has been reached money-making can never stand on the same plane with other nobler forms of effort. The roll of American worthies numbers men like Washington and Lincoln, Grant and Farragut, Hawthorne and Poe, Fulton and Morse, St. Louis and MacMonie, it numbers statesmen and soldiers, men of letters, artists, sculptors, inventors, scientists, explorers, roadmakers, bridge-builders, philanthropists, moral leaders in great reform, it numbers those who have devoted well in any one of countless fields of activity; but of high men it numbers only those who have used their riches aright, those who have treated wealth not as an end, but as a means, who have shown good conduct in acquiring it and not merely lavish generosity in disposing of it.

MORE DEATHS FROM THE FLOOD

Reports from Up Bad River Indicate Several Lives Have Been Lost.

PIERRE, S. D., July 7.—(Special Telegram.)—A report was brought in from up Bad river by Bovine this morning of the death by drowning in the fall of Joe Braker, who was washed away when trying to save some horses. He came from southern Hand county and his relatives have been notified. At the time the messenger left the body had not been recovered.

High Water in the Missouri

Onawa and Dakota City Both Report Flood Stages in the River.

ONAWA, Ia., July 7.—(Special.)—The Missouri river has risen considerably southward and west of Onawa. Hardy Moorhead, who lives three miles southwest of town, reports the Missouri four miles wide there, it having overflowed the low lands, and reports from further up the Iowa side very much in former years, but about two years ago suddenly changed its channel and veered to the Nebraska side, leaving a lot of sandbars that are now covered with water. The Missouri, however, at this point is yet ten feet below the main bank of the river. The waters from the Missouri have backed up into Gard lake and now cover the Jewell road grade, two and a half miles south of Onawa. The Little Sioux and West Fork rivers are both very high and reports from further up are encouraging. The Little Sioux is bank full at Otis in Woodbury county.

High Water at Huron

HURON, S. D., July 7.—(Special.)—Heavy rains continue almost daily in this section of the state. Since the 1st of June more than a foot of water has fallen, four inches of which has fallen during the last five days. Thursday evening one and a half inches fell in thirty minutes. The lightning was terrific and some hail fell, but so far no damage from these is reported. Basements and cellars are again flooded, and Iowa street, from First to Ninth, is under from one to four feet of water. The Jim river is eight feet above its average depth and creeks and lakes have overreached their banks, while ravines and low places are veritable lakes. Many bridges have been carried away or damaged, and the Northwestern and Great Northern railroads are experiencing difficulty in operating trains because of wash-outs and soft roads. Some damage to wheat and small grain on low lands will result, and corn cannot be worked because of excessive moisture. Country roads are almost impassible.

Lightning Causes Damage

HURON, S. D., July 7.—(Special.)—Some damage has resulted in this (Beadle) county from wind and lightning during the heavy storms of the last few days. Lightning caused the death of twelve head of cattle for Frank Branstad of Grant township. The home of Frank Larson in Grant township was also damaged by lightning. Charles Miner of Clinton township lost cattle by lightning, and Walter Bestman and Charles Rhodes, both of Pearl Creek township, are losers; the former's barn was struck from its foundation and he later died. George Barrett of Liberty township was also blown from its foundation and badly wrecked.

Deputy Warden Selected

SIoux FALLS, S. D., July 7.—(Special.)—The deadlock over the appointment of a deputy warden of the Sioux Falls penitentiary has been broken by the selection of W. H. Dubois, for one year chief of the Sioux Falls police department, to the position. The new warden of the penitentiary, H. T. Parmley, originally favored the appointment of Henry Peterson, a former deputy warden, but the State Board of Charities and Corrections would not confirm the appointment.

JONES' BODY AT CHERBOURG

Casket Containing Body of Hero Rests in Mortuary Chapel on Wharf. WILL START TO AMERICA SATURDAY

Residents of French Port Turn Out to Honor Memory of John Paul Jones and American Sailors.

CHERBOURG, July 7.—The funeral train bearing the body of Admiral Paul Jones and 109 American sailors and crew members arrived here from Paris at 7:30 a. m. An enormous crowd surrounded the railroad station and witnessed the removal of the body to a mortuary chapel erected on the wharf of the American steamship line. The chapel was brightly decorated with palms, flags and cactaceans from the naval arsenal.

