The OPPORTUNITY of TODAY

The opportunity for the man with little means is probably better today in the prairie states of the southwest than ever before in the history of the nation. To be sure, there is not a vast open choice of land for the homeseeker that existed in the '90s. The lands then taken up under Government laws are now prosperous farms and ranches. There is need of more hands to develop the country. In the Southwest, Indian Territory, Oklahoma and Texas, the vast areas of improved land not yet producing the crops of which it is capable. Practically the same thing is true of the towns. Few lines of business are adequately represented. There are openings of all sorts for wide-awake men. Are you one?

If you are interested, tell us what you want. How much you have to invest and we will gladly furnish the information. Write for a copy of our paper, "The Coming Country." It's free.

GRAND JURY VOTES BILLS

Indictments Returned in Connection with Chicago Teamsters' Strike.

SHEA'S CHARGES COME TO NAUGHT

Statement that He Was Offered \$10,000 to Call Strike Against Sears, Roebuck & Co. Not Substantiated.

CHICAGO, June 2.—Indictments connected with the teamsters' strike have been voted by the grand jury and will be returned in Judge Barnes' court tomorrow. The names of the men indicted could not be ascertained this afternoon.

It was reported, however, that bills would not be voted in connection with the charge made by President Shea of the Teamsters' union, that he was offered \$10,000 to call a strike against Sears, Roebuck & Co. It was found that the statutes of limitations barred any indictments and the evidence given was largely of a hearsay character. It was rumored that some indictments would be based on the charges of conspiracy to injure the business of a number of large concerns, and it was also said that some indictments would be found for perjury. There were, however, no definite, however, in any of these statements.

Thorne Before Grand Jury.
Robert J. Thorne, general manager for Montgomery Ward & Co., was before the grand jury this afternoon and while denying absolutely all knowledge of the \$10,000, said to have been offered to Shea and other labor leaders, declared that he did not even know Shea at the time the alleged offer of \$10,000 was made. He said that he first met Shea in April, 1905, and before that time had never seen nor spoken to him. This evidence is in direct opposition to that offered by Shea and Albert Young, president of the Teamsters' union. The jurors expressed themselves as anxious to hear from John C. Driscoll, former secretary of the Coal Team Owners' association, who was declared by Shea and Young to have been present at the time the offer of the alleged bribe. Driscoll, however, could not be found in the city, although deputy sheriffs have searched for him for the greater part of two days.

Teamsters' Joint Council Meets.

The members of the Teamsters' Joint Council will tomorrow afternoon at 2 o'clock inform Mayor Dunne of their final decision regarding the proposition of the Chicago Team Owners' association to arbitrate the question of deliveries to the boycotted houses. It was proposed today that this matter be left to a committee of seven representing the teamsters and a like number acting for the Team Owners' association. This was declined by the teamsters and they said they would consider the matter, promising to make a final decision by tomorrow afternoon.

Referred to Truck Drivers.

The demands of the members of the Team Owners' association for arbitration of whether or not deliveries shall be made to the boycotted houses have been referred to the members of the Truck Drivers' union. At a meeting of the Teamsters' joint council tonight it was decided that the members of this union, which is largely employed by the members of the Team Owners' association should decide the matter for themselves, the officials of the Teamsters union declining the issue.

The labor leaders had promised during the day that they would inform Mayor Dunne at 2 o'clock tomorrow afternoon of their decision regarding the proposition to arbitrate. At that hour tomorrow they will inform him that the matter has been passed over to the truck drivers. No meeting of this union will be held before next Tuesday, and the demand of the Team Owners' association for arbitration will remain unanswered until that time.

The teamsters employed by the Parmelee Transfer company, which operates the omnibus lines between the depot and the principal hotels, and does the greater part of the baggage transfer business of the city, have by a referendum vote decided not to strike. They had made a demand for an increase of pay, but it was refused and the old wage scale offered. The vote was 257 against a strike and twenty in favor of it.

Rioting in Lumber District.

Rioting broke out afresh today in the lumber district when a wagon belonging to Rittenhouse & Embree company was attacked by a crowd of 100 persons at Thirty-second street and Center avenue. The mob threw stones and pieces of coal at the nonunion teamster. Two policemen who were guarding the wagon were hit by the missiles and slightly injured. The police were obliged to fire several shots into the air in order to keep the crowd at bay. Upon the arrival of additional police the crowd quickly scattered. No arrests were made.

President Shea of the teamsters, supplemented his bribery charges today by declaring that an attempt at bribery was made by some of the big packers during the progress of the stock yards strike.

Saginaw Street Railway Strike.

