WHEAT TURNS AND SHOOTS UPWARD

Prices Nearly Two Cents Better-Corn Keeps Going Up on Continued Foreign Demand-Onts Strong in Sympathy.

OMAHA, July 7, 1908.

OMAHA, July 7, 1908.

Wheat prices mounted as rapidly as they declined ynaterday and at the end they were up 1450/15c. July reached its high point at 515c. July reached its high point at 515c. July the close. Builled advices on the harvest and the growing crop started an active trade, which lasted all day, July closed at 515c. September at 55c and December at 55c. September at 55c and December at 55c. Opening 167c better than yesterday, it scored a steady advance throughout the session. The strength was principally due to the continued export demand. July finished at 57cc. old July at 57gc. September at 56cc. old Beptember at 56cc. December at 56cc. old Beptember at 56cc. December at 50cc and old December at 525525c.

Outs were strong on fair demand and in sympathy with the general market, July closed at 53cc. September at 315cc and December at 51cc and December at 50cc. September at 50cc. Argentina advices and the report that Odessa was in finnes. Wheat closed 4d higher and own 15clid higher, Antwerp closed higher on wheat and Paris lower.

Argentina wheat shipments for the week were 1850,000 bushels; for the last week

and Paris lower.

Argentina wheat shipments for the week were 1850,000 bushels: for the last week they were 1872,000 bushels. Corn shipments were 2.539,000 bushels, and last week 1.75,000 bushels. J. M. Phillips writes from Newton, Kan., that he believes the state has raised more than 80,000,000 bushels of wheat. Sales of corn at Chicago yesterday were 230,000 bushels, including 50,000 bushels for direct export. Prices in the sample market were ½0 higher. Primary receipts of wheat today were 27,000 bushels, and of corn 753,000 bushels.

Tillian busheis.

It is said that Kansas City shippers who have made sales of No. 2 hard wheat for shipment the first fifteen days in July are uneasy, weather having delayed threshing. The movement in Kansas and the competition for the offerings have caused a jump of the control of the cont Announcement is made from Washington that there will be a delay in the issue of the government crop report this month, on account of the holiday and the funeral of Secretary Hay, which closed the department one day. Later news, said the report, would be issued the afternoon of July II.

port, would be issued the July il.

From today's Record-Herald: "The Van
From today's Record-Herald: "The Van From today's Record-Herald: "The Van Dusen-Harrington company of Minneapolis has issued its monthly summary of crop conditions northwest, giving special attention to the report of L. D. Marshall, an expert who was sent inte in May to investigate the value of light weight seed used this spring. His second examination bears out his former opinion that the light weight seed had produced a good plant. The report says that in portions of southern Minnesota all crops have been damaged by the heavy rainfall, many fields becoming rank, losing color and lodging. In parts of South Dakota there has been so much heavy rain that the soil is packed, and this is interfering with growth. On light soils in South Dakota crops are fine. In the Red river valley they are suffering from too much water. In the three states the spots drowned out amount to less in the aggregate than spots which are burned out in the average year. Northeastern South Dakota and all the grain lands of North Dakota, except a small strip near the Red river, promise a splendid crop.

CHICAGO GRAIN AND PROVISIONS Prices on Board of Trade.

CHICAGO, July L.-Wet weather northwest imparted a strong tone to the wheat market here today. At the close wheat for September delivery was up 144136. Corn is up 140 Coats show a gain of ac. Provisions are practically unchanged.

The wheat market was strong from start to finish. At the opening the September option was up 14136 to 14236 at \$1527146. Scattered showers throughout the spring whoat belt formed the basis of the initial strength. Other buillish influences were at hand, including a moderate advance at Liverpool resulting from decreused shipments from Argentina. Attention of traders in general, however, was attracted by renewed rains in the northwest. From the start shorts were active buyers. Commission houses also bought freely. As trading progressed demand became more urgent and the market developed additional strength. Demand was further augmented by freesh reports from the northwest telling of damage by black rust. In September the highest point of the day was reached at 8340. The market closed strong, with prices well toward the top, final quotations on September being at 834c. Clearances of wheat and flour were equal to 15,000 bushels. Primary receipts were 272,113 bushels, compared with 187,600 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 118 cars, against 168 cars last week and 148 cars a year ago.

