Warner's Corsets. These models are full of characteristic points, bespeaking in every line style and quality. They are corsets that keep well down on the form, giving a uniform fit, with no pressure at any one point.

later, before the arrangements for the meeting of the plenipotentiaries finally are ready. Both Russia and Japan are moving with the utmost deliberation for the framing of a diplomacy now being planned is of even greater importance to each government than are the movements of the armies on the battlefields. It will require at least a month for the negotiations of the two governments, with their respective staffs, to come together, the distance from Japan particularly being so great that a shorter time scarcely could be allowed. In view, therefore, of all the conditions and including in the equation the factor of unforeseen delays over matters of minor consequence, it seems quite likely that the conference will not assemble formally before the middle of August or the first of September.

As it is not its purpose, naturally, to forewarn the shrewd and powerful antagonist which it is to meet on the fields of diplomacy. President Clinton with Financier. During the last ten days President Roosevelt has had conferences with Baron Kaneko, the Japanese financial agent in the United States. Baron Kaneko is one of the most eminent Oriental financiers. In this country and in Europe, since the war began, he has been of inestimable service to his emperor in the negotiating of loans and in watching all the financial phases of the conduct. In him Japan reposes explicit confidence in all matters pertaining to fiscal policy of the empire. He is competent to speak by authority on all subjects relating to Japan's finances. For this reason he was consulted by the president. His conference with the president at the White House yesterday, there is reason to believe, concern the subject of Japan's cash demands upon Russia. Such advice as he might give to his government as to the cash indemnity undoubtedly would receive the deepest consideration, and, very likely, might be followed.

Arrangements for Conference. It is too early yet definitely to announce what arrangements may be made here for the holding of the conference. It is customary for the government at whose capital such negotiations are conducted to provide a suitable place and to furnish the negotiators with adequate facilities for the transaction of their business. It has been suggested that a suite of rooms in the State department be fitted up for the accommodation of the plenipotentiaries, but some doubt has arisen as to whether sufficient accommodations could be provided there in view of the already crowded condition of the department. Another suggestion, which was received with favor, was that provision be made for the conference in the library of congress. That magnificent building would afford a most superb room for the general conference, but also nicely fitted rooms for purposes of private consultation among the representatives of the two governments. As yet, however, little consideration has been given to this phase of the situation. It is a detail which the officials of the State department by direction of President Roosevelt will work out doubtless entirely satisfactorily.

As to Chinese. Touching the application of the Chinese exclusion law, the secretary asked: "Is it just that for the purpose of excluding or preventing perhaps 100 Chinese coolies from slipping into this country against the law we should subject the entire Chinese population to an examination of such an inquisitorial, humiliating, insulting and physically uncomfortable character as to discourage altogether the coming of merchants and students?" He said: "One of the great commercial assets of the world is the trade with 300,000,000 Chinese. Ought we to throw away the advantage which we have by subjecting the entire Chinese population to an examination of such an inquisitorial, humiliating, insulting and physically uncomfortable character as to discourage altogether the coming of merchants and students?" He said: "One of the great commercial assets of the world is the trade with 300,000,000 Chinese. Pressure on Japan. Pressure is being brought to bear upon Japan to induce it to fix the sum it will demand as indemnity for the pending war at as low a figure in cash as is possible in the circumstances. This pressure is being directed especially by European governments, but President Roosevelt, who is situated in an important quarter, also has advised the Japanese government that moderation in its demand for a cash indemnity not only would facilitate the negotiation of peace terms, but would be regarded by the powers with particular favor. The payment by Russia of any such cash indemnity as \$1,000,000,000 not only would embarrass seriously the St. Petersburg government, but probably would disturb the finances of the entire western world. Indeed, it has been suggested that such a payment, to all intents and purposes, might render Russia practically bankrupt. The opinions and views of the United States and other powers on this subject have been permitted to reach the principal advisers of the Japanese emperor.

Vienna is Hopeful. VIENNA, June 15.—The opinion prevailing here is that the peace negotiations between Russia and Japan will eventually prove successful. This is based primarily on the belief that Japan will meet Russia more than half way, making unexpectedly reasonable demands. Certain intimations have been received here that Japan's terms are substantially as follows: First—The return of the Japanese protectorate over Korea. Second—The return of Manchuria to China. Third—International control of eastern Chinese railroad. Fourth—Regarding Port Arthur, the strategic value of this fortress has been overestimated because of its size and its admiral disposal will not give rise to any controversy. Fifth—it is not thought that Japan will demand the demolition of the fortifications at Vladivostok. Sixth—The surrender of the island of Sakhalin will not be demanded by Japan principally because the island has not yet carried the war into Russian territory. Seventh—An understanding regarding an indemnity is ready to strike and it is advanced Japan will content itself with demanding the cost of the war. The Japanese minister here in an interview said that if Russia honestly desired peace it could have it.

ADDRESS BY SECRETARY TAFT Refers to National Affairs in Talking to Graduates of Ohio School. CONDITIONS OF NEGROES ARE IMPROVING Secretary of War Thinks United States is Not Treating Chinese Merchants and Students in Proper Manner.

