NOT HIS FIRST PLUNGE INTO COURT

Pinkerton Detective Identifies Rim os Man Who Served Mts Years in New Jersey State Penttentiary.

Harry DeLucey, the alloged representative of the mithical . United States Investment and Brokerage company," and who was arrested in his bridal chamber at the Grand hetel in Council Bluffs by police officers a few weeks ago, was given a preliminary searing in police court Friday morning on the charges of forgery and obtaining goods under false pretenses, both complaints being aworn to by Mrs. A. Mandelberg of the Mandelberg jewelry store at 1521 Farnam street. Police Judge Berks bound the prismer over to the district court in the sum of \$800 for each charge.

A third complaint was filed in the police court Friday morning by Deputy County Attorney Fitch. This complaint is sword to by Mrs. Joseph Withrow and charges the prisoner with passing and uttering a forged check for the amount of \$5. DeLacey stayed at the Withrow home part of the time he was in Omaha. This case will be heard in police court at a later date.

Delacey was represented in police cour Friday morning by Attorneys E. F. Morearty and Major Miller, while the prosecution was conducted by Deputy County Attorneys Fitch and Shotwell. Value of the Goods.

Mrs. Mandelberg was the principal witness Friday morning. She related in detail her dealings with DeLacey on the evening of July 10 and said the value of the watch, chain, locket, pup and cuff buttons she delivered to DeLacey at that time amounts J. to 2:00.50. The watch alone is valued at \$140 and is one of the best makes.

Mrs. Mandelberg, County Clerk Drexel, Chief of Detectives Dunn and Captain Hade all testified that they had thus far been unable to locate any such concern as the "United States Investment and Broker company," which company DeLacey said he represented and which name was signed to the checks he passed.

So far as can be learned from those in-terested in the case DeLacey's ship has not yet been sighted and the only available funds he is said to have amounts to something over \$100, which he is said to have offected as commission from prospective loaners of money from the company re-

Something of a Record. W. B. Laughlin, local superintendent of the Pinkerton agency, has been looking into DeLacey's record, and Friday morning made the statement that the New York office has identified DeLacey's handwriting as that of "Thomas Wilson," who served six years in the New Jersey state penitentiary for forgery, attempting to break jail and attempting to shoot an officer.

Mr. Laughlin says he has identified De-Lacey from a picture in his files and declares DeLacey to be "Thomas Wilson," who on October 19, 1838, was convicted and

ities will take any action against the pris- streets. oner on the matter of using the mails for

DeLacey's wife did not appear in police mister, Mrs. 1, M. Wyckoff and her husband were interested spectators. DeLacey has not yet paid the \$1,000 he subscribed to the Young Men's Christia association fund.

Have You

mething to remember today? Out of your overcrowded drawer of collars could you pick one that pleased you for today's wearing? It's the way with men and collars. One grows tired, the other tiresome. Nothing so refreshing as a few new collars, and nowhere so plentiful as here.

GOOD CLOTHING IS A FORM OF GOOD MANNERS

Fifteenth and Douglas Sts. Omaha, Neb. Sufficient NEW YORK-Cooper Squ Such is Tribute Dr. Gorst Pays to the Late Blahop Joyce.

Only a few weeks ago Bishop Joyce, who died Thursday morning at Minneapolis, was in Omaha and spent some hours with Rev. William Gorst, presiding elder of the Omaha Methodist district. He had just come from a Missouri town, where he had raised \$19,000 to pay for a new church, which he dedicated.

"This may stand as a symbol to a great deal of Bishop Joyce's work as a money raiser and popular dedicator of churches, said Rev. Mr. Gorst. "But, while he proved himself a great executive officer, at the same time he was a great evangelist. There is possibly no bishop in the church who has combined the two in such perfect equation and in so large a measure as Bishop Joyce. It was very rare for him to hold a conference anywhere without numerous persons being converted, and also with the result of inspiring pastors to greater individual offorts.

"Up to the time Bishop Joyce was elected to the episcopacy he was in the pastorate. There has been a notion prevalent sometimes in the church that only general conference men, editors, book agents, presiding elders and so on could be elected to the episcopacy, but his was one of the marked cases of the selection of a pastor. Much of his work as a pastor was done in Chattanooga and Cincinnati. He was made a bishop in 1888. He preached in every country of the world, and with the Kansas conference last spring, presided at every conference and mission conference in his denomination. He visited Omaha frequently and was well known here. Up to a year ago he was the representative of the young people of Methodism as president of the Epworth league. "In his loss the church is heavily af-

TRACK ORDINANCE IS SIGNED

Union Pacific Secures Approval of Na-or Moores of Its Measure.

