DEMAND AGREEMENT FOR FIVE YEARS

This is Said low to Be the Plan-Company Claims No Money Can Be Made in Lumps at \$28.

The delayed application for a renewal of the gas street lighting contract, which expires December 31, is scheduled for the the statements of disinterested persons who guarded in the future, to be loyal to the restaurant at 605 North Sixteenth street? may they know what they are talking about. The present plan is to demand a contract for five years, or two years more than the present contract or that made with the electric light company for the same kind of service earlier in the year. The price annually per gas lamp will be \$28, which is \$2 less than the price now in force. The minimum number of lamps will be 1.200, or about the number now in use, but care is to be taken that enough gas lights go in so that the amount of money now paid out for the service is not decreased.

Vice President Clabaugh of the gas company was very busy Thursday interviewing the mayor and councilmen and endeavoring to get the deal shaped up in advance. He was noncommittal himself regarding his business, but Mayor Moores is understood to have told him that in signing or vetoing the ordinance he was determined to give both the company and the city what he considers a "square deal." Just what this is the mayor has not defined.

Claims No Money Made. Gas company officers are making the

statement that the company will not make any money out of \$28 gas lamps, but is anxious to keep up the service as it means a cortain amount of prestige and aids in the amount of business done to private consumers, also is advantageous in the matter of extending mains.

President Zimman and Hoye have given notice that they will fight the proposed contract to the last drop of the hat. They want a contract not to exceed three years in duration and a big cut in the rate proposed, Zimman for months has been collecting figures and statistics of the gas street lighting charges in other cities and the cost of manufacturing gas and maintaining the lights here and elsewhere. He is crammed with the information and proposes to exert every ounce of influence and persuasion he has to defeat the scheme of the gas interests. He is confident that Former Attorney for Washington Mayor Moores will not submit to any kind of a contract that is not fair.

Hoye is in a mood where he fairly bris tles when the words "gas contract" are mentioned. He holds that the electric light company made a reasonable cut for street lighting, or from \$94.50 to \$75 and he declares the gas company should do pro

NEGRO CUTS A BARTENDER Fight Over Settlement for a Drink

Ends When Razor is Used.

During a fight at the saloon of Jacobson and Hanson, Twenty-fourth and Cuming street, last night, the bartender, Carl Gustafson, who lives at 981 North Twenty-fifth avenue, was severely cut on the right arm. Newt Jones, a colored character, did the cutting and was arrested by Patrolman Brown immediately after the fight. Jones went into the saloon about \$:30 o'clock and asked for a drink, which was given him, but later refused to settle for it, and the fight ensued. Jones pulled a razor and began cutting and Gustafson received a painful, though not serious, wound in the arm. Jones, upon seeing the blood flowing from the wound which he had inflicted, started to run and threw away his razor. He was arrested at Twenty-third and Cuming streets and taken to the station, charged with cutting with intent to wound.

Gustafson was taken to his home, where several stiches were taken in his arm, and will likely appear against the negro this morning in police court.
