Distinguished Patient Passes Bad Night and Physician is Hurried by Special Train to His Bedside.

NEWBURY, N. H. June 26.-The condi tion of Secretary of State John Hay, who is confined to his bed at his summer home near Lake Sunapee by an attack of uraemia, was regarded as favorable tonight by his physicians. After a few days of rest it is expected the secretary will be able to leave his room. Dr. Charles L. Scudder of the Massachusetts general hospital, Boston, who came here with Dr. Fred T. Murphy of Boston Sunday night n a special train in response to a message rom the family, remained in the village tonight, but Dr. Murphy returned home. Secretary Hay was prostrated by an attack of uraemia at his summer home here

ast evening, but early today his condition had been relieved by a local physician and two specialists who had come from Boston by special train, and it was expected that the secretary would be soon in his usual health. The attick, which was similar to others experienced by Secretary Hay dur ng recent years, was attributed to a cold ontracted on his journey from Washington to Newbury last Saturday. Dr. J. L. Cain, the local physician, who was the first one called to attend the sick man, said at 9:45

"Secretary Hay's trouble has been re lieved. He will need attention for a day or two. If no complications arise he will oon be as well as usual."

He stated also that Dr. Fred T. Murphy, one of Boston's physicians, had returned home this forenoon. The other, Dr. Charles L. Scudder, will remain for a day or two in case unexpected symptoms should

Secretary Hay began to be in pain early vesterday. Remedies which have given reef on previous occasions were applied, but failed to help him, and Dr. Cain was changing from the climate of Washington o the cooler temperature of the Lake Sunapee region, the secretary had taken a severe cold, and that organs weakened by previous attacks had been seriously affected. Upon learning this Mrs. Hav desired that specialists be summoned at once and as soon as possible Drs. Scudder and Murphy were on the way here by special train from Boston.

Doctors Travel Bapidly. The Boston & Maine railroad cleared its racks from Boston to Concord, N. H., and the special made fast time between those two cities. The train then proceeded to Newbury by the Concord & Claremont branch. A launch was in waiting to con vey the surgeons across Lake Sunapee and the doctors reached the bedside of the secretary at about midnight. A complete but quick examination of the patient was made and it was seen that his condition. while exceedingly painful, was not for the time at least serious.

Under treatment the patient showed improvement and the necessity of an operaion, which had been discussed, was averted. During the latter part of the night Secretary Hay grew considerably better and by morning regained the strength which had been exhausted by hours of incessant pain. On account of the organs affected by the cold, however, the physicians ruled that the secretary should remain in bed for a day or two. Dr. Scudder then left for home, placing Dr. Murphy

The monument to be erected on the zol-Hers' lot at Forest Lawn cemetery has arrived at Florence and a portion of the nonument is already at Forest Lawn. There are seven pieces to the monument which is of light gray granite, the whole weighing nearly 60,000 pounds. The monunent arrived at Florence Friday last and will be placed in position this week.

When completed it will be a little over twenty-one feet in height. The first base s six feet three inches by six feet three and is one foot five Inches thick; second base four feet eleven inches by four feet eleven, and eleven inches thick; third one inch and is one foot seven inches thick; die two feet ten by two feet ten, by five feet nine inches high; statue seven feet high. The statute is a very finely sculptured piece of work, and represents an infantry soldier of the civil war period at position of "at ease, rest."

The lettering on the panels are what is known as the half round raised type. On the west face are cut the words: "The Soldiers of the Union met and overcame the greatest rebellion the world ever saw." And "These men will pass away as a tale that was told, but their work will endure forever." On the front panel appear the "In memory of the soldiers and words: sailors of 1861-5." On the face of the shaft is sculptured a laurel wreath encircling the farewells until the special was well out of letters "G. A. R." On the west face crossed muskets; on the south face crossed sabers, and on the north side crossed cannon, representing the different arms of the

Prosecution for Shooting Awaits Developments of Wounds and Injured Lad's Fate. Victor Flescher, who was arrested Satur-

day evening for shooting his companion, Arthur Crosby, has been turned over to the juvenile court authorities. The Flescher boy appeared in police court with his men had already served about two and a father, who was in consultation with Deputy County Attorney Fitch. It is claimed there were some extenuating circumstances in the shooting. The Crosby boy is now inder probation of the juvenile court, it being stated he stole two bicycles. The father of the injured boy does not seem inclined to push the prosecution. No action will be taken, if any, until the nature of the injured boy's wounds are known. He is resting comfortably at present.

CATARRH

One of the saddest pictures on Life's can-One of the saddest pictures on Life's canvas is the return of a disappointed invalid
from a journey to the mountains, plains or
elsewhere, who has sought in vain for
health in a change of climate. Weeks, perhaps months, spent among strangers whose
interest ceased to exist when the funds
were exhausted.
