YOU CAN PLAY THE PIANO!

The KIMBALL PIANO SHOULD BE YOUR PIANO

For it is the one piano which every member of your family can play, whether musician or not.

READ! The above Kimball Piano contains a complete player device, not visible to the eye. This is the "Twentieth Century Piano"—a beautiful instrument for the musician; fine in tone, elegant in action, and for the less educated music lover, by simply opening the sliding panel in front, the piano roll and with the perfect impression devices you duplicate in the most artistic manner the performance of the skilled musician. If in the market for a piano you should examine the Kimball before purchasing. We are making the usual reductions in price during the summer months and sell on easy payments.

CATARRH

HAY FEVER
BRONCHITIS
ASTHMA

CURED

One of the saddest pictures on Life's canvas is the return of a disappointed invalid from a journey to the mountains, plains or elsewhere, who has sought in vain for health in a change of climate. Weeks, perhaps months, spent among strangers whose interest ceased to exist when the funds were exhausted.

The new treatment offers a better proposition than this. A cure at home among friends at small cost. If you are wise this will appeal to you.

All forms of Catarrh, of Nose, Throat, Bronchial Tubes, Stomach, Bowels and the Urinary Organs. Impoverished conditions of the blood, complications following "La Grippe," Nervous Prostration and all the weak, anemic conditions of men and women are alike amenable to this new system of curing disease. Professional advice and treatment by correspondence for those who are unable to visit the office. Consultation and demonstration of this treatment free.

Dr. Sinclair has had thirty-six years of professional experience in treating long standing diseases, and his advice is freely given and well worth a visit to the office. Office, Rooms 10 and 12 Premier Block, No. 11 South 15th St., Between Douglas and Dodge.

AFFAIRS AT SOUTH OMAHA

Board of Review Completes Work and Monday Will Disclose Total.

FIGURING ON LEVY FOR THE YEAR

Mayor and Council Propose to Cut the Rate as Much as Possible—One Official Makes Estimate.

Now that the Board of Review has completed its labors and the total assessed valuation will be known by Monday night the mayor and members of the finance committee of the council are figuring on the 1905 levy.

It appears to be the object of the city officials to cut the levy as much as possible. For 1904 the levy was 8 1/2 mills and on a valuation of \$18,732,228 brought into the city the sum of \$159,700. This is, of course, less the usual 10 per cent reserve. On the face of last year's levy there should have been derived \$168,000, but the 10 per cent reserve cut this. There is some talk of a 7-mill levy, but those who are figuring out the problem seem to think that an 8-mill levy will have to be made.

One city official, in talking of the needs of the municipality, said last evening: "This year the city will need not less than \$170,000 to pull through without an overlap. It is true that there will be a balance in every fund at the close of the present fiscal year, but the balances will be small, especially in the general fund. The city will need not less than \$15,000 for judgments this year. In 1904 no levy was made for judgments, but two heavy damage claims will have to be paid this year." There is some money derived from the scavenger sale that is being held in order to reduce the levy. On a valuation of \$21,000,000 a levy of 8 mills will bring \$168,000, and with the balances on hand and the scavenger money enough money may be derived to pull the city through. At any rate all of the city officials are decidedly opposed to a levy of more than 8 mills.

Just as the total valuation is arrived at ordinances providing for the annual tax levy and the annual appropriation of funds will be prepared. The city council is compelled by the charter to make the annual levy and apportionment of funds between the 1st and 15th of July. The city's fiscal year closes on July 31 and the new fiscal year commences at the first meeting of the council in August.

The city has no many places for money this year that the finance committee is having a hard time figuring out the apportionment. There is a new fire department headquarters to be built at Twenty-fifth and L streets to cost about \$10,000. Then an increase in the fire fighting force and the purchase of more apparatus must be figured. An increase in the police force is being requested and the fire and police commissioners want a patrol wagon. In order to help out there is the 10 per cent reserve from 1904 coming in and this sum will add considerably to the funds available for warrants.

Head Every Word.

When you buy an article at our store there is never a fact concealed or misrepresented. We have a greater desire to please you, a greater desire to do an upright business than we have to accept an unfair profit. Our trade comes through merit. Better quality, lower prices, unequalled service, are the three recognized factors that build the rapid growing cash business we now enjoy. We want more and offer you such advantages as we believe no other store can give. If you are buying your drugs and drug sundries of us—if we are not filling all of your prescriptions, we don't believe you are always getting the best. Don't let any doctor drive you to a drug store where a mutual graft is wrong from you to pay him a commission. When such instructions are given you, bear in mind you can avoid all excess charges by bringing prescriptions to our store, where they are filled the best by careful men. Our store is full of good goods. D. S. Clark, the Leading Druggist.

Flynn's Special Sale.

A special sale of the ordinary proportions will be inaugurated at the Flynn store tomorrow and will continue until July 3. There will be no reservations in this sale. We mean to make a clearing up of all our summer and medium weight goods.

South Omaha people will have a chance to buy goods at prices that were never named for the same qualities before.

May Change Ward Lines.

A movement is on foot to make a change in the boundary lines between the Fifth and Sixth wards. The plan now is to run the west line of the Sixth ward straight north from K street to the city limits, cutting out the jog at B street. From what some of the councilmen say an ordinance directing this change may be introduced at the meeting to be held Monday night. When the city was redistricted, making six wards and twelve voting precincts the west line between the Fifth and Sixth wards was straight along Twenty-seventh street from K street to the northern limit. Councilman Kiewit was the representative of the Fifth ward, but after being inducted into office moved over into the Sixth ward. In order to prevent any complications the B street jog was made, leaving Kiewit and his new home in the Fifth ward. Councilman Queenan is at the head of the movement to go back to the boundary lines as laid out when the city was redistricted. If the proposed change is made Kiewit will be compelled to move back into the Fifth ward or else give up his seat in the council.

