SWEDISH CABINET

Action Follows Unanimous Report of Committee on Norway's Defection.

WOULD GRANT SEPARATION IF REQUESTED

Government Bill as Drawn is Rejected by Committee, Which Deaires Norwegians to Go on Record on Subject.

STOCKHOLM, Sweden, July 35.-The cabinet has resigned. The special committee appointed by the Rigidag to deal with the crisis which created the revolution in Norway today delivered its report. The committee declares unanimously that the government bill cannot be adopted in the form in which it was presented to the Riksdag and pro poses that the Riksdag shall signify its willingness to negotiate with Norway for a dissolution of the union if the newly elected Storthing requests a repeal of the act of union and a dissolution of the onion, or if such request is received from Norway after the Norwegian people by a plebiscite have declared in favor of a dis-

solution of the union Recommendations of Committee. The committee recommends that in the event of a dissolution of the union Sweden should insist upon the following terms: First—The establishment of a zone on each side of the frontier separating the kingdoms within which the existing fortincations shall be razed and new fortifications may not be erected.

Second—The right of pasturing reindeer belonging to Swedish Laplanders in north Norway.

Norway.
Third—That the transit trade through both countries shall be secured against unjustifiable obstruction.
Fourth—That the status of Sweden in established respect to foreign powers, as established by treaty, shall be clearly defined, so that Sweden shall be completely freed from responsibility for Norway to other states.

The committee also regards an arbitration convention between Sweden and Norway as desirable, although it does not consider it an essential condition for the dissolution of the union. The committee further proposes authorize the government to raise a loan

of \$25,000,000, which can, by a resolution of the Riksdag, be made available for such readjustments and arrangements as may be ecesoitated by the new conditions. Regarding eventual negotiations with Norway, the committee declares that: "Whatever may be demanded for the welfare and dignity of Sweden as a condition

of the repeal of the act of union on the part of Sweden and the recognition of Norway, must be claimed and adhered to with rigor and determination." Sweden Made Concessions.

The preamble of the committee's report is a lengthy recititation of the events leading up to the committee appointment, claiming that Sweden made all possible

concessions in order to maintain the union. Despite these efforts the dificulties grew until they climaxed in the revo-"It is self evident," declared the con mittee, "that the committee was not dissolved by the Storthing's action. A con-

the two countries." The committee emphatically disapproves of any action by Sweden either in the direction of a dissolution of the union or recognition of Norway's independence until the Norwegians have had an opportunity through elections or a plebescite of expressing their wishes. If the vote favors a dissolution the Storthing must legally approach Sweden to this end and if a satis factory agreement can be reached the con mittee recommends Sweden's assent.

The report points out that all threaten ing action should be avoided, as it is important that the two peoples should live in peace even if separated.

The committee in conclusion refuses to scommend that the Riksdag authorize the cabinet to negotiation with Norway as demanded by the government bill, but says that if Norway legally approaches Sweden in accordance with the committee's proposal, negotiations may be opened.

Norway Awaits Outcome of Debate CHRISTIANIA, July 25 .- Commenting on the situation in Stockholm, all the newspapers prefer to await the debate in the Riksdag on the report of the special commission before condemning the conditions Sweden desires to impose, but the majority nciine to the opinion that these condition will not be acceptable to Norway.

Norway Asks Recognition. WASHINGTON, D. C., July 25 .- The question of the recognition of Norway as an independent state is now before President Roosevelt, having been referred to him by Assistant Secretary of State Adee. On numerous occasions it has happened that a revolutionary party has asked to be recognized as an independent nation. but Norway has not seceded from Sweden through a revolution, but merely has taken back the sovereignty which once had been given to the king of Sweden. Many private Norwegian citizens have asked the United States to recognize the new state, and C. Hauge, who until the secession was first secretary of the legation of Sweden and Norway, has presented a more or less formal request to the State department, which, however, has no official authority. All these requests, however, have been referred to the presi-

Inez Mann of Lincoln, Neb., and Fred ommers of Crawfordsville, Ind., were married in Omaha by Judge Berka Tuesday afternoon, and in the wedding there hangs a romance that would be a fit subject for a Bertha Clay novel.

Fred Sommers and Harry Jennings, two young men who, according to their own statement, have just completed their education in an eastern college and who reside at Crawfordsville, Ind., have been touring the west in search of a location to go into business. They visited several towns in Iowa and Nebraska without finding anything suitable and several days ago they went to Lincoln, but forthwith stopped looking for the location when they met two young women, Miss May Burns and Miss Inez Mann, daughters of well known Lincoln citizens. It was a case of love at first sight." The two couples came to Omaha and were married, Mr. and Mrs. Jennings going back to Lincoln and receiving the parental blessing, and a wed-

Mrs. Sommers, who was Miss Mann, did not fare so well. When her parents had learned of the marriage they forthwith started for Omaha and met the couple at the Burlington station, where they were waiting to meet the other couple, who returned to Omaha on the same train. This was where Officer Wilson's service was enlisted, for he saw that trouble was brewing between the three parties, and it was with difficulty that he finally got Mr. and Mrs. Mann quieted down where they would talk sensibly. The result was that Officer Wilson got all six persons into a Dodge street car, went to the room of Mr. and Mrs. Sommers, Elighteenth and Dodge streets, where the marriage certificate was hanging conspicuously on the wall, and the wrath of the old folks was mollified to such an extent that the young folks received the blessing of the bride's parents as well as good wishes from the policeman.

"Spotts" Gregory has gone to the country spend the summer.

The above is not a society item, bu refers to a cur dog owned by Mrs. Mary Gregory of 2223 California street. Mrs Gregory was defendant Tuesday morning in police court, a complaint of keeping a victous dog having been filed against her by James Adams, a neighbor. It was alleged the Gregory dog severely bit James Adams, jr., son of the plaintiff, and from the evidence offered Judge Berka ruled that the woman should be fined \$5 and costs and the dog shot, making a condition that when the dog was killed the fine would be remitted.

So attached is the woman to the dog that she positively refuses to give the dog into court to have it killed and says she will go to jail if there is no other alternative in the matter. As the matter now stands she paid the fine, amounting to \$7.50, and has not yet been placed in jail. When the woman was fined the sentence of death passed on the dog and it was shown that Mrs. Gregory would not deliver the animal to court, Officer Wooldridge was sent to the Gregory home to locate Spotts and carry out the order of the court. Spotts, however, was not at home and the information was given that the dog had gone to the country for an indefinite period. Inasmuch as the woman paid her fine, she cannot now be charged with keeping a vicious dog, and as the police officials are unable to find a law that would justify them in placing the woman in jail in the premises, the incident appears to be closed, unless Spotts should choose to return to the city. Some one has suggested that the dog could be charged with being a fugitive from justice. Spotts figured in the death of Mrs. Gregory's husband, who was killled on the railroad tracks on East Dodge street on May 8, 1804. Mr. Gregory left his home to blood over his body. The animal whined around the house for an hour and was restless all that night. In the early hours of the next morning Gregory's body was found beside the track by a train crew. The dog nad been in the Gregory home for ten years.
