The value of the work for which permits were issued was estimated at \$1,066. 656, or 460 per cent more than in July a year ago. For the seven months the total value of construction was \$2,635,349, as against \$1,064,365 for the same period in 1994, a gain of \$1,460,884, or 138 per cent. cers and butchers last week that question was asked Mr. Rounds a dozen times a day. What is a food show and how is it that we can get tickets from our grocer that we can present at the box office as so much Well, let me explain, says Mr.

In the first place the food show to be given by the Nebraska grocers and butchers August 14 to 24, inclusive, will be made up of demonstrations of different foodstuffs by the large wholesale houses, jobbers in the city and many of the largest manufacturers in the state and country. Magnificent booths will be built, in which young women will prepare the different foods and give you samples as you linger in front of them, listening to their way of preparing the same. Then on the stage, which will be beautifully set, will be seen Rounds' Ladies' rchestra of New York, one of the finest nen's orchestras in the country; also Miss Gussie Lenshaw, who has the most phenomenal voice of any woman in the ountry, being a pure baritone of great power; also Flers Sprague Rounds, with ier set of golden chimes, and Master Harold ounds, solo trumpeter, all making one of the finest musical programs ever heard in

And besides listening to the music and etting all you can eat and drink, you will siven a bag in which you can take home numerous samples given you, and you ion't need to give 25 cents either, unless you want to. You go to your grocer or your butcher and tell him you want enough ickets for yourself and the family, and if he says he has not got them tell him to get them for you. They cost him nothing and if he doesn't get them go to the next grocer and he will supply you, for there have been 150,000 of these tickets distributed and only two grocers out of the soo in Omaha, South Omaha and Council Bluffs have refused to handle them. Present your ticket at the box office with 10 cents in the afternoon and is cents in the evening, get a ticket of admission and present it at the door. Pass in, eat and drink everything offered to you, carry home all samples given you and you will live ten years longer.

Be sure and get the grocers' tickets. If you don't it will cost you 25 cents.

SOCIALISTS TO TEST LAW Will Ask Mandamus to Compel County Clerk to Put Names on Ticket.

Daboring under the belief that the late egislature had enacted the primary election law in order to disrupt the socialist party and prevent it from getting a ticket in the field for fall election, the socialist county convention which met last night adopted resolutions denouncing the act of the legislature and authorized its committee to proceed at once to test the law in the courts While a number of speakers attacked various parts of the law, the general opposition was to the section providing that any candidate should be assessed 1 per cent of the salary attached to the office, as a filing fee, before allowing his name to go on the ticket. This, the convention agreed would prevent the socialists from getting in the running for the reason that they had no money to pay the filing fee. The committee will bring mandamus proceedings to compel
