Harvest Hands Needed.

The State Bureau of Labor has completed its schedule showing the number men needed in each county and town in Nebraska, and is now ready to begin operations to supply the fields of Nebraska the bureau has been alding Kansas, where over 22,000 men were needed, and has shipped to that state a great number. Saturday the harvest will commence generally over Nebraska and the bureau will now call on the director of employment of Kansas to return the favor and to ship men to the farmers of this state. Because of the great number of men who go into Kansas every year, Nebraska, it is claimed, gets the better of this labor agreement, since the harvest is soon over down there and the men are aided to get cheap transportation to Nebraska, where new jobs await them. In fact the bureau of labor claims Nebraska gets about four times as many men back as it sends. The schedule

is as follows:
Adams, 99; Antelope, 75; Boone, 159; Buffalo, 60; Butler, 75; Clay, 125; Colfax, 99; Cuming, 70; Custer, 140; Dawson, 100; Dodge, 89; Franklin, 75; Frontier, 69; Furnas, 115; Gage, 39; Gosper, 25; Hall, 89; Hamilton, 50; Harlan, 89; Hayes, 100; Hitchcock, 390; Jefferson, 100; Kearney, 99; Madison, 175; Nance, 69; Nuckolls, 69; Phelps, 160; Platte, 125; Polk, 25; Red Willow, 225; Saline, 69; Seward, 50; Stanton, 80; Thayer, 150; Valley, 60; Webster, 65; York, 115; Total, 3,570, County Clerk Drexel of Douglas county. is as follows: who says he is so puzzled about primary election law that he don't know what to do, and who wants information from the secretary of state about the matter, has ome to the wrong headquarters. The secretary of state is not a bureau of information regarding primary election laws it was said in that office today, and Deputy Secretary Miller respectfully referred Mr. Orexel to his own county attorney for the esired information. As a matter of fact the secretary of state sends out sample ballots about fifteen days before an election and that is the only explanatory 'circular" he does send out.

Committee Meets Saturday.

The Lancaster county republican committee has been called by Chairman Roberts to meet at the headquarters at the Capitol hotel Saturday afternoon at 2 o'clock to name the time and place for the county convention.

Grabbing his razor by the handle General Joseph Presson, commandant of the Milford soldiers home, swiped off his whiskers close to the chin. The deed was done several days ago and yesterday the general made his first appearance in Lincoln under his new disguise. In marring his genial ountenance thusly General Presson is folowing the precedent set by Ed Bignel, J. H. Ager of the Burlington, and Secretary Royce of the Banking board. That Bignell and Royce have improved their appearance there is no doubt, but as for Ager! A criminal libel suit might follow a description of him. Upon his appearance on the street a half dozen attempts were made to secure a photograph of him, but none were successful. Ager is now in the wilds of Wisconsin letting that mustache grow out and reports from there are to the effect that "they" are slow in com-

NO TROUBLE WHEN THE FORFEIT IS UP

One Man Asked to Close His Elevator for a Time on the Plea that He was Getting More Than His Share of the Grain.

WAHOO, Neb., June 28 .- (Special Tele gram.)-The taking of depositions in the case of Thomas Worrall et al. against the Nebraska Grain Dealers' association continued all day and will probably last over and be completed tomorrow. William Elmelund of Valparaiso refused to answer with all the men needed. Until last night the question of whether there was a penalty pool in force at Valparaiso among the elevator men, on the ground that he would incriminate himself. Otto Peters, an elevator owner at Yutan,

also refused to answer on the ground that he would incriminate himself. Formerly the witness conducted a scoop shovel house at Yutan, and during that time the elevators were fighting him. Since June, 1904. ie has not been operating a scoop shovel house. He purchased the elevator about two years ago from the Omaha Elevator company, which company owned two at that place. When asked if the witness had been approached by the Omaha Elevator company or its agents to form a pool in prices at Yutan or to make a division of grain at that point eighteen months ago, the witness refused to answer on the ground that he would incriminate himself. That there has been no fight there this year; that he had followed the card prices practically, but didn't know who fixes the card prices. While he was operating a scoop shovel house he had trouble in getting cars from the Union Pacific, upon whose line his elevator is located, since quitting that business is usually able to get cars as ordered. While he was onerating the scoop shovel house it was unusual for him to get cars as ordered. After witness ceased to be an independent or scoop shovel house he was not harrassed so much and profits were better. Witness was operating a bank there and was told in substance that if he did not quit the scoop shovel business they would freeze

him out and put in another bank. Put Up a Forfelt. Nels A. Tuverson testified that he is manager for the Weston Farmers' Elevator company of Weston, Neb., that David Bowen attended the meeting at Wahoo of February, 1901, in behalf of his company and put up a check for \$100 for a forfeit of his company to maintain prices agreed upon and carry out the agreement. Witness returned the check the next day to Bowen and witness got his check back when the trouble commenced by Mr. Cone buying grain for himself. Prices were strictly maintained as long as the check was in the hands of Mr. Bewsher, Before the trouble started the Omaha Elevator company asked witness to close his elevator, as he had and was buying too much grain. which witness refused to do. It was along in November or December that this request to close was made and the fight started in January. The agent of the Burlington came to witness and asked what the trouble was and if the difficulty could not be settled in some way. Witness on being asked if there was a division of grain refused to answer on the ground that he would incriminate himself. Until last

There are about 100 farmer stockholders in this elevator. R. K. Johnson of Valparaiso, net at pres ent in the grain business, sold out to Eggleston. He stated there was a written agreement between the three elevators at Valparaiso to maintain prices and divide receipts of grain in the proportion of 37% per cent to R. K. independent grain dealer of Wahoo, told of his dealings with Omaha grain men. He said that since January he had sold grain to G. C. Thompson & Co., the Worrall Grain company and one car to J. F. Twamley & Son. Thompson & Co. and Worrall & Co. have bid regularly, but Twamley had bid only occasionally in the last two or three months, his last bid having been made within the last few days. His bids and Mr. Nye Jenks' one bid were the only bids received since January 1, 1906, from any member of the Nebraska Grain Dealers' association. Mr. Cone said he sent one car of corn to Twamley & Son within the last four weeks. He said that the Worrall Grain company had frequently refused to take grain at the prevailing prices on the ground that they had no outlet. Mr. Smith asked Mr. Cone if he had not attempted to make pooling arrangements with other dealers for maintaining the price of grain. He replied: "No, I have been visited and importuned." Chamberlain on the charge of embezzlement. It was expected that the day would be occupled in this work. County Attorney J. C. Moore stated the case to the jury and he was followed by H. F. Of the purchase price, which was \$8,500, Mr. Chamberlain had given a check on the bank for \$3,500. The prosecution proposes to show that Mr. Chamberlain did not buy the ranch for the anking institution and will endeavor to make the showing that the \$3,500 was misappropriated.
