Comtempt Proceedings Begun in Federal Court at Kansas City. The following report has been presented

NEW CHAPTER IN NOTED REBATE CASE

Violation of Restraining Order is Taken Cognizance of and Suit Begun to Establish Company's Responsibility.

KANSAS CITY, July 1.-Contempt proeedings against the Atchison, Topeka & Santa Fe Railway company, charging that ompany with being guilty of the violation of an injunction issued at Kansas City by Judge John F. Phillips on March 24, 1902, restraining the road from giving rebates, was filed in the United States district court here today at the instigution of Milton D. Purdy of Washington, D. C., assistant attorney general, who came here recently at the direction of the attorney general to file the suit upon behalf of the government. Although Judge Phillips' restraining order, issued three years ago, was directed against seven other corporations besides the Atchison, Topeka & Santa Fe, the suit filed today is solely against the latter road. The other railroads enjoined previously by Judge Phillips were the Chicago, Burlington & Quincy, Chicago & Alton, Missouri Pacific, Wabash, Chicago, Milwaukee & St. Paul, Chicago, Rock Island & Pacific and the Chicago Great

Western. A similar order was issued by

spoken in an ordinary voice. This will be ample for the day meetings, though evening arrangements may be necessary elsewhere, either in the Armory or in a new building in process of erection. There are seventeen rooms in the building, five of which will seat from 10e to 300 persons. These may be utilized for credentials, bureau of information, committee rooms and the many other necessary purposes. The gallery seats are all equally fine and it may be arranged for the seating there of distinguished guests, thus making it one of the most desirable parts of the house. The Ryan hotel will doubtless be headquarters, distanced five or ten minutes' walk from the places of meeting. State headquarters will be planned at the old capitol building, remarkably arranged, with a central hall for conferences of state presidents or members, and surrounded by smaller halls. The expenses of these rooms will be merely nominal. The Twin Cities are on most friendly terms and a day of recreation may be arranged between the two with trolley and water rides to Minnehaha falls and the lakes. The capitol building will be a magnificent setting if an evening reception is held in the central rotunda. The following women have been elected to officer the local blennial board of arrangements: President, Mrs. Charles Dibble; first vice president, Mrs. J. W. Edgerton; second vice president, Mrs. A. R. McGill; third vice president, Mrs. D. F. Brooks; assistant secretary, Mrs. D. F. Brooks; assistant secretary, Mrs. D. F. Brooks; assistant secretary, Mrs. J. G. Bullard; assistant treasurer, Mrs. U. H. Vitton. Judge Grosscup in Chicago on March 25 1902, against six other roads. The suit filed today at the instigation of the federal government recites that the Santa Fe railroad up to the time the in junction was granted had been engaged in the practice of granting unlawful rebates and preferential rates and facilities to certain favored shippers whose names were to the complainant unknown, in packing house products, dressed meats, grain and the products of grain, which were not granted to the public generally, and that the Santa Fe railroad had also been granting unlawful rebates and preferential rates and facilities to certain other favored ship pers on many of the principal commodities which constituted and comprised the ordinary necessities of life. The information. after noting the issuance of the restraining order on March 25, 1902, says that between March 26, 1902, and November 27, 1904, the Santa Fe railroad and its officers and agents unlawfully, wrongfully and knowingly violated and disregarded the said restraining order.
