Takes Issue with Leavitt.

MINATARE, Neb., May 16 .- Editor Bee: In a recent number of The Bee your Washington correspondent quotes as follows from the testimony of Mr. H. G. Leavitt before the committee on the Esch-Town send bill:

send bill: We farmers in Nebraska have had ex-perience with government agents. Invaria-bly those men are acquated rather by the desire to increase their own salary than to perform the duties of their office for the benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be benefit of the persons who are supposed to be state by a system of irrigation, as he was sent to do, is doing more harm by mismanagement than could be imagined from the government work and Nebraska farmers, cannot, see that anything buil harm will accease to them by putting the fallroad management in the hands of a commission that in all probability would not work any better. There is a good deal that might be said of Mr. Leavitt and his operations in this

of Mr. Leavitt and his operations in this and the adjoining county. Any extended

discussion, however, would divert attention from the particular facts I wish to emphasize, which are these: That there is absolutely no foundation for Mr. Leavitt's vicious attack on the character, motives Louis 7:20 a, m. The farmers of this region are all enthusiastic over the government work and not only do they not see any harm from government Irrigation, but I am safe in saying that nine out of ten of them are in favor of rate regulation by a commission. It is a matter of common knowledge here that Mr. Leavitt's hostility to the reclama-

Announcements of the Theaters.

Tonight at the Krug theater the Caldwell Stock company will present Edwin Milton Royles' great society comedy drama "Friends," for the remainder of the week with the usual Saturday matinee. The engagement of the famous star, Melbourne MacDowell, supported by the Caldwell Stock company, is announced by Manager Breed. The opening play beginning Sunday matinee will be "Antony and Cleopatra." The engagement of this talented and acknowledged star at such a time of the year shows remarkable progressiveness in Manager Breed, and it is safe to say that the forthcoming season will be a financial success. During Mr. MacDowell's engagement the fund for missionary work north of the will present five of the great Sardou Platte, the annual requirement for such

Bishop on Divorce.

Bishop on Diverce. By the prevalence of divorce the church has been aroused to a sense of its duty to impress upon her members the sanctity of marriage, and has sought by most vig-orous legislation to stem the tide of the alarming evil sweeping over the land. Mr. Rooseveit, in an address to a congress of mothers, said: "The census of American divorces is appalling. Easy divorce is a bane to any nation. It is a curse to so-clety, a menace to home and an incite-ment to married unhappiness and immoral-ity, an evil thing for men and a still more meat to married unhappiness and immoral-ity, an evil thing for men and a still more hideous evil for women." But I am not sure that in our actual contact with this evil as members of the church we are so strictly observing the existing canon, un-satisfactory as it is to me, that we are teaching people and enforcing reverence for the divine ordinance of marriage. Canons may be a schoolmaster to teach us a better and more excellent way if they are a better and more excellent way if they are interpreted and enforced.

For the enlightment of the clergy, Bishop Williams in his address gave the substance of the divorce canon of the church and quoted the amendment passed at the last convention. He said, after quoting the first part of the amendment:

first part of the amendment: Now comes the proviso, and I wish you to note the strictness of the definition: "That before the application for such mar-riage a period of not less than one year shall have elapsed after the granting of such divorce, and that satisfactory evi-dence touching facts in the case, including a copy of the court decree and record if practicable, with proof that the defendant was personally served or appeared in the action, be laid before the ecclesiastical au-thorities and such authorities having taken legal advice thereon shall have declared in writing that in his judgment the case conforms to the requirements of the canon," and provided further, "that it shall be within the discretion to decline to solemnize any marriage."

"The case against my brother is the outgrowth of some spite work on the part of certain individuals who were instrumental in bringing the indictment against Joseph and his 'on, Scott Sides. It is true he had some land under tence up in that vicinity of the bad lands, but as soon as he was notified that the fencing of those lands was illegal he immediately removed his fences and he has not had any public lands under fence since then. What lands he now has under fence are leased lands and there is not now nor has there been for two years a rod of unlawful fence on his ranch."

A HAIR INVIGORATOR

Just what its name implies. It supplies nourishment, the elements of growth, which, when absorbed by the hair, strengthens and beautifies it in the same way that sap glorifies the foliage of a tree. Even when the follicles are seemingly dead, if the scalp is massaged daily with Mme. Yalo's Hair Tonic a vigorous growth will be produced. It has honestly earned its title of "the great hair grower." It stimulates the most stunted growth and makes the hair magnificently healthy and beautiful.

MME. YALE'S HAIR TONIC

Is prized equally by men and women, particularly when the hair begins to weaken or fade. Cures baidness, grayness, splitting of the hair, dandruff and all diseases of the hair, scalp and beard. One application stops hair falling. A nursery requisite; no mother should neglect to use it for her boys and girls; when the hair is made strong in childhood it remains proof against disease and retains its vigor and youthfulness throughout life.

MME. YALE'S HAIR TONIC

Is a coloriess, fragrant, delightful hair dressing; neither sticky, gritty nor greasy; makes the hair soft, fluffy and Contains no artificial coloring: would not soil the whitest hair; restores original color by invigorating the scalp and re-establishing normal circulation and proper distribution of the live color-ing matter.
