This Deficiency Met by a Loan Which Came

Due Yesterday. NO SIGN OF RUN ON OTHER BANKS

American National Holds Worth of Devlin Paper, 1 Will Be Able to Withstand Storm.

KANSAS CITY, July 20.-Up to the cle 5 ing of banking hours no flurry affecting other local institutions had followed the failure today of the City National bank of Kansas City. Nothing bordering on a run was experienced at any of the other local banks, and, according to the officers at each place, none was expected. The City National had been in a weakened condition for some time. Its failure had been anticipated and therefore no surprise was shown in banking circles today when the announcement was made that it had been taken in charge by Bank Examiner Ames. Neither Mr. Ames nor the failed bank's officials or its attorneys were in a position make a definite statement regarding the bank's condition.

The failure was due in a great measure to the fact that the bank held upwards of \$100,000 of C. J. Devlin's paper, which was tied up in the recent failure of the First National bank of Topeka, of which Mr. Devlin was the principal stockholder. The only other Kansas City bank that had held Devlin paper was the American National. C. S. Jobes, president of the American National, stated today that the \$307,000 of Devlin paper held at the time of the Topeka failure had been purchased since then from the American National bank by its direc-

Thus, it was stated, there was no cause for a run on the American National. In-deed, it was announced by a member of the Kansas City clearing house that no other Kansas City bank would be permitted to fail, in case of a run, which was not expected, and that the clearing house would gladly have aided the City National bank had it not been found that the latter carried so much bad paper.

The Citizen's National bank of Eureka, Kan., and the First National bank of Toronto, Kan., both of which institutions were headed by Edward Crebo, president of the City National bank, had apparently not been affected by the Kansas City failure up to the closing hour today. Telephone messages from both points stated that the banks would not close.

Loan Becomes Due. ler of the currency at Washington instructed the officers of the City National bank to repair its capital. This was done by borrowing from a local capitalist. Following the L. Gracey, American consul at Fuchau, failure of the First National bank of Topeka the Kansas City capitalist became insistent upon repayment of his loan and this demand caused the officers of the City National to decide upon closing their in-

stitution was caught in the failure of the First Na- and adopted resolutions declaring that the tional bank of Toneka was the American National bank, which is said to hold upstated positively today to the Associated Press by a leading banker that the other Kansas City institutions would not permit this bank to fail.

There was no appearance of a run on other Kansas City banks at the opening

The City National bank was organized in 1900 and is one of the youngest of the national banking institutions in the city. Its capital is \$300,000 and it has deposits of \$1,476,648. Its officers are: Edward Crebo, president; James G. Strean, cashier; John Moore, vice president; Charles A. Loomis, second vice president.

The Last Statement. The last statement or the City National bank, issued on May 29, 1905, showed the

RESOURCES. Loans Seed discounts	11,086,845.70 639.60 266,937.50 686,697.32
Total	300,000.00 3,071.18 210,000.00 1,476,648.94

Total\$1,989,720,12 The bank was closed by E. A. Ames, bank examiner, under instructions from the comptroller of currency. The comptroller had yesterday, it is stated, informed the officers of the bank that it must take up \$200,000 bad paper immediately or they would not be permitted to open today. The bank was exam...ed last night by a committee of local bankers, who reported at a meeting early today that the affairs of the institution were in such shape that they would not feel justified in extending assistance. Although the City National bank was not a member of local clearing house association, that association, it was stated by one of its officers today, would have extended

aid had they not found so much bad paper. From another source it is asserted that when the City National bank was ordered to regair its capital several months ago the needed funds were borrowed, not from a local capitalist, but from certain New York banks, but from what institutions it familiar with all the leading ministers. He is not disclosed. Examiner Ames said today that it would be impossible for him to talk at this time either regarding this statement or other affairs of the bank. The bank's officials likewise declined to issue a statement now.

