The Best Natural Purgative Water  
in Bilious Attacks and  
Disorders of the Liver.

## "It's the Only Ice"

to which the term "dainty" can be applied with propriety," is the way one of Omaha's best known society women described our product to a friend.

We received that friend's order to deliver our

## DISTILLED WATER ICE

at her residence regularly. We never thought of calling it "dainty," but it's quite an appropriate term.

Its purity is so absolute that you will not be satisfied with anything else when you see it.

### GREAT WESTERN IS HEARD

Thinks Its Omaha Property is Valued at  
from \$100,000 to \$130,000.

BOARD IS INCLINED TO PUT IT HIGHER

Irrigation Company Complains It Has  
Too Much Water in Its Ditches  
at the Present  
Time.

(From a Staff Correspondent)

LINCOLN, May 31.—(Special.)—The Commission of the Great Western appeared before the State Board of Equalization and Assessment this afternoon and testified that the terminals and franchises of the company at Omaha were worth, in his estimation, from \$100,000 to \$130,000. He was well informed, but could not figure that the property had any greater value. The amount he gave covered the right to use the Union Pacific passenger terminals, various freight tracks and real estate.

The members of the board are in a mood to assess the property at a much higher figure than the tax commissioner gave as the true value.

When the present session of the board concludes with the assessment of 1906, several new railroads will have been added to the taxable property of the state. In addition to the Great Western, the Illinois Central, the Wabash and the Milwaukee will be required for the first time to pay taxes on the valuable terminal privileges which they enjoy under an arrangement with the Union Pacific. Witnesses have testified before the state board that each road paid the Union Pacific \$45,000 a year for the use of the terminal. The board has been inclined to regard the right to do business as a franchise, independently of the value attaching to the trackage rights. In addition there is a possibility of an increase in the assessment of the Omaha Bridge & Terminal company from the \$30,000 assessment of 1904. All of the additional taxable value thus secured will help swell the revenue list of Douglas county, since these interests involved in the terminals question do not extend beyond the county boundaries. The Blue Line, owned by the Missouri Pacific, has asked for a decrease from the assessment of last year, when it was lumped with the main line mileage, but the request will probably not be granted.

### Contest Over Water.

Secretary Dobson of the State Board of Irrigation has received a protest from the owners of the Eaton & McGrath canal complaining because the Western Irrigation Canal company is allowing its surplus moisture to find its way into the complainant's waterway. This is the first time that a complaint has come from that section of the state because of an excess water supply. The canals are located on the South Platte river, which in ordinary years goes dry during the height of the irrigating season. Little trouble is anticipated from that source this year.

### Examinations for Medics.

The board of trustees of the State Board of Medicine is holding an examination for eighty-one applicants for medical certificates. Most of them are graduates of state colleges. A few women are taking the examination.

### Will Try to Supply Harvest Hands.

Labor Commissioner Bush announced today that his department will undertake to supply Nebraska farmers with harvest laborers. Some inquiries are being made, but the harvest is still in the future. As soon as the demand becomes more specific an effort will be made to bring it into touch with the supply. The department will cooperate with the labor bureau in rounding up labor in directing the surplus labor supply as far as possible. Bush is not in possession of sufficient data yet to enable him to approximate the number of men needed to care for the crops. Last year, through the wide publicity given the efforts of the bureau, hundreds of collegians were led to apply for vacation jobs on the farms.

### Lincoln's Largest Real Estate Deal.

The biggest single deal ever carried out in Lincoln real estate is alleged to be that of the transfer of the Armstrong Clothing company building from Samuel Hirsch of New York and John J. Hirsch of Chicago to the Miller & Paine company for \$80,000. The building is between Twelfth and Thirteenth on O street in the heart of the business section of the city. The purchasers take it as an investment.

### High School Class Breaks Record.

The graduating class of the Lincoln High school this year is the largest in the history of the institution. There will be close to 115 graduates, as compared with a record number of 110. The graduation ceremonies will be held at the Auditorium Friday evening.

