> > WHY IS JAPAN BORROWING!

Theories as to a Striking Change of Financial Plans.

New York Evening Post. That there is something of mystery about Japan's new \$150,000,000 4 per cent loan, announced last week, and to be brought out shortly at London, Berlin and New York, is generally admitted. The last loan of \$150,000,000 was floated at the end of last March; the bulk of subscriptions were paid only six weeks ago,' and it was officially stated, at the time of its issue, that it would suffice for Japan's war require ments during the rest of 1905. This was indeed a reasonable supposition; for Japan has raised, since the war began, \$500,000,000 to keep the soil in the parks at a grade from public loans, in addition to which, as its lately published government year book shows, \$187,000,000 has been appropri-

nue operations. If the war has averaged \$1,000,000 daily to the end of the present calendar year As a matter of fact, Japan has not yet drawn heavily on the balances accruing from the loan of three months ago. None abroad, this year or last, can be redeemed demption plans has been that Japan would up the foreign loans with a special lien been rightly considered, by Japan, up the largest and most magnificent apart- humiliating. Yet this new \$150,000,000 loan

There are several possible explanations Seventy-ninth streets. The estimated cost The London theory seems to be that the is \$2,500,000. One of Mr. Astor's agents new loan is designed to impress Russia estimates an average rental of \$3,500 for with the sight of Japan's high credit, and each apartment. Finally, it may be alleged that Japan needs more funds at home; and it is true that gold coin in circulation in Japan decreased 65 per cent last year, and that gold reserved against the Bank of Japan's largely increased note issues fell from \$40,660,000 at the close of 1908 to \$8,520,000 at the end of 1904. But the odd fact in this connection is, that Japan already has huge sums to its credit in New York and London, yet does not draw on them. How would it be any better off if such balances were doubled?

Mrs. Watkyns-Do you know anything about this Moroccan question?

Mrs. Wylkyns-No. I only heard a paper read about it by one of the members of our Woman's club.—Somerville Journal.

Editor—it was a mere typographical error—I cannot understand why you should be so angry.

Author—You can't? Why see here, I wrote. "Her eyes shone with the light of a storious tor."

A MORAL "HOSS RACE." W. J. Lampton in New York Sun.

We tried a moral hose race Last season at our fair, With Deacon Jones presidin' To open it with prayer. We offered purses plenty To have a lively race, But not a bit of bettin' Was 'lowed around the place.

The Methodists and Baptists, The Presbyterians, Episcopals and so forth Fell right in with our plans.

And come out to the meetin To show a hoss race could Be jist as good a hoss race An likewise moral good. The air was full of Sunday, And though we seemed to feel All right, it sorter wasn't As if the thing was real.

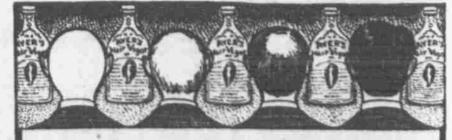

And when we got the hosses All lined up at the flag. The starter tried to start 'em. But every golderned hag

Jist balked and stood there solid; They wouldn't move a foot, And spite of all inducements They staid where they was put. At last Aunt Sallie Haskins, The elder's second wife. From Old Kaintuck, and 'quainted With houses all her life,

Got up and shouted: "Brethren, I hate like sin to bolt, But I'll bet fifty deliars On that Kentucky coit."

Then Deacon Jones uplifted And hustled 'cross the way A-yellin': "Here goes fifty On that St. Leuis bay."

You ought to seen them hosses: Gee whis, before the slack Was took up in the bettin' They run twice 'round the track.

This your head to the left?

Then there's no use trying. It's too late! Nothing in the world can make hair grow on a bald scalp that has been smooth and shiny for years. It's too late! No use trying now!

Or is this yours to the right?

Good. Only look out for dandruff! It leads straight to baldness. But there's use trying now, for Ayer's Hair Vigor cures dandruff, keeps the scalp clean and healthy, and checks falling hair.
