REFINERY LAW NOT VALID
Celebrated "Antitrust" Bill of Kansas is Declared Unconstitutional.
STATE CANNOT BUILD OIL REFINERY
In an Opinion Associate Justice Greene Passes Adversely Upon Measure Aimed at the Standard Oil Company.
TOPEKA, Kan., July 7.—The law passed by the legislature last winter appropriating \$400,000 to build an important oil refinery at Peru was today declared unconstitutional by the state supreme court in an opinion rendered by Associate Justice Green.
The oil refinery law was considered one of the most direct blows struck at the Standard Oil company by the last legislature, which adopted several measures tending to restrict that concern in the handling of the Kansas product.
The oil refinery law provided for the erection at Peru also of a branch of the state penitentiary to house sufficient prisoners, who, it was intended, were to work the oil

DUN'S REVIEW OF TRADE
Brisik Duplicate Order Business in Wholesale and Jobbing Circles.
BUILDING OPERATIONS ARE ACTIVE
Railway Earnings for June Show an Increase Over One Year Ago—Decrease in Imports.
NEW YORK, July 7.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:
In wholesale and jobbing circles an unusually brisk duplicate order business continues to the freedom from accumulated stocks of the shiver of the prior dealers, while there is no abatement of confidence in the future. Structural steel and all forms of railway equipment are the prominent features of the iron inquiry, but quiet conditions prevail at coke ovens and pig iron furnaces. Seasonal sorting of quotations for raw materials threatens the stability of the leading textile markets, although consumption is not yet perceptibly diminished by rapidly rising price lists.
The barred company owns a majority of the producing gas wells in Kansas and is capitalized at \$10,000,000. It has spent six months in constructing a pipe line from Montgomery county to Kansas City. The company was just on the point of piping gas into Kansas City, Kan., Lawrence, Topeka, Ottawa, and many other Kansas towns, but under the terms of the decision, it must cease all work in Kansas. The court goes far enough to intimate that the company has exhausted its resources at law and says that it cannot come into court and ask for a mandatory order to compel the state charter board to grant it a charter.
HOGREFE SURE OF POLLARD
Richardson County Man Says Republican Has Sure Thing in the First.
W. H. Hogrefe, the genial representative in the last legislature from Richardson county, is in the city shaking hands with his many friends. When asked in regard to the political situation in his and surrounding counties, he said everything is in good shape. He was asked particularly in regard to Pollard for congress, if he was running well.
"No," said Mr. Hogrefe, "Mr. Pollard does not have to run, he is walking, and the other fellow is not in sight. Mr. Pollard will be elected by a routing majority. The farmers are too busy harvesting high-priced wheat to read fake democratic newspapers, and he wheedled into voting for democrats. We had enough democratic prosperity a few years ago, when nearly everybody went broke. Republican prosperity with dollar wheat is good enough for us."

Truths that Strike Home
Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?
LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.
LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.
In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)
(Save the Lion-heads for valuable premiums.)

OUR LETTER BOX
Boosting Omaha.
OMAHA, July 7.—To the Editor of The Bee—Enthusiasm and optimism should always dominate our sphere. Pushing Omaha is a good thing, a mighty good thing, for Omaha needs that push. To exploit its industries, its natural rights, its educational facilities, its beauties, its size and possibilities—this is all well and good; but let us not overboast Omaha; let us not exaggerate too much. After all, are we getting there as fast as we presume we are? Are we growing as rapidly as we think we are? Are our industrial institutions increasing as rapidly as we would make believe? To consider these questions it is not necessary to become a pessimist, but it is and will be to our advantage as a city to give it a thought. To begin with, our retail district is not enlarging itself. This statement may be contrary to common belief, but it is merely changing its location. Lower Farnam street and lower Douglas are becoming empty, while Sixteenth street is now the retail center. Our retail institutions are not increasing, but rather on the decline. Think of the many old firms that have gone out of business or sold out during the last few months! But new ones have not taken their places. Ask any retail merchant whether his business has increased proportionately to the increased expense in rentals, etc., and the answer will be in the negative. There are all indications of not so great a local increase in trade as one would naturally suppose from the general make-believe talk handed out. Our plan on which we are working is altogether too elaborate, too big; our city government is too expensive; our rents are too high; our trade is not big enough, not enough of it. Let us push the town, but not make things look like mountains when they are only hills.

Condition of E. W. Nash.
The condition of E. W. Nash, although reported as being somewhat worse yesterday, was not discouraging late last evening. Mr. Nash passed a somewhat restless day yesterday, but was better along toward evening, and late last night was reported as resting easily.
