Rough estimates made of the Russian losses in the battle fought in the Sea of Japan, exclusive of nearly 4,000 prisoners, vary from 7,000 to 9,000. It is feared that the majority perished. Calculating on the complements of the sunken and captured ships, 10,000 to 7,000 men remain unaccounted for. It is possible that the ships which escaped rescued some of the members of the crews of the less fortunate ships. Many bodies have been washed ashore on the islands and on the shores of the neighboring coasts near the scene of the battle,

Committee Asks Bis Removal from Head of Colored University.

CAT CALLS AT GRADUATING EXERCISES

Charged that He Refuses to Associate with Colored Professors on Terms of Equality and Also that He is Incompetent.

(From a Staff Correspondent.) WASHINGTON, June L-(Special Telegram,)-Rev. John Gordon, president of Howard university of this city, former pastor of a leading Presbyterian church of Omaha, is in a peck of trouble. Charges ire made that Dr. Gordon has refused to associate on a plane of equality with the olored professors, Howard university being in institution of learning for the higher education of colored men; that he has sought to enforce the supremacy of manual training and that he has ceased practically to visit and assist various classes and that his usefulness at the university was at an end. Rev. George White of North Carelina, former president, headed a committee which waited upon the board of trustees yesterday to protest against President Gordon's continuance as president of the university. The committee, which is made up of many of the leading colored people of the district, state that Dr. Gor don is incompetent and that his further ontinuance in office would be a serious bar to the success of the institution.

Tonight the graduating exercises of the oliege were held at Convention hall. It was evident a truce had been patched up but it is thought with the graduation off the boards, the attack on Dr. Gordon will break out anew. Dr. Gordon neither affirms nor denies the

charges made against him, refusing in any way to discuss the issues raised. Last night students of the preparators school openly insulted the president and when the last diploma was issued Presiashore off the coast of the province of dent Gordon showed his displeasure of the proceedings, which were marked with cat calls and hisses, by leaving the hall. > Compelled by Court to Do So.

CHICAGO, June 1 .- Charges of bribery against an official of the Employers' Team ing company were made today by President Shea of the Teamsters' union and by Albert Young, former president of the same or ganization. Young and Shea claim that they were offered \$10,000 two years ago to bring about a strike of the teamsters employed by the Sears-Roebuck company which is a rival concern of Montgomery Ward & Co. They said that they refused the money and the strike was never called Shea was the first witness and his testimony covered the offering of the bribe and his statement that he would not call the

strike "for \$100,000." Albert Young was then called and gave similar testimony. After leaving the jury room Young made statements to newspaper reporters, going more into detail than those he had made before the jury. He was again subpoensed and brought before the jury a second time. He refused to tell where the meeting had taken place, or name the men who were present when the \$10,000 was offered.

Young declined to give any good reasons for refusing the information and was taken before Judge Barnes, who was asked for a ruling on the matter.

Young Forced to Answer.

Assistant State's Attorney Fake informed that Young had admitted the presence of himself and Shea at the meeting, but declined to give the name of the business man who offered the money or of the man who steed as his agent.

"On what the court of Young's refusal to answer and

"On what grounds do you decline to answer these questions?" demanded the court. Di "On the ground that I might incriminate myself," replied Young.

"Do you honestly believe that by informing the jury of the place of meeting, as Due from approved well as disclosing the identity of the two reserve agents well as disclosing the identity of the two men, that those answers would incriminate you?" asked the court. "Yes, I do," said Young.

The judge then asked a number of questions and finally decided that Young would Fractional paper curnot incriminate himself and he ordered him o make answers forthwith. Young and the members of the grand jury then returned to the jury room and he

was questioned for an hour. He gave the names of the men offering the money, but refused, after leaving the jury room, to discuss what had taken place. State's Attorney Healy declared that all persons connected with the inquiry had been sworn to secrecy and that nothing of
