**MANY NEW CASES**

Largest Increase in Yellow Fever Since Beginning of the Plague.

**FIVE DEATHS IN NEW ORLEANS**

Most of the New Victims Are from the Italian Quarter.

**QUARANTINE LINES ARE TIGHTENED**

Men Armed with Rifles Guard Highways and Railroads.

**LOUISIANA'S NAVAL BRIGADE ORDERED OUT**

Governor Blanchard Complains to Secretary Shaw Regarding the Actions of the Revenue Cutter Winona.

NEW ORLEANS, La., Aug. 3.—The report on the yellow fever situation up to 5 p. m. is as follows:

New cases..... 54  
Total cases to date..... 422  
Deaths..... 44  
Total deaths to date..... 344  
New sub-foot..... 34  
Total sub-foot to date..... 206  
This was the largest number of new cases reported in a single day, and while it was natural to expect in consequence an increase in the number of new foot or sub-foot, as it is officially called, the number of the latter is really smaller in comparison. This is the period for the secondary infection to appear among those who were exposed to the original cases, and it is not surprising that the infected quarter should yield up such a record for one day.

**Naval Brigade Ordered Out.**

Though the announcement that Governor Vardaman has actually ordered the naval brigade under arms and dispatches it in the mosquito fleet of the oyster commission to the Louisiana-Mississippi boundary attracted attention, there is absolutely no apprehension that any serious collision will occur. Hope generally is expressed that Governor Vardaman's instructions to his guards not to trespass upon Louisiana territory will be rigidly observed. Other than the addition of the naval brigade to the sheriff and district attorneys of St. Bernard and Orleans parishes with a view to invoking the assistance of the civil authorities to clear Louisiana of the invaders. To the sheriff he sent this telegram:

You will take steps immediately to capture and arrest all armed vessels and those aboard found within that part of Lake Borgne situated in your parishes, so that the grand jury may act. Consult with district attorney and commander of the boatwreck of the naval militia for assistance to effect capture. No talk of boatwreck expedition here.

**Comprehensive Cleaning Up.**

With a view to inaugurating a more thorough cleaning movement and strengthening the arms of the health authorities in fighting the mosquito, Mayor Behrman called a conference at the city hall today. Opinions were expressed by Health Officer Kohnke, by Dr. Beverly Warner, in charge of the ward work, and by Chairman Janvier of the citizens' committee, that while yellow fever was now known not to be a fifth disease and that the most perfect cleaning of the city could be made in a very short time, it is believed that the consensus of scientific opinion that yellow fever is only transmitted by the mosquito, a general sanitary movement would be certain to have a fine moral effect and would enlist the sympathy of the people. The result of the meeting was the appointment of a committee that will take in hand and carry out most comprehensive plans of sanitary work.

**Cases of Sickness Concealed.**

The inspectors who are at work searching out cases of illness are having many disagreeable experiences. There still exists a widespread antipathy among the ignorant classes to making public cases of sickness, and a great deal of the inspectors' time is taken up in running down suspicious cases which are concealed by the citizens.

**One Case in Alexandria.**

Much surprise was expressed at the State Board of Health when a dispatch reached it today from Dr. Greenhill at Alexandria, announcing the appearance of a case of yellow fever there. Rapides parish had taken extraordinary measures to keep out the infection, and it was thought that none of the fugitive Italians would be able to pass the cordon of guards with which it had surrounded itself. The Alexandria case was traced to New Orleans and that opens up the question of the efficiency of certain quarantines established in the country. The period of incubation of yellow fever is five days, and this Italian, therefore, must have got into Rapides within that time, although the quarantine has been in effect for a much longer period. There is naturally much anxiety among the health officials as to how many more Italians have slipped out of New Orleans recently and managed to make their way into uninfected localities.

**Country More Excited.**

The excitement in the country districts seems to have grown more acute with the discovery of cases at other points. In this connection the doctors here are disposed to question whether all the cases that appear can be properly traced to New Orleans.

**FLEET ON FRIENDLY CRUISE**

Visit of British Ships to Baltic Sea No Evidence of Ill Feeling.

LONDON, Aug. 3.—The forthcoming visit of a British fleet to the Baltic sea appears more likely to mark the beginning of more cordial relations between Germany and Great Britain, instead, as has been suggested in some quarters adding to the friction now existing. The proposed visit was known to the German Foreign office months ago, and suggestions that objection to it were raised by Germany are unfounded. Ernest George, Pretzmann, secretary to the Admiralty, today in reply to questions said definitely that no protests against the visit of the fleet had been made.

**Hayti Takes Over Customs**

Contract with Bank for Collecting Money is Annulled by Island Government.

PORT AU PRINCE, Aug. 3.—Notice is published in the Official Monitor announcing that the treasury service has been handed to Haytian officials. The Haytian domestic loans recently attached at the National bank, Port au Prince, important receipts coming from the customs duties, which they said were collected for their accounts, but the bank refused to surrender them. The government then threatened to annul the contract with the bank and to cause all customs duties, including those guaranteeing the domestic and foreign loans, to be collected by the Haytian administration. Parliament subsequently adopted a resolution ordering the bank to comply with the law and to place the sums in dispute at the disposal of the government, which would organize a treasury service to collect the customs duties.

**Russians Strengthen Army**

Tokio Bears that General Linewitch is Adding to Troops in Field.

TOKIO, Aug. 3.—An unofficial report has been received to the effect that General Linewitch, who is commanding the Russian forces near Chungmun, that the second army holds Fenghua, Panchien line, and that the third army occupies position in the vicinity of Taoma. Bodies of cavalry protect the extremities of either wing.

STOCKHOLM, Aug. 3.—The extraordinary session of the Riksdag was brought to a close today. King Oscar was not present, but represented by the new premier, Christian Lundeberg.

