EASY CLOSE IN JULY WHEAT DEAL

Corn is Also Easy-Bullish Feeling in September and December Wheat -Reports of Expected Famine in Russia.

OMAHA, July 31, 1905.

OMAHA, July 31, 1905.

The July deal was closed today with wheat of that month the lower. There was plenty of wheat for delivery and the month was weak all day. Primary receipts were more than 1.500,000 bushels, and prospects are for as much tomorrow. Hust reports from authentic sources and unsettled weather in the northwest were responsible for a very strong feeling in September and December. These months were up bec.

At Chicago 600 cars are expected tomorrow. Heavy rains the last three days in the northwest have helped the development of rust. July closed at 85%c.

Corn closed lower with the end of the deal, July was 25%c, old July 52%c, September at 80%c. Corn closed lower with the end of the deal, July was 25%c, old July 52%c, September at 30%c, and December 51% chirac. December 45%c and old December 51% chirac. December 45%c and old December 51% chirac. December 45%c and December 31%c. September at 30%c. Oats closed with July at 27c. September at 30%c and December at 30%c. The Russian central statistical committee at 8t, Petersburg reports fhat the harvest in forsy-one out of sixty provinces of European Russia is a complete failure. Good crops are expected only in six Polish and three Baltic provinces, fair crops in two provinces. The sovernment anticipates a serious famine. The world's shipments of wheat last week were 4,515,000 bushels, against 5,30,000 bushels the week before. Corn shipments last week were 4,512,000 bushels, the week before they were 4,712,000 bushels, but last year only 8,244,000 bushels. Wheat on passage shows a decrease of 1,325,000 bushels, Primary receipts were 620,000 bushels, last year they were 1,21,000 bushels, last year they were 1,21,000 bushels, last year they were 1,225,000 bushels, last year they were 1,

Even the Northwestern Miller has discovered black rust. Its agent of Poorts ered black rust. Its agent at Fargo, N. C., writes: "Have found black rust at last. Experiment station says fields here are badly infested with genuine black rust. It has developed in the last three days due to heavy rains this hot weather." The Modern Miller says present conditions must be considered saying present conditions must onsidered serious, especially as the 1905 is from seed of low vitality and

Reports that Japan was withdrawing funds from London attracted interest, owing to the large sums now on deposit in New York to Japan's credit and the imminence of the requirments for crop moving purposes. The money market remained nominally very easy, however.

There was enough improvement in prices late in the day to overcome the most of what had been yielded and the closing tone was firm.

Light weights were still preferred, but the heavy stuff sold much better than it did on the close of last week. Buyers were out early and while there was no excitment to the trade the bogs were picked. were out early and while there was no ex-citment to the trade the bogs were picked up right along and a clearance was made in good season. There was some shipping demand and this also caused a better feel-ing. The general market was felloc higher than Saturday, the bulk of the hogs selling at \$5.5635.60. Some prime butcher weights sold at \$5.55, the top price of the day.