CATHOLIC CHURCH PEOPLE SATISFIED

Surveys Are Made and Laying of Trucks is Not to Be Unduly Delayed - May Give New Offices.

Mayor Moores has signed the ordinance giving the Union Pacific the right to lay jobbing trackage on Ninth street from Jones to Capitol avenue and the ordinance

He gave the protestants two days to be heard and begin court action, and then, in conformity with his judgment, affixed his signature and made the law complete and operative. Vice Chancellor Colaneri of the diocese of the Catholic church informed him that as the Union Pacific had made an agreement to use the tracks only at such hours as would not interfere with services, weddings or funerals at St. Philomena's cathedral the church people would no longer stand in the way of the move.

"While I believe the Union Pacific should be given the right to use Ninth street in this case, because this section of town is destined to be the jobbing and manufacturing district, yet there is considerable wis dom in the view of Councilman Zimmar that the city should exercise control over the jobbing trackage and require, in giving grants, that all roads may use it alike and without charges," said the mayor.
"Personally, I think the best and only

practical way to solve the problem is for

and manufacturing district terminals. 1 think the time is coming when this will WADSWORTH FOR BELLEVUE

Others Refused to Join. When the Union Pacific officials ceived the idea of laying these tracks they invited co-operation in the scheme of the Burlington and Northwestern, but both roads opposed it and declined to join with their competitor The Union Pacific than

decided to go it alone and a few days be fore the ordinance came to its first reading the Northwestern withdrew its opposition, but the Burlington did not take such action until it was ascertained defeat of the ordi Officials of the Union Pacific believe that when this track is laid, the present headquarters building will become unsuited as general office buildings and it will lead to

F. A. TUCKER-Defying the Law Against Scorching.

California Man Invited to the Presidency of the Nebraska College.

NOW HEAD OF OCCIDENTAL AT LOS ANGELES

Dr. Stevenson Goes to Lincoln, So the School is Without Vice President as Well as President.

Bellevne college has called to the presidency President Wadsworth of Occidental the building of new general headquarters uptown. The establishment of the tracks are not to be unduly delayed. The blue worth will acept the call. worth will acept the call.

Dr. Wadsworth was in Omaha last Sunday and filled the pulpit at the First Presbyterian church. The trustees of Bellevue issued the call to him the first of the week. He has returned to his home in Los Angeles. Asked if the call had yet been accepted, Dr. Edwin Hart Jenks, a close personal friend of Dr. Wadsworth and

"Do you think he will accept?" was asked Dr. Jenks.

"That, of course, I cannot tell. He has a strong college in Occidental. Still we have strong hopes that he will accept, but that is as far as we can go.

This is the first formal call issued by the trustees since the resignation of Dr. Lampen, who came out from the east and filled the office of president one scholastic Monday, July 31. We close Saturday at 1 year, upon the resignation of Dr. Kerr who went to Westminster college in Fayette, Mo. The school is now without either president or vice president, Rev. Robert Stevenson having resigned from the latter position and become pastor of the Westminster Presbyterian church, a new organization, at Lincoln. His only connection with Bellevue now, therefore, is that of trustee.

The trustees and friends of the college are anxiously hoping that Dr. Wadsworth will see his way clear to accept the place, as his strength and prominence as an educator would bring requisite elements to the institution. It is likewise believed he could secure substantial financial assistance which Bellevue, like all of the smaller western colleges, needs. It is particularly desired to get the place filled before the next school year begins.

MAYOR PRAISES THE PLANT Cordially Approves Paving Machine Which He First Condemned

the work the municipal asphalt plant is such changes in the home, announces her doing and ackowledges that he may have sister triumph been mistaken in denouncing the plant as

a failure.

"I am glad to see that our downtown streets are being put in good condition rapidly," says the mayor." The plant seems to be working all right now and no one is any more gratified to see it than I am. I think in every message to the council I have sent for several years I have urged just this thing. After all I may have been misinformed about the servic-ability of the plant. At any rate I hope so. The progress made to date is nice to think about and in future there will be

excuse for bad asphalt." As soon as the downtown district is put in good shape the gangs will be cut down and the main traveled thoroughfares leading to the residence sections will be Thompson, last Sunday, and on returning patched, according to the city engineer. He is somewhat concerned over the short at the rear of the Craig home on a pillow. funds available for paving repairs, as the Firemen at engine house No. 5 saw the council appropriated much less than he infant and placed it in charge of its grandasked for at the beginning of the year. mother. The baby filed the next day. Fred It is anticipated, however, that if the Craig, the husband, is now serving out a money runs out before all the asphalt is police court fine of \$30 and costs.

fixed, the council will find a way to appropriate more cash for the purpose.
