PREPARATIONS FOR WINTER CAMPAIGNING

Separate Fleets and Separate Armies in Fighting Tirm-Threatened Repulse After Ninety Years of Peace.

In these days when so much is spoken of the disruption of the union between Sweden and Norway it may be interesting to look into the military establishments of the two possible combatants. These two little countries of the north may break the peace with which they have been blessed for more than ninety years—a longer period than either of them ever before experienced in their history, so full of war and bloodshed.

The situation is certainly most complicated. Here we have two countries, perfectly independent of each other except as far as the management of their relations with foreign powers is concerned, which latter is under the direction of the Swedish minister of foreign affairs, though the ministers and consuls abroad are both Swedish and Norwegian.

STORY OF INDIAN CUNNING

How a Clever Crow Stole a Famous Race Horse from the Blackfeet.

All Indians who use horses are very fond of horse racing, and not only race their own horses against one another, but they race their own against those of other tribes—and used to do this even in the wild era of the buffalo and of constant warfare.
