

TARGET RANGE AT FT. CROOK

Orders Issued and Plans Formulated for Protected Grounds for Practice.

CAPTAIN HOWLAND WILL BE IN CHARGE

But One Other Such Field in the Country and that Was Established by Same Official.

Orders have been issued and plans formulated for the construction of a protected target range at Fort Crook, which will obviate the necessity for the troops at that post to go to distant target ranges in future for target practice.

The protected range will be for 200 and 300 yards distances and will be built under the direction of the inventor of the protected ranges, Captain Charles R. Howland, Twenty-first United States Infantry, between now and September 1.

There is but one other protected target range in the United States, it being located at the Presidio (California), and was constructed there under the supervision of Captain Howland. The new range will cost about \$2,500. The design of the new range is to prevent danger from over or under shooting by the marksmen, which hitherto has been the cause of the target ranges at Fort Crook being abandoned. The protected device is so arranged that all rifle practice will be nearly on a tangent, the shields being so perfected that even by an accidental discharge of the rifle in the hands of the marksmen the bullet cannot go far from the target but.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed 10 per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

Card of Thanks. We herewith express our most heartfelt thanks to the members of the Alpha camp, No. 1, Woodmen of the World, Omaha camp, No. 123, Modern Woodmen of America, and the Platt Deutscher Verein; also our relatives and many friends who so kindly sympathized with us during our late bereavement in the loss of our beloved husband and father, Mrs. C. F. Hamann, George Hamann, Arthur Hamann, Fred Hamann, Tillie Hamann, Henry Hamann, Hannah Hamann.

PEAK AND CHASM There are many wonders of mountain peak and chasm in Colorado. Up the Colorado canons are stupendous walls rising perpendicularly, or gradually sloping back toward greater hills, or, yet again, leaning forward above the chasm, as if threatening to come tumbling down—projecting great rocks that hang suspended over the train as it glides swiftly by. The popular route to COLORADO is via UNION PACIFIC FAST TRAINS LOW RATES Be sure your tickets read over this line. Inquire at CITY TICKET OFFICE 1324 FARNAM ST. Phone 314.