Although the holding of Deviln paper upon which no immediate realisation could be made was the prime cause of the failure it is stated that the general knowledge that the bank held other bad paper and was in a weakened condition, had led to a gradual withdrawal of deposits. At no time had a run of any big proportions been on, but it is stated withdrawals have been made quietly for several months, and that within sixty days \$600,000 had been taken

The majortly of the bank's depositors are persons in medium circumstances, twohirds of whom live outside of Kansas City. No Excitement Shown.

There was no excitement at the doors of the bank when the closing notice was posted today, less than a dozen depositors appearing to withdraw their money Aside from the notice placed on the bank

WATER IN KANSAS Sudden Rise of Spring River Floods Three Towns-Several Persons

ST. LOUIS, July 20 .- A special to the Globe-Democrat from Galena, Kan., says: A cloudburst occurred near here today and tonight there is great fear that many of the farmers living in Spring river valley may have perished, as it is reported that a wall of water several feet high tore down through the valley. The little mining town of Badger, six miles from here, is inun-Lowell were flooded out. Couriers gave

Reported Drowned.

warning to people in the valley. . Spring river has risen twelve feet in twelve hours and is steadily rising. Gangs of miners are hard at work at building coffer dams around the shafts opening

into the different lead and sinc mines. The Spring River Power company reently completed a huge concrete dam near Baxter at a cost of \$1,000,000, and behind it is stored millions of gallons of water, The dam is equipped with flood gates and is guaranteed to withstand freshet force, but fear is expressed that the force of

be cloudburst may overtax its strength. Year Turkey creek, in Jasper county, the there of a family are reported to have drowned, but the report is not con-

ial to the Republic from Carthage, Mo says: Following twenty-two hours of ontinuous rainfall Spring river is on the greatest rampage in the history of this ounty. Three teamsters, Calvin Rudy and two whose names are not known, are reported drowned and thousands of acres of wheat and corn flooded. Much live stock

is reported drowned. The river rose suddenly today from a quiet narrow stream to a roaring torrent a mile wide. Half a mile from the river deep in water. One train attempted to ford the flood, but was stalled by extinguishment of the engine's fire. Six west-

ound trains are stalled here. The McDaniels Milling company, standing near the 'Frisco depot, is flooded, as well as six other large concerns, among them being the Carthage Light and Power

One lime warehouse took fire and burned o the water's edge. Kendricktown, the stone quarry settle-Georgie City are likewise sufferers.

HITS AT THE LABOR UNIONS Chinese Not Angry at American Government, but at Workmen

of California.

SHANGHAI, July 20 .- About 1,500 people including the heads of all the principal guilds and delegates from many provinces, attended a Chinese mass meeting yesterday, which arranged to begin the boycott of American goods tomorrow. It was distinctly announced that the action taken was not against the American government whose constant kindness was fully recognized, but it was pointed out that unless the Chinese showed themselves to be in

earnest they would produce no effect on the California labor unions.

There is still much doubt as to whether the boycott will really be maintained, WASHINGTON, July 20 .- The Department tion of private rights and the general arof State has received a report from Samuel bitrariness of the authorities. China, on the meeting held by Chinese merchants at Shanghai on May 6, to discuss the American exclusion laws and the Chinese boycott of American goods. The society nost active in this question was the Jen Ching (Man Mirror) Literary society of The only other bank in Kansas City which | Shanghai. More than 200 people attended

would stop consuming or ordering American goods; that the natives who worked wards of \$300,000 Devlin paper. It was for American merchants or who were engaged in the transporation of American goods, would ask for higher wages, that the privileges given to the Hehsing company for building a railway should be withdrawn and that any Chinese merchant found to deal secretly in American goods, not only would be fined, but socially cotted. A thorough investigation of the tion and the non-recognition of female sufsale of American goods, especially of frage. American kerosene oil and American clothes was called for and the support of impartial American newspapers, and missionaries in the efforts to remove the exclusion laws was urged. The printed proceedings

MINISTRY DEFEAT

Balfour Cabinet Loses Motion to Reduce Irish Land Commission.