### New Corporations.

The North Nebraska Mutual Tornado Insurance company of Norfolk has been granted a license by the state auditor. This company will be permitted to write business in Pierce, Madison, Stanton and Wayne counties.

The German-American bank of York, with \$100,000 paid up capital stock, has filed articles of incorporation in the office of the secretary of state. The incorporators are Joshua Cox, R. S. Carscadden and Louis W. Mittendorf.

### STOCKMEN MEETING AT ALLIANCE

Large Attendance Expected at Meeting of Association.

ALLIANCE, Neb., May 31.—(Special Telegram.)—The convention of the Nebraska Stock Growers' association, which opens here tomorrow for a two days' session, promises to outrank anything of the kind ever held here. The city now is well crowded with visitors and every train brings numerous additions. The bulk of the delegates, however, will be in on tomorrow, at which time the special Pullmans containing the South Omaha Stock exchange representatives will arrive. Congressman Kinkaid is here and will take an active part in the celebration. The first day will be given over to entertainment furnished by the citizens, the second day being reserved for convention business.

### FIRST DISTRICT CONVENTION

Each County Has a Candidate for Congress.

FALLS CITY, Neb., May 31.—(Special.)—The republican convention for the First Congressional district meets here tomorrow. Each county in the district has a candidate. Cass was instructed for E. M. Folland of Nebraska, Ote for William Hayward of Nebraska City, Johnson for A. B. Allen of Tecumseh, Nemaha for R. Neal, Pawnee for W. H. Wilson, Lancaster for Judge Holmes. Only a few of the advance guard are on the ground, and all are chary of making predictions, although it is recognized Holmes has the strongest position, as he needs only one county beside his own while to make anyone else requires a combination of the entire field.

### Old Man Run Down by Train.

OLUMBIUS, Neb., May 31.—(Special Telegram.)—William H. Carson, 75 years old, was run down today by Union Pacific passenger No. 4. He was picked up unconscious and removed to a doctor's office, where it was found that he was badly cut

about the head and face and sustained severe internal injuries. Carson came here about three weeks ago from Southern California. He is an old soldier, having served in Company D, Fifty-fourth New York. He had been in St. Mary's hospital here. There is little chance for his recovery. No blame is attached to the train crew.

### Goes to Sleep on Track.

ANGORA, Neb., May 31.—(Special Telegram.)—V. H. Pebernat, recently employed as a section man at Torrington, Wyo., was struck and instantly killed by a stock train three miles north of here today. When discovered he was sitting on the rail apparently asleep, but efforts to awaken him and to slacken speed were of no avail. The remains were taken to Alliance, where they await disposition by relatives in North Dakota. He was about 50 years of age.

### Killed by Kick of Horse.

VERDON, Neb., May 31.—(Special.)—E. G. Jora, living one mile west of Stella and one of the most prominent farmers in this section, was kicked by a horse and instantly killed last evening.

### News of Nebraska.

GENEVA—Tuesday was an initial Decoration day and more people attended than for many years. But sixty-one soldiers were registered.

BEATRICE—The Blue river at this point was the highest yesterday it has been at in thirty years. The waters began to slowly recede last evening.

OAKLAND—Word was received here today that Gottlieb Beestrom, youngest son of Mr. and Mrs. John Beestrom of this city, had been drowned in the Mississippi river at Mahan.

OSCEOLA—Mr. August Borchers was brought before the board of insanity yesterday afternoon and committed to the Missouri State Hospital at St. Louis this morning. Sheriff Hartman started for Lincoln to put him in the custody of Dr. Greene.

BEATRICE—Many of the farmers who lost their wheat crop by the hail are looking for the state board to make the road paid the Union Pacific \$45,000 a year for the use of the terminal. The board has been inclined to regard the right to do business as a franchise, independently of the value attaching to the trackage rights.

OSCEOLA—Horace A. Scott, who has been in the general merchandise business since 1873 (the oldest merchant in Osceola), has sold his merchandise stock to R. Krassa, who will occupy the finest store building in the village on the south side of the square.