**Refuses to Raise Rates**

Catholic Order of Foresters Refers Proposed Change Back to the Local Jurisdictions.

BOSTON, Aug. 3.—The attempt to increase the insurance rates in the Catholic Order of Foresters at the convention of the International body in this city failed today after a long discussion. The delegates voting in favor of 57 against 42, less than the necessary two-thirds, as required by the constitution. Subsequently it was voted to refer the matter back to the state and provincial jurisdictions, and the high chief executive was directed to prepare plans and make recommendations regarding the matter which will be held in St. Paul, Minn., in 1907.

**Will Spend Ten Millions**

Harriman System to Build Number of New Lines in Oregon Washington and Idaho.

PORTLAND, Ore., Aug. 3.—The Telegram says: E. H. Harriman will spend \$10,000,000 in railroad building in the states of Oregon, Washington and Idaho within the next year. With the official announcement of the fact that the Southern Pacific is preparing to build from Drayton to Marshfield on Coos bay, connecting the main line with the Coos Bay, Roseburg & Eastern road, which extends from Marshfield twenty-eight miles to Myrtle Point, via Coquille, and with a branch to Honey Hill, it is stated Harriman will spend \$10,000,000 in construction, included in which will be the cost of the dual road between Ripras and Grandville, the cost of which is shouldered jointly by Messrs. Hill and Harriman.

**SAY THE STRIKE IS BROKEN**

Northern Railway Officials Announce that Trains Are Nearly on Time.

**Union Officials Pleased with Outlook**

President Perham Says Passengers Are Delayed and that Freight Traffic is Paralyzed—Denies Charge of Wire Cutting.

ST. PAUL, Minn., Aug. 3.—The second day of the telegraphers' strike on the lines of the Great Northern and Northern Pacific railways ended with the railway officials asserting that the strike has already been broken and the officials of the telegraphers' union declaring that it has only begun. Both sides profess great satisfaction with the situation tonight and each maintains that the struggle will be ended within a fortnight.

**Lee Continues His Story**

Former Lieutenant Governor of Missouri is Subjected to a Rigid Cross-Examination.

JEFFERSON CITY, Aug. 3.—Former Lieutenant Governor John A. Lee resumed his testimony today in the trial of Senator F. J. Farris on the charge of bribery. Lee's testimony at the former trial of Farris that he (Lee) wrote the letter sending the \$7,000 in question back to D. J. Kelly of New York, representative of baking powder interests, was taken up in a severe cross-examination by the defense.

**Levy of Thirteen Mills**

City Council Certifies to County Board Amount Needed for City.

The city council last night made the annual tax levy for 1905 by certifying to the Board of County Commissioners the amounts considered necessary for the period. On the present estimate of the total assessment, full value, the city and school district levy combined will be just about 13 mills, against 12 mills for 1904, and meaning a levy rate of 95 mills on a one-fifth valuation. Through the school district taxes are certified by the mill rate the new charter provides that the city shall certify to the county board in the amounts of taxes required by the fact, together with uncertainties regarding the assessment roll, make the matter somewhat difficult to estimate.

**Broken Rail Causes Wreck**

Two Women Are Seriously Injured When Car Leaves Track in Pennsylvania.

JOHNSTOWN, Pa., Aug. 3.—The morning train from Rockwood to Johnstown over the Baltimore & Ohio railroad was wrecked today between Borden and Fossilwell, eight miles from the city. Miss Mabel Beach of Somerset, Pa., was fatally injured. Miss Emma Vickroy of Windsor, Pa., received internal injuries that may cause her death, and several others were so badly hurt they had to be taken to a hospital, the injuries being of a serious nature. The broken bones of all of the injured are Pennsylvania people. Except Misses Beach and Vickroy, none are fatally hurt.

**Train Wrecked in Missouri**

Switch Engine Strikes Passenger Train at Pleasant Hill, Injuring Two Engineers.

PLEASANT HILL, Mo., Aug. 3.—Local passenger train No. 27, due here at 10:13 a. m., was wrecked near the coal chutes this morning, fatally injuring Engineer Frank C. Berry of Sedalia and seriously injuring Engineer Ramond of the same place. Engineer Berry, in charge of a switch engine, was doing some switching in the yards and pulled out on the main line, when he discovered the passenger train track except one coach, but aside from a good shaking none of the passengers was injured.

**Hotel Men in Minneapolis**

Rome Miller Reads Paper Before the Northwestern Association Convention.

MINNEAPOLIS, Aug. 3.—Uniformity in hotel laws was the chief topic of discussion at the afternoon session of the Northwestern Hotel Men's association convention today. A committee was appointed to draw up a set of laws regulating hotels and a strong effort will be made to have them adopted by the legislatures of the north-west. Exposition of the Nebraska laws was made by Rome Miller of Omaha, Iowa laws by J. H. Kingsley of Waterloo and Minnesota statutes by H. S. Joslyn of St. Paul. J. J. Egan, editor of the Hotel World addressed the convention.

State Also Asks that Charters of Grain Companies Be Annulled.

**Allegations of Sweeping Character**

Attorney General Brown States that Filing of Suit Means a Free Grain Market for Nebraska Farmers.

**Insures Free Grain Market.**

SUITE Attorney General Brown says that the suit insures a free grain market for the farmers of Nebraska. He has the evidence on which the injunction will be made permanent. It is regarded by the legal department as the most important and sweeping injunction suit ever instituted in Nebraska. Attorney General Brown says that the action means that the moment any of the grain dealers or officers of the association violates the injunction in any way he will invoke the power of the court to have him committed to jail. He has much evidence in his possession that the grain dealers are able to sustain the allegations of the petition and affidavit.