PREMIER REFUSES TO MAKE STATEMENT

Majority Against the Government is Only Three and There is Little Probability of Change,

by a majority of three in the motion to produced by the liberals and the Irish embers yelling "Resign!"

The incident is considered hardly of sufficient importance to justify the government in resigning, but when asked by Sir Henry Campbell-Hannerman, the leader of the opposition, what course he intended to pursue, Premier Balfour declined to make a statement.

John Redmond, leader of the Irish party, said the premier had repeatedly declared that he would resign if defeated and that if he disregarded this vote of want of confidence he would be acting against all precedents. Was he going to swallow this rumiliation as he swallowed every other humiliation during the last few years, the premier was asked by Mr. Redmond.

Mr. Balfour, replying very coolly, said that Mr. Redmond had greatly agitated himself over a matter which could be settled in due time. He was, he said, not conscious of any humiliation. There would be ample opportunity within a few hours the Frisco railroad station stands six feet of proving whether the government still the house.

> Cabinet Will Retain Office. The premier said he would consult his would again be submitted to a vote and would make a statement Monday. After some wrangling over the question

whether to adjourn until Monday it was de-

cided to adjourn until tomorrow. The Associated Press understands that it is practically certain the government ment, is under water and Galesburg and will neither resign nor dissolve Parliament. Sir Edward Grey's motion of censure of the government regarding the fiscal question will be discussed Monday and the ministerialists argue that its rejection will prove that the government still possesses the confidence of Parliament. It is not unlikely, however, that Mr. Long, the chief secretary for Ireland, will resign.

OMAHA PARTY AT BEATRICE Fred Krug Has Leg Broken by Be-

ing Thrown from a

BEATRICE, Neb., July 20 .- (Special Telegram.)-The special train bearing members of the Omaha Commercial club to the number of 125 reached Beatrice over the Burlington this evening at 6 o'clock from Edgar, Neb., from which place the run was made today. The visitors were met at the depot by a number of local business men headed by the Omaha band. They paraded uptown, carrying red, white and blue umbrellas and afterward marched to the Christian church, where they were served with supper by the women of the church Following the supper hour many of the party called on local business men during the evening in the interests of Omaha trade relations toward Beatrice and for the purpose of becoming better acquainted. The visitors will remain in the city over night and will be guests of the Elks' lodge.

In speaking of the trip from Edgar a ember of the party said: "Stops were made at Ohlowa, Hebron, Swanton, Western and other places along the route and at each place we were cordially received. Crop prospects are exceedingly bright be tween Beatrice and Edgar. The golden grain is being harvested and threshed. Corn is looking fine and presperity is apparent on every hand."

The visitors leave here tomorrow morn ing at 7:35 for Wymore and the west. An accident befell Fred Krug of Omaha, a member of the Omaha Commercial club, at Swan, this afternoon. Mr. Krug had mounted a mule for the purpose of having his picture taken when the mule threw Tomorrow the truck drivers and one or him heavily to the ground, breaking his two smaller unions will vote on the ques- leg, and when the train carrying the crowd tion of calling off the strike, but there is arrived here this evening Mr. Krug was immediately removed to Dr. Hepperlen's old places again. General Relief from High Temperature in the East.

TWENTY-FIVE DEATHS IN NEW YORK

Many Persons Weakened by Heat and Humidity Succumb.

INJURY TO GARDENS AND ORCHARDS

Truck and Fruit Growers in Vicinity of New York Report Heavy Damage.

MILK SUPPLY UNEQUAL TO DEMAND

Silk and Iron Mills in Jersey City and Vicinity Forced to Close-Hune dreds or Thousands Sleep Outdoors,

NEW YORK, July 20,-With the therometer reaching a maximum of only 86 degrees today there was general relief in New York and surrounding cities from the withering heat of Tuesday and Wednesday. Normal summer weather prevailed throughout the day and tonight the city lacks many of the scenes incident to the crest of the hot wave.