WEST POINT—Memorial day exercises of the Republic celebrated on Decoration day, a large number of citizens and visitors participating in the ceremonies. Rev. C. A. Gleason, pastor of the Congregational church, delivered the memorial address.

BEATRICE—Word was received here yesterday of the marriage of Mrs. Ellen Miller and Dr. Rowell, two former residents of Beatrice, which occurred at the home of the bride's father at Richmond, Mo., where the doctor is engaged in business.

NORTH LOUP—The North Loup Grand Army of the Republic celebrated Decoration day by decorating twenty-one graves in the forenoon, and in the afternoon listening to an address by E. J. Babcock of North Loup, and martial music, furnished a platoon in the hands of Conrad Redove.

PLATTSMOUTH—William Doud, who was arrested last week on a statutory charge, was held in the city jail, and was bound over to the next term of the district court. He was released today on \$1,000 bond.

CEDAR RAPIDS—Memorial day was properly observed by the citizens of Cedar Rapids and vicinity. The day was bright and the large crowd listened to a splendid program appropriate to the occasion. Addresses were made by Hon. D. Camp of David City, Attorney Louis Lighten of Columbus, and Prof. George E. Kinden of Albia.

FREMONT—A big delegation of Elkhorn farmers and land owners were before the county board this morning to attend a hearing on the assessment for the construction of a large ditch. The majority were generally in favor of the ditch, but most every one thought he had to pay too much. The hearing was adjourned to June 2.

OSCEOLA—Rising Star lodge No. 75, Independent Order of Odd Fellows, had its usual semi-annual meeting Monday night and elected the following officers: W. J. Johnson, president; J. H. Johnson, secretary; Dr. L. M. Shaw, vice grand; T. H. Saunders, treasurer, and J. A. Snider, secretary. About a dozen officers more to appoint.

STROMSBURG—Memorial day was observed here in the usual manner. Services were held at the cemetery and paid their respects to the dead. At the Elks hall, a large crowd gathered for a hearing on the assessment for the construction of a large ditch. The majority were generally in favor of the ditch, but most every one thought he had to pay too much. The hearing was adjourned to June 2.

## KRANICH & BACH PIANOS

A. Hospe Co. show among their immense variety of leading pianos the favorite of the artists, the well known Kranich & Bach piano. This instrument is freely acknowledged the most perfect in finish and polish, the most unique in style. All this to satisfy the ever critical eye, which is important in detail.

From the standpoint of tone, of touch and of durability, the Kranich & Bach piano is unquestionably the most perfect all around art piano that is made in this country, or in fact anywhere in the world.

That which is the nearest of all things to the piano buyer is the exceptionally low price that this instrument is being sold for. A piano that is well worth the consideration of the best artists in the world, at a price that leaves for question as to its value within the reach of those who appreciate quality.

The interior, known as the scale, the action, the stringing the plate, the rest piano, the building the sounding board, too, is made of the finest spruce, without the use of any metal, which sustains the ribs thereon or the bridge. It likewise is built and constructed to the violin, and has the pure tone and carrying quality of this latter instrument.

The many expensive woods used in the construction of the Kranich & Bach piano puts them to the forefront in making a piano building the equal to it is built in the shape of a piano.

These pianos are now on exhibition and sale at the A. Hospe Co., where you will find Grand, Baby Grand, Uprights, Cabinet Grand and Uprights in beautiful finishes, Mahogany, French Burl Walnut, Butternut, Curly Birch, Rosewood and Oak—the most beautiful and handsomely grained veneers. The figures on the veneers being as beautiful as pictures.

OUR PIANO BARGAINS contain a number of choice Uprights, Grand and Square Pianos. Some fine Rosewood Uprights, full size, at \$100 on payment. Some high grade pianos as low as \$100 on \$6 payments. A few Walnut cases of eastern make at \$100 on \$6 payments. WE TUNE PIANOS. WE REPAIR PIANOS. WE MOVE PIANOS AND SHIP THEM.
