Rain Prevents Game.

Owing to wet grounds caused by the rain that came down in torrents yesterday there was no ball game at the Vinton street park, and fans have it figured out that Omaha is one game to the bad accordingly. At any rate it will be decided this afternoon whether Omaha lost or gained by not playing yesterday. The Millionaires are all in the city and are a husky looking lot of athletes, who are playing the game and making the best of them hustle. There is also considerable interest in Brown. Pa's new first baseman. There is a great deal in a name, and Pa has sort of got the habit of having a Brown who turned out to be a wonder. There was Mordecal and the Prairie City Wonder Brown and now comes Ottumwa Brown to "all good things three."

The fact that we are urging a conference is clear proof that we have no wish for war with France. When a nation wants war it cannot ask for a conference at the same time. If we wanted war with France we would have regretted M. Delcasse's fall, since he was the greatest obstacle to good relations with France. On the contrary, M. Delcasse's removal and Premier Rouvier's decision to retain the foreign portfolio gave great satisfaction in German official circles, because we saw in these steps a guarantee of improved relations. France Will Probably Yield, PARIS, June 27.-Germany's reply to the French note on the subject of Morocco was presented during a conference between Prince Radolin, the German ambassador and Premier Rouvier at the Foreign office today. While most friendly and lacking a permentory tone, Germany's response none the less maintains the position that the Moroccan question must be regulated by a conference of the powers without any agreement in advance limiting the scope of such conference. This was accompanied by the presentation of Germany's general point of view in such an amicable spirit

as to disarm the suspicion entertained concerning Germany's ulterior motives. Prince Radolin remained after the presentation of the note for a lengthy conver-

sation in which Germany's desire for an amicable adjustment of the difficulty was further expressed. It is thought that Premier Rouvier will be prepared to terminate the controversy

It is the general expectation that an agreement will be reached on the basis of a conference.

Tension in official quarters has notably diminished and this is only explainable on the theory that a conference will be accepted, as Germany's response does not make any notable concession the agreeable tone adopted by Germany and the entire absence of menace appear to create the most favorable impression You This is a most fortunate turn of affairs for while France sincerely seeks to avoid a rupture anything offensive to the national pride might have inflamed public opinion beyond control of the premier.

Rumor of Quid Pro Quo Denied. Reports from foreign capitals to the effect that France recognizes Germany's influence in Persia as compensation for the renunciation of that country's claim in Morocco has somewhat annoyed French officials, who in strenuous terms authoritatively deny any such understanding, say

France is negotiating with Germany about Morocco and only about Morocco. Rumors relative to Persia or elsewhere are purely inventions and of a nature to creat-trouble between the powers, particularly with Russin. A positive denial of these with Russia. A positi rumors can be given.

In German quarters it is also stated that Persia has not figured in any way in the Germans view the Persian rumor as a diplomatic ruse to excite Russia against Germany. However, diplomats are inclined to believe that Persia would be a good basis for compromise, as France possesses considerable interests there, whereas Germany seeks to strengthen it hold on the Bagdad railroad, thus giving it communication with the Persian guif. rivalling the British route to the orient by way of Suez. The prospects of such a compromise were much discussed by the diplomatists attending the reception at the British embassy last night.

The shah of Persia happens to be so journing at Contreville, where numerou influences are in operation to induce his to take a friendly view of various railroad projects.

my hands were so swollen and painful
that I could not close them when opened.
I was getting discouraged, you may be I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound, well man and have never had a return of the disease.

R. H. CHAPMAN.

The inactivity of the Liver, Kidneys and Bowels causes the refuse matter to remain in the system, which, coming in contact with the different acids of the body. forms uric acid to be absorbed by the blood and distributed to the different joints and muscles, producing the pains, inflammation and other distressing symptoms of Rheumatism. The wandering pains of the disease remind the sufferer that the poison is still in the blood and he should lose no time in getting it out.

S. S. S. neutralizes the acid and makes the blood rich and pure. It tones up every organ and cures the disease permanently, S. S. S. harmful miner-als to disagreeably affect the PURELY VEGETABLE. while curing the disease builds up every part of the body by its fine tonic

## The Man In Charge.

There is no better way to make the California trip than to join the Burlington's personally conducted Through Tourist Sleeper Excursions, which leave Omaha every Thursday and Friday at 4:10 p. m. The conductor, who is in personal charge, is an employe of the Burlington Road. He meets you at the station, cares for your baggage, looks after your transportation-in fact, his sole duty is the care of passengers.

The route is through Denver, by daylight through scenic Colorado and Salt Lake City, thence San Francisco and the Coast Line to Los Angeles.

See that your return ticket from California reads over the Burlington, that you may likewise be booked in our eastbound excursions; and if you return via. Portland and the Puget Sound country-and you should do so by all means-there are Burlington ticket agents at Portland, Tacoma and Seattle who will make all your arrangements for the homeward trip.

All classes of tickets are honored in these through tourist sleepers; the cost per berth is but \$5.75.

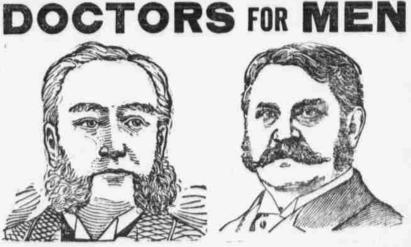

Daily through standard sleepers Omaha to San Francisco and scenic Colorado.

Rates: Unusually low rates for the round trip on frequent dates during the summer to the Coast and back.

Apply for Portland Exposition folders, California ex-cursion folders, berths, information, etc. Describe your proposed trip and let me advise you the most desirable way to make it at the lowest cost.
