#### ASSESSORS ARE EXPLAINING

State Board Seeks Light on Valuations in Several of the Counties.

LANCASTER REALTY MAY GET A BOOST

Falls City People Appeal to Governor and Want the Street Pair Suppressed-State Examination of Teachers.

(From a Staff Correspondent.) LINCOLN, July 20 .- (Special.)-The State Board of Equalization this morning heard Grant Zimmers, assessor of Otoe county; E. J. Maxwell, assessor of Nemaha county, and J. B. Burress, assessor of Johnson county, explain their several reports. None of the men were asking for a decrease, but were here merely to tell the board the whyfore of certain reductions or certain

increases. Secretary Bennett has the countles tabulated with the exception of two which have not yet been received and the board is looking over the returns and comparing them with last year. At this early date it looks as though a number of counties would have to stand for a material increase in their assessment. Incidentally, Lancaster county may come in for a share, notwithstanding its kick at the Douglas county assessment. One member of the board intimated that the real estate in Lancaster could easily stand for an increase of 10 per cent, while another member said its assessment was good. Lancaster land is assessed at an average of \$8.40 an acre and yesterday at a public auction one piece sold for, \$41.50 an acre, while another piece sold for \$25. Each piece was worth, it is said, at least \$10 more an acre than it brought.

Object to Street Fair. There is something doing at Falls City and the governor has been asked to take a hand in the game. Just what the trouble a the governor at this time will not say, but he has received several communications from there asking him to compel the county attorney and other officers to enforce the law in certain particulars. As a result of these letters Governor Mickey has requested the county attorney and others interested to meet with him and

It is supposed the trouble is over a street fair which will be held there next week and it is stated that several of Fails City's grapes, dewberries, currants, cherries, and people are opposed to such forms of amusesay whether this was the trouble. Several ors to keep hands off. In place of the days ago dispatches from Fremont said a address of Mr. Charles A. Scott of Halsey, telegram had been given to Rev. Mr. Crofts to be sent to Governor Mickey to request him to order the sheriff of Dodge county to stop Sunday base ball games. The telegram, however, has not yet been received. Incidentally, Governor Mickey does not believe in the state overriding the local authorities or interfering with local affairs even if it were possible for him to do so. D. J. Davisson of Lafayette, Ind., is in leave Monday for Denver and Cheyenne for a two weeks' vacation.

Ex-Governor Nance in City. Former Governor Nance of Chicago was a caller upon Governor Mickey this afternoon, having just recently returned from Palestine, where he went some seven months ago. Governor Nance is looking well and said he was feeling well. He will leave in a day or two for Polk county, where he still has large land interests.

Examinations for Teachers. Examinations under the supervision of he office of the state superintendent will be held in various parts of the state August 4 and 5 for persons who desire to secure a state certificate. To secure this applicants must have taught three years and have in force at the time of the examination a first grade county certificate. The examinations will be held at these places: Lincoln, Fremont, Beatrice, Grand Island, York, Wayne, Alliance, Holdrege, McCook, North Platte and Valentine. Applicants will be examined in these studies: English literature, physical geography, general history, rhetoric, geology, roology, psychology, chemistry trigonometry.

Regent Libel Suit On.

Brown Libel Suit On.

At the conclusion of the introduction of evidence by the prosecution today the defense in the criminal libel suit brought by George E. Sharp of the Royal Highlanders against E. E. Brown of the Hastings Observer, moved that the case be dismissed, but after a lengthy discussion, Justice Stevens overruled the motion. E. E. Brown, the defendant, whose testimony occupied the entire afternoon, denied that he had written the story upon which the libel suit is based and then refused to tell who did, though it was pointed out to him that a refusal meant a term in jail. Brown still refused, however, and then the prosecution waived the question for the time being, and did not take it up again.

Brown swore that he had printed the article in question merely to show how the business of the Highlanders was conducted and not because he had any grievance at Sharp. He did not know Sharp personally, he said, until after the suit was started.

HORTICULTURISTS MEET AT YORK Local Men Have a Good Display

Fruit. YORK, Neb., July 20.-(Special.)-The summer meeting of the Nebraska State Horticultural society is being held in this city this week and is most interesting and largely attended. There is considerable local interest being manifested and the attendance from abroad is good. The Commercial club arranged for the reception of the guests and delegates and the commer cial rooms are the headquarters of the convention. The public meeting and addresses are held at the court room, which is beautifully decorated for the occasion. Large tables were covered with flowers, and plates and baskets of fruit. The fruit at this time is principally small fruit. There were home grown raspberries, blackberries, plums, other fruits that were of such fine quality ent. The governor, however, would not and flavor that it was hard for the visit-Neb., an interesting paper was read on "Apples and Plums," which was written by E. F. Stephens of Crete, Neb. GOLD NUGGET FOUND IN A DUCK

Platte County Man Makes a Find While Dressing a Fowl. COLUMBUS, Neb., July 20 .- (Special.) For the second time in five years gold has een found in this county, each instance in a strange but similar manner. Adam Gessler, living about fifteen miles west on the south side of the Loup river, killed a couple of his tame ducks a few days ago. In the craw of one of them he found a nugget of metal which he believed to be gold. He brought it to a jeweler in this city where it was tested and said to pure. It weighed a trifle over two and one-half pennyweights and is worth about

\$1.70. Gessler means to have it made into a pin for his daughter. His ducks run in small stream which empties into the Loup and it was there that the fowl picked it up. A similar instance happened a few years ago one mile this side of Gessler's The matter will be investigated and the bottom of the small stream thoroughly dredged and prospected.

