GRANGER RAILWAYS MAKE BIG ADVANCE

Demand for Time Loans Causes Money Rates to Harden and Attract Foreign Funds to the United States.

NEW YORK, July 12.—The report of the Agricultural Department on the condition of the cereal crops of July 1 was an effective sustaining influence on prices of stocks today and served to protect the market against the effect of the continuation of yesterday's profit-taking movement.

Some of the high priced closely held stocks that group made wide selling in the light of the report. The favorable market in the spring wheat region helped the demand for time loans for the longer periods was accepted as giving full promise of profitable traffic through the granger railroads.

Weakness of other grains caused a slight reaction in the grain market. The government report on the crop of wheat was not so good as the one for corn.

Selling by prominent packers was responsible for the decline of wheat. The government report on the crop of wheat was not so good as the one for corn.
