the state meet Ames athletes are now improving every opportunity in preparing themselves to the best advantage for the all-important contest. At the dual meet with the State university last batuiday in the majority of events the men did not make the records that were made on the some neid with Drake university a week previous Nevertheless, in some of the events a decided improvement was noticeable. Iowa showed up in some of the events better than was expected, and instead of a victory with hands down. Ames was compelled to get down to real earnest work in order to win.

Play for Fuster Cup Postponed. The golf committee of the Field club has decided not to have play for the Foster cup next Saturday, but rather to post-pone until some latter day. This was decided upon because of the lack of records on hand of the play of some of the younger members. The season has been se backward that few games have been played

this spring by which to judge the relative ability of many of the players, and the Foster cup is too valuable to be allowed to go to some one who gets a handicap to which he is not entitled. The committee has sent out cards to all members asking that they send in their best scores for three games so that the committee will have some basis on which to make the handicaps Yachts Entered in Contest for Emperor's Cup Expect to Start at Noon.

DES MOINES, Ia., May 16.—President Morris O'Neill of the Western League, is investigating a plan to provide an eight-club circuit for the Western League by the addition of Joplin, Mo., and Pueblo, Colo. An emissary from Sioux City, whose name is not divulged, has visited the two cities mentioned and has returned with a favorable report. A formal report will be filed shortly and a special meeting of directors will be called to consider the matter. NEW YORK, May 16.-Eight of the eleven achts entered for the 3,000 mile race across the Atlantic ocean for the \$5,000 cup offered by the German emperor, lie snugly at anchor within the shelter of Sandy Hook The Onimods won the first of a series of games between the Acorns, the Onimods rolling up a score of 2.632. The score: tonight, for the start of the race had been postponed until noon tomorrow because of the fog. A dense blanket of mist hung all day over the Hook and the sea outside, where the start was to have been made, and at nightfall there was nothing to indicate clearer weather tomorrow. The smallest yacht in the fleet, the American schooner Fleur De Lis, owned by Dr. Lewis A. Stimson of the New York Yacht club, had been run down by a scow in tow while the yacht was at anchor in the lower bay before daylight today, and so damaged that repairs were absolutely necessary before could have started in the race. It was towed into Erie basin and the damage 2,654 was repaired. Dr. Stimson announced that he would be ready to start in the race to-New Motorcycle.

Louis Flescher gave a hill climbing exhibition and a demonstration with his new Indian motorcycle in front of his store on Capitol avenue Tuesday evening. The machine which Mr. Flescher used is the only 1966 model in the west and is equipped with spring fork, grip controller and friction clutch sprocket, all of the new inventions which any motorcycle have. It is equipped with one and three-quarter horse power and weights 110 pounds, which is one of the lightest made. It won all of the 1994 gold medals in competition. It has a tandem attachment and will carry two people as fast as it will one. A side carriage for ladies can also be attached, making a minature automobile. morrow. Though the starting committee had announced that the boats would be sent away unless the fog was of the "per soup" variety, the conditions were clearly dangerous. There was a splendid sailing breeze outside the hook, but it was dead ahead, and to have attempted to send the yachts away in it would probably have resulted in collision as soon as they began to beat to windward. The start of the race had been set for 2:15 p. m., but at that

The membership committee recommended that a membership resigned by one member of the firm could be transferred to another member without the payment of a fee, also that the outgoing officer of a corporation could transfer his membership to his successor without a fee being required. The plan was adopted. The finance committee reported affairs in

The Boys of Woodcraft is something of an innovation to the order, the one in Omaha being the first boys' auxiliary to be organized, and already it has been such a signal success that other camps throughout the country, seeing the Omaha boys at the national meeting, will institute the same sort of lodge.

The Seymour guards, who also have been In Chattanooga attending the meeting, re-

AGAINST PRIMARY LAW | son for a \$1,000 frame dwelling at 3816 City Clerk Elbourn Finds a Source

of Distress in Recently Enacted Statute.

City Clerk Elbourn is worried again. He as been trying to reconcile the new Dodge primary law with chapter 76 of article 1 of the general laws concerning registration of voters, and so far he has iot been able to do so.

The Dodge law says that primary elecions shall be held on the Tucsday seven weeks before general elections, which day shall be, also, the first day for registration. On the other hand the general law says the first registration day shall be the Thursday of the third week preceding nd week before and the last day the Saturday preceding. Furthermore that registration shall not be accorded at any other time, except for revision for elections other than general. This statement shows what Mr. Elbourn is exercised about, for the Dodge bill did not repeal chapter 76. Lawyers will be consulted and ttempts made to annihilate confusion, There is plenty of time for this, but some, and among these is the city clerk, who is vitally concerned, inasmuch as the matter touches duties of his office, would like

When you have

Water is to Be Supplied for Nearly Half Million Acres Now

formation that there is ultimately from 300,000 to 400,000 acres to be reclaimed the desert in western Necada by means be supplied during the next three years and 40,000 during the present year.

The land is located in a number of fertile valleys on the Truckee and Carson rivera, extending from the line of the Southern Pacific to a distance of as much as twenty five miles in different places from the road, The soil is adapted to alfalfa and all forage crops, the small grains, potatoes and other vegetables, beets and small fruits and the hardier deciduous fruits. The soil is similar to that around Sait Lake City and Ogden. The public lands are subject to entry

inder the homestead act, no price being charged for the land, but the cost of the irrigation works will be assessed against the land as a charge for water right, to be paid in ten annual installments.

That portion of the system now under construction consists of a canal thirty-one miles long to take the water from the Truckee river at a point ten miles above Wadsworth and to convey it to the channel of the Carson river, where a storage reservoir will be built. About five miles below this reservoir site the waters of the two streams will be led out upon the plains in two canals, one on each side of the river. Work soon will be begun on the regulatng gates at the outlet of Lake Tahoe Plans for future work involve the draining of Carson lake, which at present covers 25,000 acres of land and the reclamation of lands in the upper valleys of the Truckee The city has issued building permits to and Carson rivers. This irrigation is the J. W. Akin for a \$4,500 frame dwelling at largest which has been definitely outlined and approved up to the present time under Dosse for two \$1,000 frame dwellings at and Carson rivers. This irrigation is the largest which has been definitely outlined the irrigation act.
