Five Green Trading Stamps with each box.
We carry a nice line of 12 cigars in box, up from 10c.

ADOPT BOULEVARD ROUTES

Tentative Plan Decided On, Also for Aquatic Park by Board.

PLENTY OF SUGGESTIONS ARE GIVEN

Crickets to Be Added to Amusements at Miller Park Set Aside for Golf Links.

Plans, subject to change, for the North Central boulevard, Northwest boulevard and the Bluff tract boulevard and aquatic park were adopted by the park commissioners at a meeting held yesterday afternoon attended by Commissioners Linsinger, Gunden and Craig.

The route of the North Central boulevard corresponds with the report of a committee already published, with the exception of the stretch from Lake to Maple streets. It is now proposed to run along a ridge between Thirty-second and Thirty-third streets rather than along Thirty-second.

The outline of the Northwest scheme was given for the first time, and met with some displeasure from President Linsinger because it arranged for a width of only 100 feet through here property, whereas Mr. Linsinger thinks the width should be at least 150 feet, if not more, through land that is to be donated or is cheap.

Members of the Clifton Hill and other improvement clubs who were present to urge the adoption of the plan were requested to see if ground for the additional width cannot be obtained. They said that only 75 per cent of the property necessary for the 150-foot wide boulevard would be given without cost, much of it by Count John A. Creighton. They were not so sure

about greater widths, but they agreed to investigate, persuade and report.

Evades Mercer Park.
On the North Central plan it has been decided by the board to hold the proposed jog through Mercer park in abeyance and run the lines along Thirty-eighth street for the present.

Something of a snag was struck on the Bluff Tract idea when the committee on the designation of grounds reported in favor of an alteration from the original plan. Commissioners Craig and Gunden said they had found it more desirable to run the boulevard from Kountze park to the bluff through an undivided piece of land owned by Herman Kountze, about a block north of Pickney street, instead of along Dinkley street, which would have to be widened considerably. They explained that Mr. Kountze had agreed practically to give the right-of-way between the park and Sherman avenue. This change would please Judge J. M. Woodworth, who had a protest in objection to widening Pickney street from Sherman avenue east to the bluff. He owns the entire north half of the block here and gave thirty-three feet for the street, leaving his lots only 124 feet deep. Further enlargement, he said, would amount to the confiscation of his property. As Mr. Woodworth owns considerable of the strip wanted along the bluff to the south, it was deemed best to be nice to him, with the expectation of a donation.

Through His New Home.
On the other hand, J. R. Salsbury showed that by running the boulevard through the Kountze tract straight through to the bluff, it would go right through his new home and take in all but seventeen feet of his lot. As he has been a long time getting this home and it is exactly what he and his family want and he cannot readily get another lot in the neighborhood he does not wish to move for any price. He presented a protest, signed by eleven other property owners, objecting to any route except the original one. President Linsinger was inclined to side with Mr. Salsbury and favor the acquisition of the whole Woodworth half block, if necessary, to get through that way. The matter was left in an undecided state, though on the face of it, the report of the committee was adopted.

Route of the Northwest.
This is the route of the proposed Northwest boulevard system, as reported by committee on designation of grounds and adopted by the Park board, subject to change:

Connecting with North boulevard at Lafayette avenue and Thirty-fifth street; north on Thirty-eighth to a point between Franklin and Decatur, thence cross-lots north to Parker, west on Parker to Fortieth, north on Fortieth to Blondo, east on, and south of Blondo across Omaha first line tracks, through John A. Creighton tract (which is to be donated) in point north to Burdette, west on Burdette to Military avenue, thence following Military avenue to Grand street, thence striking in a north-westerly direction through property of John A. Creighton (which is to be donated) to about where Binney street would be,

thence directly north through other property of the same kind, to Wirt; then on the line of Wirt street, crossing through the park; thence through Pontonville park, emerging at Forty-third and Ames avenue; north on Forty-third to Grand avenue, east on Grand avenue to Thirty-sixth; thence northwest to connection with proposed new North boulevard at southwest corner of old Fort Omaha.

