My body was covered with spots in size from a pin-head to as large as a silver dollar. A white, crusty scab would form and it h, and words cannot express the torture and humiliation I suffered for fifteen years. I tried many doctors, and all kinds of treatments, but could get no help, and I thought there was no hope for me. A friend told me to get Cuticura. I did, and in three days my head was as clear as ever. I applied the Ointment night and morning, also taking a hot bath three times a week, and using the Ointment freely after the bath. After using one cake of Soap and two boxes of Ointment I was completely cured, without mark or blemish. I was so pleased I felt like running down the street to tell every one I met what Cuticura had done for me. If any one is in doubt about this, they may write to me. (signed) H. B.
