The rate of discount in the open market for short bills is 24 per cent; for three months' bills, 24 per cent. LONDON, May 31.—Money was much 151 1634, wanted and supplies were scarcer in the market today. Trading on the Stock exchange was quieter at the subsidence of the war news excitement. The movements were irregular. Congois were easier, but recovered at the close. Home rails were in good investment demand despite unfavorable traffic returns. Americans were quiet pending the receipt of New York's opening prices and were occasionally easier on realizations. The market railied later and closed firm. Japanese advanced on renewed purchases. Imperial Japanese government 8s of 1904 were quoted at 100%.

BERLIN, May 31.—Trading on the Bourse today was very quiet.
PARIS, May 31.—Prices on the Bourse today opened weaker, owing to the fear expressed in St. Petersburg dispatches that Russia will insist on a continuation of the war in the far east. Later peace sentiments predominated and strengthened the market, which closed firm. Russian imperial 4s were quoted at 88.55 and Russian bonds of 1904 at 500. St. Louis Grain and Provisions. HEIFERS.

HOGS—There was a good run of hogs here today, 171 cars being on sale. Chicago also reported a heavy run and early messages showed a decline of a nickel at that point. This fact had a bear influence on the trade here and buyers insisted on sellers making some concessions. The market opened in good season, but sellers were slow in meeting the decline and trading was a little draggy. After buyers and sellers got together there was a little more activity shown and the most of the hogs were disposed of in good season. The general quality of the offerings was about the same as for the last week. The bulk of the hogs sold 21-26c lower than resterday, or at prices ranging from 35.124 it 35.15. Some hogs sold 21-26c lower than resterday, or at prices ranging from 35.124 it 35.15. Some hogs sold at 50.174 and tops reached 35.20. Representative sales:
