SPORTING GOSSIP OF WEEK

(Continued from Page Eleven.)

Missouri Valley race track until at the present time there are over thirty ready for the flag to drop on the races which will be held Wednesday, Thursday and Friday of this week. J. A. Tutill has been spending a large part of his time in Missouri Valley during the past week and everything will be in shape for the opening day. Thursday has been set aside as Omaha day and the Knights of Ak-Ben have declared it their day, and the present prospects are for a big turnout on that day. The Northwestern is boosting the day and especially by making a rate of \$1 for the round trip, which will include admission to the grounds. Purse to the amount of \$1,500 have been hung up, and in honor of Omaha day an extra prize of \$300 is added to the derby race. From the present outlook there will be in the neighborhood of 100 horses on the grounds and ready to race and this will insure that every race will be hotly contested for so many stables will need the money and the races will be for blood as well as the purses. The other officers of the association are E. F. James, mayor of Missouri Valley, president; Fred Brown, vice president; William Neudling, chief of the fire department, superintendent of the track, and J. A. Tutill of Omaha, secretary. The way that the people from the neighboring towns were attracted to the grocers' and butchers' picnic, which was held at the same place last week, has led the promoters to expect big things for the coming meet.

The program for the annual meeting for the Federation of Motoring Cyclists at Waltham, Mass., in August next, has been completed. It provides for a reception to visiting tourists on Monday, August 7, and

a trip to the Normanna tower on the Charles river on the following day, with a hill climbing contest and a clambake. On Wednesday, August 9, road races and obstruction races will be held and in the evening the championship races of the federation will be on. On Thursday and Friday the annual business meeting will occur. On Friday and Saturday more extended tours will be made to different New England points. Invitations have been sent to many motor club clubs in England, France, Germany, Belgium and Italy, and it is expected a number of foreign delegates will be present. This will be the first time such a meeting has been held in New England.

Omaha will probably not be represented at the approaching congress of the American Whist league which meets at the Auditorium hotel, Chicago, July 10, as the Omaha Whist club has disbanded since it gave up its rooms in The Bee building. An inroad was made upon straight whist in Omaha by the devotees of bridge until it was hard to get enough members together who would prefer the regular game to bridge to make up enough tables for duplicate. No team has been organized to go to Chicago and it is not likely that any will from Omaha. The growth of the league, despite the inroads which have been made upon followers of whist by bridge, skat and other games, has been remarkable. In April, 1891, a small committee of enthusiasts met at Milwaukee to effect an organization of whist players throughout the country. The problem was difficult, but was solved in splendid style, and credit for this achievement is due in a very large measure to the late Judge Elliott of Milwaukee, the "Father of the League," and to Theodore Schwarz of Chicago. Among other things, the American Whist league

LADIES' SUMMER SUITS AND COSTUMES