Although the heat wave is a thing of the past, the effect of the recent high temperature and humidity was still apparent today. Up to 11 o'clock tonight twenty-five deaths had been reported in Manhattan and Brooklyn, with several others reported in Jersey City and nearby towns. Much damage is reported by truck farm-

ers in New Jersey owing to the recent heat and lack of moisture. Peaches are dropping from the trees and other fruits are being affected. In some sections the wells have given out and water is being procured for live stock with great difficulty. In the silk mills and iron work districts of nearby Jersey cities work has been con-

siderably interrupted. Newark alone has

thirty-five prostrations and twenty-one fatalities. Four deaths and many prostrations have occurred in Jersey City during the past tweny-four hours. Elizabeth and Paterson also report long lists of heat victims. Milk amounting to the immense total of 1,500,600 quarts was consumed Wednesday in this city to quench the thirst caused by the great heat wave. In order to procure the unusually large quota, dealers were

last three weeks. Thus far consumers have not been affected by the raise, the average retail price being seven cents a quart. According to the police at least 100,000 persons slept out of doors last night, en-

ompelled to advance the paying price one-

quarter of a cent a quart. This makes

e-holf cent advance to the farmers in the

joying a good rest in an atmosphere cooled Murray hill was a vast solitude of deserted mansions, whose caretakers, their recreation piers along the East and North

Heat Wave Broken. The wave of intense heat which held the city in its grasp for more than a week, causing nearly 200 deaths, several times that number of serious prostrations and untold sufferings to millions, has been thoroughly broken. The relief, which came yesterday afternoon when a violent storm of wind and rain swept the city for scarcely more than five minutes, became

Two deaths from heat and several prostrations were reported early today, but in nearly every case they are thought to have been due to exhaustion. Fully twenty hours after cool weather

had brought relief twenty-one deaths were reported today. All these fatalities oc curred after the cool weather had exerted its saving influences for at least twelve hours, and death in nearly each instance was due to exhaustion from the heat that prevalled early in the week. The temperature today was from 7 to 10 degrees lower than yesterday and the humidity was so reduced as to make the day gratefully cool. At 2 o'clock the official temperature was 86,

humidity 39.

Cooler at Philadelphia. PHILADELPHIA, July 30 .- The hot wave which has irevailed in this city and vicinity for the last two days, is broken temporarily, and cooler weather occompanied by showers is promised by the weather forecaster. The government thermometer this morning registered 79 degrees, six points

istered 75, against 80 at the same hour yesterday. There was an increase, however, in the humidity from 55 yesterday to 72 today. BOSTON, July 20.-Cooler weather preailed in eastern New England this morning, the temperature ranging from 74 to

NEW HAVEN, Conn., July 20.-There

was a distinct drop in the temperature

this morning. At 8 o'clock the thermome-

so and the humidity averaging about 60 Cooler in Cleveland. CLEVELAND, July 20.-The hot spell has been broken and at 10 a. m. today the government thermometer registered 74, with cool breeze blowing. There were five

prostrations during the last twenty-four hours, two of them serious. Hottest of Summer at Huron. HURON, S. D., July 20,-(Special.)-This

loses the hottest week experienced in this section of the state the present summer, the temperature ranging from 90 to 96 in the shade, with excessively warm nights, something out of the usual during the summer season in this locality. Much improvement is noted in crop development. Wheat is making rapid progress, while barley, ryes oats and spelts are doing exceptionally well. Barley in some fields is being harvested, and this work will be in progress in every part of the county the coming week, as all small grain, except wheat, is fast maturing. Wheat is reported in fine condition, and the outlook is especially encouraging for a splendid crop. Corn is making good growth and gives years ago. The order of the court does promise of a reasonably fair crop, although very backward in many places because of excessive moisture.

PACIFIC UNION DIVIDEND Holders of Common Stock Will Receive Beturn of Two and a Half Per Cent.

NEW YORK, July 30.-The cirectors of he Union Pacific Railroad company today declared a dividend of 1% per cent on the ommon stocks, payable October 1. The last semi-annual dividend declared by the