Sentiment in the corn pit was again decidedly buillish. At the start the market was influenced by a sharp advance at Liverpool, Later the extremely small acceptances gave an added impetus to the upward trend of values. The market was supported by the bull leaders. The close was strong, with prices at almost the highest point of the day. September opened 1404c higher at 2146214c. Send up to 234c and closed at 56%c. Local receipts were 185 cars.

Frovisions were firm early in the day, in sympathy with a 5c advance in the price of live hogs. Later prices eased off a trifle on profit taking. At the close pork was up 24c at \$12.774. Lard was off 2456c Union Pacific and Reading Are Conspicuous Pentures of the Trading and Closing Prices on Board of Trade.

VALUES FALL ON PROFIT TAKING

Closing is Ensy, with Prices the Lowest of the Day-Increased Demand for Time Loans.

NEW YORK, July 7.—Transactions in stocks yielded no larger total of sales than yesterday. There was less violent congestion in one or two stocks, although Reading and Union Pactife still beld a very conspicuous place in the trading. Reading extended its record price, as it has each day for some time past, and there seemed no limit to the speculative confidence of those who have advanced the stock. Many rumors are current of the large outstand-

CATTLE—Receipts were moderate today and the quality of the offerings was fairly good. There was a better feeling than yesterday and trading was more active.

The adverse conditions noted yesterday in the market on beef steers were almost entirely eliminated today and there was a better tone to the trade. Buyers were on the hill early and picked up the stuff in fair season. Salesman found little trouble in disposing of their holdings at good steady prices, and in some cases sales looked stronger. The light receipts and encouraging reports from eastern points favored market conditions here. Buyers and sellers got together early and there was considerable activity to the trading. The conditions today showed that there is a fairly good demand for a limited number of cattle, but liberal receipts might cause a break in prices.

of cattle, but liberal receipts might cause a break in prices.

There was a limited number of cows and heifers on sale and conditions favored selling interests. Trading was active and a clearance was made in good season. Buyers evidently wanted supplies and paid prices that looked stronger as compared with yesterday's general market.

Good bulls sold today at stronger prices, while the poorer grades, as well as veal caives and stags, were fully steady.

Stockers and feeders were in light demand today and there were only a few loads offered. These were picked up at steady prices, although there was no urgent call for cattle of this kind. Representative sales:

BOSTON. July 7.—WOOL—The Commercial Bulletin tomorrow will say of the wool market: A decidedly stronger feeling is apparent since the opening of the London wool auctions on July 4 at a 55710 percent advance over the May closing prices. Dealers are confident of the immediate futures of the market and consider the values will be maintained on their present basis for some time. There has been a good business in all wool except fleeces and pulled. Shearing has been further delayed by rains and the wools from Montana are not expected for about two weeks. The foreign markets, both English and continental, are strong and rising, with a shortage of the short supplies, which are causing considerable worry among manufaces. Wool Market.

shortage of the short supplies, which are causing considerable worry among manufacturers. Shipments of wool from Boston to date from December 29, 1904, according to the same authority, are 197, 229,099 lbs., against 165,258,557 lbs. at the same time last year. The receipts to date are 185,369,369 lbs., against 145,064,035 lbs. for the same period last year.

LONDON, July 7.—WOOL—The offerings at the wool action sales today amounted to at the wool action sales today amounted to 13,471 bales. Fine merinos and scoureds were in good request for the continent. Cross-breds realized full rates. Poor con-Cross-breds realized full rates. Poor conditioned stock was in good demand at an advance of 7½ per cent. Americans bought greasy half-breds at 1s 5d@1s 5½d. Following are the sales: New South Wates. 2.40 bales; scoured, 10d@1s ½d. greasy, 5½d@1s ½d. Greasy, 5½d@1s ½d. Greasy, 5½d@1s ½d. South Australis. 100 bales; greasy, 5d@1s 2d. Tasmania, 500 bales; greasy, 5d@1s 2d. Tasmania, 500 bales; greasy, 5d@1s 2d. Tasmania, 500 bales; greasy, 5d@1s 2d. New Zealand, 6.200 bales; greasy, 5d@1s 2d.