Club that Does Things.
The Newport-Bellevue Improvement club put itself in the list of clubs that do something by announcing in a letter that it had decided to build a 12c, 6x10 station box at Thirtieth street and Curtis avenue, for the shelter and comfort of passengers waiting on the thirty-minute street car service. Owing to lack of room in the street the club wishes to build the station inside the hedge of Miller park and cut a gate in the hedge. The matter was referred to Commissioner Craig and Park Superintendent Adams.

Curb and Gutters.
A committee of West Enders told the board that it had got signers to a petition calling for curb and gutter on the south side of Dodge street from Fortieth west to the city limits, and expected to duplicate, before long, on the other side of the street. Whereupon, by motion of Commissioner Gunden, the board directed the park superintendent to start laying macadam ten feet wide on the south side of the street just as soon as the mayor and council ordered curb the gutter. In this way it is thought the consummation of the much talked of Dodge street macadamizing will be realized.

Crickets as Well as Golf.
Having been chosen as a field for golf and tennis, cricket is to be added to the delights at Miller park. The Omaha Cricket club by John Douglas, secretary, asked permission to use a small part of the park for the purpose, and permission was speedily granted. Mr. Douglas hoped that "this gentlemen's game will help to popularize the park."

The right to use the Riverview park for an outing for 500 mothers and babies August 3 was given the Salvation army; also the privileges to use Haneson park August 1 for a hand concert with moving pictures, at which a collection will be taken up for the outing.

The board accepted an invitation from the West Leavenworth Improvement club to attend a meeting August 4, at which "The Improvement of Elmwood Park" will be the topic discussed.

Dispossession.
A tenant which is quickly dispossessed by Dr. King's New Discovery is a Cough or Cold. 50c and \$1.00. For sale by Sherman McConnell Drug Co.

MILES HELD FOR KILLING

Negro Charged by Coroner's Jury with Death of Harry R. McGeechin.

SAYS HE ACTED IN SELF-DEFENSE

Woman Over Whom Men Fought Also Says McGeechin Threatened Miles and Her as Well.

After a short deliberation the coroner's jury yesterday afternoon in the case of Harry R. McGeechin, who was fatally shot by a razor Thursday evening at the Cambridge hotel, returned a verdict that the deceased came to his death from a razor wound inflicted by William Miles, colored, and recommended Miles be held for further investigation. County Attorney Salsbury probably will file a complaint of murder in the first degree against Miles. No new facts were developed.

Apparently Miles accepts his present position with complacency, declaring that McGeechin threatened his life and struck the first blow.

Miles was taken to the coroner's office handcuffed and in the custody of Detective Davis. The prisoner appeared on the stand and told his story. He said he was sitting in front of the Cambridge hotel reading a paper and had the thoughts of any altercation with McGeechin and harbored no ill feelings toward the dead man.

"McGeechin called me a vile name and threatened my life," Miles declared, "after which I shook a cane at McGeechin. Then the latter approached me and made a pass with his net, which was followed by the fatal razor slash."

Florence Fleck, the woman over whom the trouble between the two men is said to have been caused, was a witness and said McGeechin had threatened both herself and Miles.

Several Witnesses on Stand.
Several other witnesses offered testimony in substance the same as the published reports of the tragedy.

Captain of Police Mostyn told of the capture of Miles at Thirty-sixth and Pinkney streets. Miles was found hiding a bloody cloth at the house, and offered no resistance. He shook hands with the captain and his chief concern at that time seemed to be protection from any possible violence.

City Physician Ralph told of the wound inflicted on McGeechin, saying the incision extended from the spine to the line of the jaw, and was of considerable depth.

The razor blade that Miles threw away was found by Arthur Creighton at Fourteenth and Dawson streets. The blood-stained blade was passed to the jurors for examination and the sight of the instrument caused the Fleck woman to bury her head in her hands.

