Baptist Brotherhood Defended," and is in part as follows:

The recent coarse, cruel, and perhaps criminal, criticisms of Mr. John D. Rockefeller have maligned the entire Baptist denomination. His traducers are its defamors. Baptist pastors ought no longer to remain silent when their denomination is made the subject of such unjust criticism. As a member of the Baptist brotherhood, I protest against the condemnation of our churches by these cowardly and utterly unjust attacks. I affirm that the censures inflicted upon the denomination and upon Mr. Rockefeller as a prominent member of a Baptist church are unjust. I have known Mr. Rockefeller for many years, and my intimate personal acquaintance with him convinces me that he is worthy of the highest honor as a man and of the fulest confidence, esteem and affection as a Christian. I have taken pains to make careful inquiry regarding certain business transactions which have been the subject of fierce denunciation on the part of some of his critics and I do ef hesitate to declare, on the basis of sucknowledge, that these transactions, when fully understood and fairly judged, are in accordance with the lighest standards of commercial morality. My examination has shown me that many charges are based upon hal firuths, and that when the full truth was ascertained these very transactions redounded to Mr. Rockefeller's honor as a leader in business as that of the Standard Oil company it is inevitable that agents of the company perform acts without Mr. Rockefeller's knowledge and to correct instances of unjust and injurious over-zeal.

Hayes & Sons of Cleveland have returned the contract with the city after signing it. This signing of the contract binus these bankers to pay for the \$70,000 bonds within twenty days from the date of the contract. The twenty days will expire on June 11. It is expected out of the twenty-seven branch lines are that this ordinance as amended will go reported as having been operated at a through without any further objection. Preliminary surveys have been made of the ground to be occupied by the Peters feed mill and the expectation is that just as soon as the vacating ordinance becomes a law work on the tracks and mill will com-

mence. One of the claims to be considered will be the bill of Aftorney A. H. Murdock for assisting in the case in the district court placed in an incubator and will be kept when the city hall injunction case was there for some time. It is thought that called for trial. By order of the council all will live, as they are healthy and Mr. Murdock was employed to assist the city attorney in this case.

All this talk about myself or the board calling off the strike is foolish.