FINED FOR STRIKING HIS BABY

Minden Preacher Convicted of Striking Seven Months' Old Child. MINDEN. Neb., July 20 .- (Special Telegram.)-Considerable indignation exists in this community against Rev. Martin Fleckenstein, pastor of the German Lutheran church, on account of his treatment of his 7-month-old babe, which he acknowledged he had slapped or cuffed as he would a child five or six years old. The neighors and others passing his home bave heard the blows struck and heard the child cry, and today brought matters to a focus by having him arrested for assault and battery. He pleaded guilty and was fined \$10 and costs. His only excuse is that the little one cried too much. A church trial is to be held and the father will be asked to

Mrs. Jordan had not heard from her son for some time and his whereabouts were unknown to her. Three weeks ago a wreck on the railroad in the neighborhood of Ellis resulted in the killing of two or three persons. On the person of one young man was a memoranda book containing the address, "J. R. Jordan, Tecumseh, Neb." For some reason this information was not immediately communicated to Mrs. Jordan, and she was not sent for until after the body of the young man had been interred at Ellis for several days. On her arrival there the remains man had been interred at Ellis for several days. On her arrival there the remains were exhumed, but had reached a state whrein it was almost impossible to identify therein. However, a sear that was known to exist on the wrist of Mrs. Jordan's son was found on the corpse. Mrs. Jordan is satisfied that it was her son that was killed.

Councilman Back uttered a short, loud protest against "Trying to regulate the people of Omaha." But Councilman Evans said. In some mamner he then came in conremarked that this is just what some of | tact with another barrow and fell headlong sided and voted for the legislation. It was referred to a committee for thoughtful consideration.

The contract for thirty-six United States Standard voting machines at \$650 each, to be delivered September 1, was approved. Payments are to be made in five annual installments, March 1 of each year, beginning with 1906, of \$4,680 each, or a total of \$22,400, interest being charged at 4 per cent on the non-negotiable certificates of indebtedness to be given.

The voting district ordinance amended so as to reduce the precincts from seventy-six to fifty-four and passed.

An ordinance requiring contractors for artificial stone, asphalt or other composite sidewalks to take out annual licenses costing \$10 and file bonds of \$2,000 to guarantee mpliance with city specifications, maintenance of walks in good condition for five years and against the liability of the city for damages, was given final passage. Eleven laborers were placed on the municipal asphalt plant roll.

Many a bright and promising career has been blighted by injurious habits of folly before the age of knowledge and understanding and many have been cut short by the unfortunate contracting of some poisonous special disease which, through neglect or improper treatment has completely undermined and shattered the physical strength and mental faculties. No greater mistake can be made than to consider lightly the first evidence of the introduction of any private disease into your system or to neglect the first symptoms of weakened mind and approach of nervous debility, caused by improper or unnatural habits, excesses, dissipation, etc.

Buch indifference and neglect of the first symptoms is responsible for thousands of human wrecks, failures in life and business, domestic discord, and unhappy married life, divorce, insanity, suicide, etc. Men! Why take such desperate chances? The manifestations of the first symptoms of any disease of weakness should be a warning for you to take prompt steps to safeguard your future life and happiness, You should carefully avoid all uncertain, sxperimental, dangerous or half-way treatment, for upon the first treatment depends whether you will be promptly restored to health again, with all taint of the poisonous disease removed from your system, or whether your disease will be allowed to become chronic and subject you to future recurrences of the disease, with the various resulting complications, etc. When your eyes are dim, tongue coated, appetite poor, bowels constipated, Electric Bitters beat all cures. 50c. ### ANOTHER BIG HOUSE ON TENTH I MPURE WATER

Is the Direct Cause of Typhoid, Malaria, Dysentery, Cholera Morbus, the Fatal Hot Weather Complaints. Duffy's Pure Malt Whiskey is Prescribed by Doctors Everywhere as a Sure Preventative.

If you are going to the seashore or countryide for your summer vacation don't fail to ake a bottle of Duffy's with you. The greater share of the summer hotels and country farmhouses depend almost entirely upon impure wells and worm-eaten cisterns for their water supply. True, in most cases the drinking water is filtered, but think of the millions of tiny, minute germs which escape even the finest screeped filter and cause typhoid, cholera morbus and bowel trouble. Examine a seemingly pure glass of drinking water under a powerful microscope and you will be hornified to find the water swarming with disease germs. MAGNIFED 1.000 TIMES.