OXFORD, O., June 15.—The feature of the eighty-first commencement of Miami university here today was the address of Secretary of War William H. Taft. It was delivered in the commencement tent erected on the campus among the forest trees. The unusually large audience made frequent interruptions with applause. In opening his speech Secretary Taft touched on the racial question in the south, and in this connection said: "Another encouraging feature of the present increase of wealth is that a large portion of this increase has been in the south, a part of our country which heretofore has been the scene of a lamentable change in the material conditions in the south, in spite of the political difficulties which certainly are likely to attend a better state of things with reference to the racial question. The work of the Washington in teaching his people how to use their money instead of giving them a superficial education, which they cannot use, added to the industrial demand for skilled labor, I am certain will put the negro population in a position to compete materially, and when that is brought about their spiritual and intellectual uplifting is much easier. The negroes are now engaged in adopting legislations which seem to exclude the negro from the school system, and it is to be regretted that the amendment so palpably as to lead to their annihilation. I am hoping earnestly that experiments of this sort will fail, but if they will lead to a result in which the negroes are ignorant whites and blacks equally from the ballot, then no one can quarrel with the procedure, which will be square and honest."

WOMAN IN CLUB AND CHARITY BELDAME WINS SUBURBAN Daughter of Octagon and Belladonna Crowned Queen of American Turf. FAVORITE FINISHES IN SIXTH PLACE Delhi Shows the Way to Mile Post. Where He Tries and is Quickly Passed by Belmont Mare.

NEW YORK, June 15.—Beldame was crowned queen of the American turf when she won the twenty-second Suburban handicap this afternoon at Sheepshead Bay. The grand 4-year-old daughter of Octagon and Belladonna, wearing the scarlet jacket of August Belmont, chairman of the Jockey club, lowered the colors of James P. Fardley, East Orange, N. J., and besides the horse, she was accompanied by the following standing committee: Education, civics and forestry, civil service reform, library extension, child labor, industrial conditions of women, membership and reciprocity, each bringing a report of interest in their respective committees. Besides these there were present some of the most prominent club women of the United States.

The visiting women were welcomed by Mrs. A. J. Newberry, president of the New Jersey federation; Mrs. Decker, replying for the federation. A large amount of business was transacted and although the sessions were long, they were none of them wearying. As a presiding officer Mrs. Decker, who has been elected president of the federation, the following subject before the women at the Wednesday afternoon session, in a presentation of the exclusion of the Chinese, its object being to influence the women to influence public opinion.

HYMENEAL. Burns-Freston. An event which above everything else has claimed the interest of society this week was the wedding of Miss Marguerite Preston, daughter of Mrs. E. B. Preston, and Mr. Samuel Burns, Jr., which was solemnized at 8:30 o'clock last evening at All Saints church in the presence of about 300 guests. The church was beautifully trimmed with pink and white poinsettias and greens and palms and ferns being banked about the chancel rail. Proceeded by the ushers, Messrs. Harry Tukey, Robert Burns, Charles T. Kountze, William T. Burns, Frank Kennedy and N. P. Dodge, Jr., the bridal party marched down the main aisle. The bridesmaids, Misses Beasie Key of Chicago, as maid of honor, walked next. Her gown was of pink mill and she wore a wreath of roses and carried a loose bunch of roses like the maids. The bride came last, walking alone. The wedding gown was a handsome creation of valencienne lace, very dainty, a long veil caught up to place by a wreath of white maiden hair flowers. She carried a shower of white sweet peas. Mr. Burns, with Mr. Mosler Colpeter as his groomsmen, met the bride at the chancel steps, where the betrothal was said, and then advanced to the altar, where the vows were taken. Rev. T. J. Mackay officiating. Following the ceremony a wedding supper was served to the members of the bridal party at the home of Mrs. Preston. There, as at the church, the decorations were of peonies and greens except in the diningroom, where white carnations were used.

Fire Record. NORTH PLATTE, Neb., June 15.—(Special Telegram.)—A heavy storm came up about 3 o'clock this morning. There was terrific lightning for about half an hour and a heavy rainfall. Ottenstern's large barn in the Second ward was struck and burned to the ground, with one of Ottenstern's horses in it. Senter's barn, near by, also caught fire from the other barn and burned to the ground. Julius Poyer's barn caught fire and its interior destroyed, but the fire was put out before the walls fell. Heavy rainfall again this morning, with lightning and some hail.

Death Record. Funeral of James Kirkpatrick. GRAND ISLAND, Neb., June 15.—(Special.)—The remains of James Kirkpatrick, more familiarly and affectionately known in business circles here and among his comrades at the Home "Old Kirk," were laid to rest in the Soldiers' Home cemetery this afternoon, the obsequies being under the auspices of the Elks' lodge of this city, of which he was a member. Mr. Kirkpatrick died suddenly on the streets of Kearney, Tuesday afternoon. He was born in Pennsylvania, enlisted as a corporal in Company M, Tenth Illinois cavalry, served four years and four months; later followed his occupation as railway conductor, and entered the Soldiers' Home in this city in 1892, ever since which time he remained in the institution. He was connected with various engineering works in the United States and Canada.

WARM WEATHER HELPS. Get Rid of Your Catarrh by Using Hyomel Now. Everyone who has catarrh should take advantage of the warm weather to get rid of this annoying and distressing disease. The right treatment, faithfully followed, in May or June, will benefit much more quickly than in the winter and early spring. Do not try to cure catarrh of the head and throat by taking drugs into the stomach. It cannot be cured in that manner. The only way in which this common disease can be cured is through the direct application of Hyomel that will kill the germs of catarrh and prevent their growth. The first day's use of Hyomel will show a decided improvement, and in a short time, especially if used at this season of the year, there will be no further trouble from catarrh. You take no risk in buying Hyomel. The complete outfit costs but one dollar, and if after using you can say that the treatment has not helped you, Sherman & McConnell will return your money.