Good Shepherd Home Fire.

Friday night Captain Shields and Detective Eisefelder were walking along the tracks in the vicinity of the old Good Shepherd building, when they discovered a fire on the ground floor. The building has been vacant since the Japanese colony left about a month ago. Breaching into the building the officers found a pile of clothing in one of the rooms on fire. A door was kept open and the burning mass pushed onto the ground. The supposition is that the fire was started purposely. There was no loss besides the charring of one of the floors and the fire department was not called out.

Initiate Big Class Tuesday Night.

Tuesday evening of this week the local lodge of Eagles will initiate a class of about sixty. For some time two teams have been out working for members, the loser to pay for a dinner ago. Breaching into the building the officers found a pile of clothing in one of the rooms on fire. A door was kept open and the burning mass pushed onto the ground. The supposition is that the fire was started purposely. There was no loss besides the charring of one of the floors and the fire department was not called out.

LAST DAY TO HEAR PROTESTS

Time Limit Is Up on Complaints to County Board on Assessment of Property.

While Saturday finished the time during which sessions of the County Board of Equalization may be held to hear and consider protests, the work of the board is not by any means finished. Many applications for reductions have been heard and referred and the consideration of these will keep the members busy for a day or two longer. Whatever the totals for Douglas may be when the local board has finished its equalizing, the figures will carry little or no significance, as the state board will still have a say in the matter and can raise or lower the assessment of any given class of property.

At the morning's session the Millard hotel real estate was fixed at \$15,000 against the protest of the owners, who wanted an assessment of \$100,000. Rome Miller appeared to talk against the personal assessment of the Brunswick and Millard hotels. This was finally agreed on at \$20,000.

MASSONS' JOINT INSTALLATION

Fully Five Hundred Witness Induction of New Officers for Four Lodges.

The annual joint installation of officers of all the Masonic lodges of the city was held last night at Masonic hall, Sixteenth and Capitol avenue. The usual ritualistic ceremonies were gone through with, and after the installation an informal reception was held. Impromptu talks were made by various members of the order and light refreshments were served. Fully 500 people were present. Those who had been represented: Nebraska No. 1, Capitol No. 3, Covert No. 11 and St. John's No. 25.

Building located at 9 1/2 W. B. Meikle.

LOCAL BREVITIES.

The Porter-Ryerson-Hoobler company is removing from 916 Farnam street to its permanent location at 1315 Howard street, where the work of manufacturing its pharmaceutical preparations is rapidly going on. The city engineer department has just finished an artistic "cure" across the stream at Firestone boulevard, in Elliptone Park place, the same tract, so-called berry garden, recently platted and put on the market by the Charles E. Williamson company.

John Anderson, a porter at a saloon at Twenty-fourth and Burdette streets, became "attached" at Katherine Conking, a woman who came to the saloon early Saturday afternoon for some beer, and struck her, knocking her down and leaving a broken right arm as the result. "This isn't the place for women," said Anderson, and he said it he struck Mrs. Conking, knocking her down. Anderson was arrested by Officer McCarthy late Saturday night.

HONOR FOR HARRY RUSTIN

Commemorative Diploma Conferred by World's Fair Company Upon Brilliant Electrician.

By direction of the Louisiana Purchase Exposition company, a commemorative diploma and a commemorative medal are conferred upon Harry Rustin, in special recognition of his active interest and efficient co-operation in the universal exposition of 1904.

This tribute is extended to Omaha's ingenious young electrician, whose splendid achievement in planning and executing the wonderful electric display at the World's fair won him world renown.

Newsboys' Picnic.

Next Thursday the newsboys of Omaha, South Omaha and Council Bluffs will hold their annual picnic at Lake Manawa, under the auspices of the Women's club. The expenses of the picnic will be paid by the newspapers that the boys handle. During the day the following races will take place: Roman chariot, egg, shoe and stocking and blindfold sack race. The feature will be a ball game. Prizes for the races have been donated by the merchants of these cities, for which the boys return sincere thanks. Mickey Free wishes to be remembered next year.

IT DEPENDS ON THE "LINE"

It depends on the "line" whether you have an enjoyable vacation. If you are going fishing all your lines should be strong lines. The strongest LINE to the best fishing spots in the lake region of Wisconsin, Minnesota and Michigan is the

Chicago, Milwaukee & St. Paul Railway

In the northern part of Wisconsin are Star Lake, Plum Lake, Fence Lake, Trout Lake, Big St. Germain, Squirrel, Tomahawk, and a score of other lakes easily reached from Minocqua. These lakes are fairly alive with muskellunge, bass and other good fish, and for size and quantity of these fish are not excelled in America.

Middle Inlet, Wis., 252 miles from Chicago, and further north on the same line, Floodwood, Witbeck, Republic and Champion, Michigan, offer excellent trout fishing. Oconomowoc, 116 miles from Chicago, is the center of another good fishing region. Pewaukee, 105 miles from Chicago, is good for bass. Fox Lake, Illinois, 50 miles from Chicago, Lake Winnebago, Wisconsin, 188 miles from Chicago, and hundreds of other points on this line offer sport for the fisherman. Descriptive publications sent to any address for six cents postage. "It depends on the line."

Connections from Omaha made in Union Passenger Station, Chicago, with trains to lake resorts. Leave Omaha Union Station 7:55 a. m., 5:45 p. m. or 8:35 p. m.
