As this hand forms the finest drill ground in the country, the loss of the bridge has been sorely felt. As a re-suit of the recent visit of the order of staff and the quartermaster general, a new bridge is now practically assured, and the work of construction will probably begin herore june 30. The bridge will be of steel-concrete, strong enough to enable the com-mand to cross continuously and rapidly. It is also probable that authority will be given to construct a garbage crematory, a band stable in the cavairy subpost and culverts over Gne-Mile and Three-Mile creeks. Decoration Day will be observed as a holiday here. The Ninth Cavairy band, one squadron of mounted cavairy and one battery of field artillery, will be ordered to proceed to Junction City in the morn-ing, to participate in the memorial cere-monies, the artillery to fire the salute there. At the post the national salute of tweny-one guns will be fired at noon. All other duties, except the necessary gunrd, police and stables, will be negended dur-ing the day. Council Meets Tonight.

The city council will meet tonight in adjourned regular session, when the resolution calling for the paving of a number of streets will be brought up for final action. Mayor Macrae has, as already made public, vetoed the resolution, and it is understood that there will be a sufficient number of votes to pass it over his head tonight. The mayor is opposed to the use of home made brick for the lower course and insists on concrete being used, while a majority of the aldermen, it is understood, take an opposite view of the matter and are in favor of the home made product as against concrete on certain streets where the traffic is not heavy.

Medicine Man Indicted.

Among the indictments returned by the recent grand jury was one against F. H. Parker, proprietor of a patent medicine show, on the charge of selling medicines without a license. Parker was arrested at Charter Oak Saturday evening by Sheriff Canning and brought to Council Bluffs and lodged in the county jail late that night in default of bail. He had not succeeded in furnishing a bond yesterday. Parker had his show at Neola, this county, about a week ago and went from there to Charter Oak, Crawford county.

Grundy County Liquor Case. GRUNDY CENTER, Ia., May 28-Spe-

Grundy Center liquor case, ruling adversely to the saloon men. The case attracted was fought.

During November, 1904, the saloon men circulated a petition of consent. At the general election 3,119 votes were cast and when 2,105 signers were secured the canvass was ceased as this number was seventyseven more than the requisite 65 per cent. The Anti-Saloon league circulated a petition of withdrawals and secured 239 who had signed the mulct petition to withdraw their names. 'The Board of Supervisiors in canvassing the petition refused to con-

sider the withdrawals and decided in favor of the saloon men. The case was then tried in the district ourt, appealed to the supreme court and