SAGINAW, Mich., June 2.—By unanimous vote the employees of the Saginaw & Bay City Street railway systems of the interborough line, connecting the two cities, at a meeting held here today, decided to strike. The employees had asked for an increase of wages and the adoption of the "two turn" system of hours, both requests being refused by the company. Present wages on the city lines are 17 and 19 cents per hour and on the interurban line 21 cents. The men demanded 17 cents and 21 cents for the city employees and 23 cents for the interurban men. Cars are running.

NEW YORK, June 2.—The trial of Abraham Hummel, on indictments alleging conspiracy in connection with the Dodge-Morse divorce case, may not take place for several months. When the case came before Justice Day in the supreme court on the motion of the district attorney that a date for the beginning of the trial be fixed, Hummel refused to plead to the indictment and his counsel, Delancey Nicolli, made a motion that further proceedings on the indictment be withdrawn and that Hummel be discharged. When this motion was denied Hummel's counsel said that it probably would be necessary to ask for a long delay.

Gompers Blames Express Companies.
KANSAS CITY, June 2.—"The strike trouble in Chicago would have been settled amicably long ago," said Samuel Gompers, president of the American Federation of Labor, today. "If it had not been for the haughty attitude of the express companies. We still hope for an honorable adjustment. The organizations concerned in the Chicago strike can hold out for a very long time if necessary."

Mr. Gompers arrived here from Chicago today and tonight spoke at labor headquarters on "Organized Labor and its Political Influence for Public Good."

Strikes at Kansas City.
KANSAS CITY, June 2.—Differences between the master bakers and the union bakers that arose over a new contract threatens to result in a strike. The old contract expired on June 1. The 1,000 union bakers who struck yesterday are still out and as a result building operations are badly demoralized.

INTERNATIONAL LAW SOCIETY

Eminent Jurists Form an Organization to Aid the Arbitration Conference.

LAKE MOHONK, N. Y., June 2.—At a special meeting of the lawyers and jurists attending the arbitration conference here today, of which Oscar Straus was chairman and Prof. James B. Scott of Columbia university secretary, steps were taken for the formation of an American international law society. The following committee on organization was appointed: David J. Brewer, George W. Gray, Oscar S. Straus, John W. Foster, Andrew D. White, J. M. Dickinson, James B. Angell, W. W. Morrow, John W. Griggs, John Bassett Moore, Theodore S. Woolsey, George W. Kitchway, S. W. Vose, James B. Scott, Everett P. Wheeler, Robert Lansing, Chandler P. Anderson, George G. Wilson, Charles Henry Butler, Joseph H. Beale, Jr., and Charles N. Gregory.

The proposed organization was strongly endorsed before the conference by Judge Gray and Mr. Straus as most important advance movement in behalf of international peace.

The principal address of the evening was made by Prof. John Bassett Moore of Columbia university.

Among the other speakers of the evening was Prof. Charles Noble Gregory, dean of the law school of Iowa state university.

Censal General Uchida said he had been urged to attend the Japanese celebration in New York last evening, but had preferred to come here in the interests of international peace. He dwelt on the humanitarian character of war, its horrors and miseries, although, he said, it is sometimes unavoidable, as in the case of the present war in the far east. He hoped the time would soon come when all international disputes would be settled by peaceful methods.

The following platform was adopted:

"The eleventh annual meeting of the Lake Mohonk conference on international arbitration expresses its gratification over the settlement of disputes between nations during the past year. It is gratified that the ties of arbitration have been concluded and are now in force. The Hague convention commands increasing consideration among civilized people; its purpose and scope are better understood and its provisions have been resorted to with success in cases of content. As in the settlement of the North American dispute, the arbitration which it has established will become of increasing importance in maintaining the peace of the world."

The interests that contribute to the promotion of the cause are ever increasing. Those of the wage-earners are finding economic peace and the peace of the world is sensitive to disastrous interruptions by war, whether near or remote; the promoters of arbitration and peace are ever increasing the hindrance of their work by every disturbance of international peace and the sense of human brotherhood is increasingly felt and appreciated throughout the world. Arbitration promises show that the long darkness of barbarism is passing away and that the bright day of universal peace is at hand."

We are highly gratified with the efforts of President Roosevelt in promoting the cause of international peace and justice and rejoice in his call for a second conference at the Hague. We confidently expect that any cause of the international law that are now vague or undetermined will there find wise solution. We also hope that the confidence has been given to the cause of arbitration by the fact that no country ever yet has repudiated an arbitral award. We believe that the decrees of the international court will be best enforced by the power of the public sentiment and by the fear of the loss of world respect on the part of any nation against whom any award may be made. The formation of public opinion is an independent means for the promotion of every good cause and we desire to encourage all that will further the interests of international arbitration. Especially do we commend the students of our universities and colleges in this important matter, as well as the instruction of all the children in our schools."