The American consul, H. J. E. Haltonville, and many French officers took part in the ceremonies. The American sailors and marines were drawn up in battalion front facing the Twenty-fifth regiment of French infantry. The body was borne before the saluting French and American forces to a catafalque, where it was covered with flags and flowers, the band of the United States Marine Corps playing the national anthem. The townspeople then defiled before the coffin, respectfully uncovering as they did so.

The ceremony of transferring the body of the admiral on board the Brooklyn will take place at ten tomorrow and the squadron will sail at 1 o'clock in the evening for the United States.

It is understood that he now is fully aware of the facts leading to his son's departure from Des Moines, and he states that he is satisfied to have his son remain on the farm near Scotia for the present.

Chamberlain Asks New Trial

Indictments are Judge Will Grant the Request.

TECUMSEH, Neb., July 7.—(Special Telegram.)—In all probability Charles M. Chamberlain, cashier of the defunct Chamberlain Banking house of this city, is going to be given a new trial on the charge of embezzlement, wherein a jury in the district court here last week found him guilty. This afternoon and evening was devoted to the argument of a motion for a new trial and the examination of jurors, the case coming before Judge Paul Jessen of Nebraska City, who sat last week. The defense alleged misconduct on the part of certain jurors, errors in the instructions to the jury and the failure of evidence to show that Chamberlain misappropriated the bank's money to his own benefit. After examining the jurors as to the alleged misconduct the case was argued by H. F. Rose of Lincoln for Chamberlain and by County Attorney J. C. Moore and G. A. Adams of Lincoln for the state.

Death Record

Without Risk Sanders. HELENA, Mont., July 7.—Wilbur Fisk Sanders, a well-known and distinguished citizen, civil war veteran, pioneer, leader of the vigilantes and former United States senator, died here today aged 72 years. He was a native of New York and served during the civil war under General Sherman until incapacitated. He came to Montana to recuperate and at once assumed a prominent position as prospector in the public trials for the vigilantes, then highly disreputable gold country. He was elected one of Montana's United States senators and has been prominently identified with every public movement in the state for forty years. He suffered many years from cancerous affections.

Ex-Governor Endorses of Kansas Pe-ru-na. "The Public Should Curative Know Its Great Powers." Isaac Sharp, ex-Governor of Kansas, in a letter from 1227 I street, N. E., Washington, D. C., writes: "I can earnestly recommend your Peru-na as an excellent tonic. Its reputation as a cure for catarrh is firmly established by my friends, who have benefited by its use, and the public should know of its great curative qualities."—Isaac Sharp.

Every Trace of Catarrh Removed By Pe-ru-na. Mr. Dan Canfield, 293 Van Buren street, Topeka, Kan., member Boiler Maker's Union, writes: "I have been a sufferer with catarrh for a long time and it finally settled in my stomach. "I grew thin and pale, was nauseated at the sight of food, and felt that unless I could obtain relief soon that I would have to go away for my health. "My cousin had used Peru-na for a cold and catarrh of the head, and had been cured, so I began using it. "My restoration to health was slow, but sure, and at the end of seven months I was once more in good health, without a trace of catarrh in my system, thanks to Peru-na." Catarrh is a systemic disease and curable only by systemic treatment. A remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peru-na does. Peru-na immediately invigorates the nerve centers which give vitality to the mucous membranes. Then the catarrh disappears. Polk County Man Kills Himself

Otto Mersheim Saw Another Man with His Sweetheart. OSCEOLA, Neb., July 7.—(Special.)—Corner Shaw, Sheriff Hartman and County Attorney Frank Mills have just returned from the home of Laurance Marquis, where they held an inquest on the body of Otto Mersheim, who committed suicide by taking morphine. It seems that the young man, who was about 21 years old, had gone to Stromburg on the Fourth of July and saw his sweetheart with another young man. He took it so to heart that he went to his home, got the girl's photograph, wrote on the back of it, "Bury this with me," and then took the dose of morphine. He lived about four miles from Osceola.

Livingstone Dies of Wounds

Medical Student Passes Away and is to Be Buried at Elkhorn. HURWELL, Neb., July 7.—(Special Telegram.)—Robert L. Livingstone, the young man who was shot sixteen miles northwest of here, last Sunday morning, died Wednesday at 6 o'clock p. m. He was a student of Creighton Medical college of Omaha and belonged to the class of 1906. The accident was caused by a shotgun. The charge entered the left leg, just below the pelvis, and went upward, shattering the pelvic bones and entering the abdomen. The funeral will be held Saturday morning at Elkhorn, Neb., at 9:30 a. m.
