Soval Canadian Band Helps Enliven the Occasion and Renders the New Ak-Sar-Ren

March.

The first regular initiation night at the -Sar-Ben den passed off last evening ithout any fatalities. Although several barrels of eclat and other royal compounds were opened, every initiate was brought to after powerful antidotes were administered. It was a great seance; there is no getting around that. No one tried to get around it. They could not get around it. On the right of them, on the left of them, all around them, were howling dervishes and blood-thirsty Indians. "Let no guilty man escape," was the slogan, and under the leadership of Signor Lucasiona the poor tenderfeet were given a merry chase. While it would be less majests to divulge what really did happen to the unfortunates, it would be no breach of confidence to say they had several occasions to think of their past sins.

Three hundred and eighty-two is the number now enrolled on the books at Samson's office. Most of this number were put through last evening. Among them were Major R. S. Wilcox, Dr. W. F. Milroy, Joe Barker, F. L. Campbell, J. W. Thomas, E. Haney and H. E. Frederickson, all of whom were convinced that it is not all of life to live nor all of death to die.

A most pleasant feature of the occasion was the presence of the Royal Canadian band from Krug park. Under the leader ship of J. M. Finn the new Ak-Sar-Ben march, composed by Prof. Pacl, was rendered and made a decided hit. Various other musical numbers were given during the evening.

Call for County Warrants.

Call for County Warrants.

County Treasurer Fink has called for payment of all outstanding warrants of Douglas county bearing date up to June 16, 1965. The numerous bunches of postal cards notifying warrant holders have been sent out. In this call the county is a month and a half ahead of last year, and not only that, but the amount represented by the warrants is something like \$23,000. This is \$100,000 in excess of the 85 per cent of the tax levy of last year for the general fund. This means that the county has gained a year in payments because of the success of the scavenger tax sale. Further, the county will be on a practical cash basis for the next two months, the first time this has occurred in six years, and Treasurer Fink is correspondingly clated. Interest on the registered warrants, which is 7 per cent from date of registration, ceases when the call for payment is made, and in this item alone the county will save considerable money.

"Of course there will be no question of egitimacy as long as the board uses quotations of its own, which it claims it will do with actual cash grain transactions at Kansas City as a basis," said a local broker. Success with them is merely a matter of patronage. It is my opinion that they will find it very difficult to absorb the existing board of trade. Their evident assumption is that they might be able to do it, but they cannot have any faith in the assumption. It will be just as hard to establish quotations independent of Chicago and Minpeapolis. The officers of the new organization, if they are quoted correctly, say that Kansas City is the largest primary grain market of the world. Is not Minneapolis a primary wheat market? Has not Omaha handled but very little less grain in the last four months than Kansas City? The Missouri town cannot hope to become a second Chicago as far as grain quotations are concerned."