Miles has been returned to his cell at the city jail to await his arraignment in police court, which probably will be Saturday morning.

A. J. Beal, night foreman of the Twenty-fourth and Ames avenue car barn, is entitled to some credit in the arrest of Will Miles, the colored slayer of Harry McGeechin Thursday night at the Cambridge hotel. Miles came out on a Twenty-fourth street car and inquired of the conductor where the negro fire station was, and Mr. Beal, seeing the negro, took a look at him and saw that he tallied with the description of the murderer which was given out by the police. Mr. Beal telephoned to the police station and after some additional sleuth work on the part of Captain Mostyn and Detectives Ferris and Dunn he was captured.

An Outrage.
It's an outrage to let your skin suffer without help, when burned or wounded. Use Bucklen's Arnica Salve. 25c. For sale by Sherman & McConnell Drug Co.

Alleged Grafter Taken In.
Detective Donohue and Officer Boyle arrested John Lane at the Union station Friday morning on the charge of being a suspicious character. While as yet there is no specific charge against Lane, the police say

the man is believed to be an expert confidence man, one of the kind that ply around railroad terminals. The local authorities have been giving particular attention during the last six months to the railroad depots, with the result that practically no crimes have been committed at the terminals recently.

POLLARD-WATERMAN MARRIAGE
Congressman-Elect from First Nebraska District and Omaha Woman Wed.

At 1:30 o'clock Thursday, at the home of Mr. and Mrs. Frank Waterman, 125 South Twenty-eighth street, was solemnized the marriage of their daughter, Miss Gertrude Waterman, and Ernest M. Pollard of Nebraska, congressman-elect from the First district of Nebraska. The wedding was simple in its details and was attended only by the members of the immediate families. Rev. T. V. Moore, D. D., of Westminster Presbyterian church, of which the bride is a member, performed the ceremony. The bride was gowned in a simple costume of white tulle, with trimmings of Valenciennes lace, and was attended by Miss Alva Spetman as bridesmaid. The rooms had a pretty decoration of palms, ferns and

white blossoms. The ceremony was followed by a wedding breakfast, after which Mr. and Mrs. Pollard left for their future home at Nehawka. Mrs. Pollard, who has spent her life in Omaha, has been prominent among the young people of Westminster Presbyterian church and also as a teacher in the city schools, having taught at Park school for a time after graduating from the high school and the Normal.

Remedy for Diarrhoea—Never Known to Fail.
"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people. York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove, York county, Pa.

Chinese Would Quit Boycott.
SHANGHAI, July 28.—The boycott is continued with a bitter feeling on both sides, but the Chinese would probably welcome any reassuring indication from America enabling them to withdraw gracefully.

GRATEFUL TO CUTICURA

For Instant Relief and Speedy Cure of Raw and Scaly Humour, Itching Day and Night.

SUFFERED FOR MONTHS

"I wish you would publish this letter so that others suffering as I have may be helped. For months sawfles covered my face and neck, scabs forming, itching terribly day and night, breaking open, and running blood and matter. I had tried many remedies, but was growing worse, when I started with Cuticura. The first application gave me instant relief, and when I had used two cakes of Cuticura Soap and three boxes of Cuticura Ointment, I was completely cured. (signed) Miss Nellie Vander Wiele, Lakeland, N.Y."

When You Spread Your Bread With

Meadow Gold Butter

You Are Eating the Purest Butter Made

The cream used comes from herds of famous butler makers; the creamery where it is made is the largest and cleanest ever built; and the makers are men of long experience in butter production.

Intelligent skill, combined with perfect appliances, makes the product a certainty. Always uniform in texture and quality, Meadow Gold Butter is an indispensable table delicacy.

Its purity and excellence are fully preserved by an odor proof package which insures you all the original sweet flavor. Ask your dealer for it.

BEATRICE CREAMERY COMPANY, 10th and Howard Sts.
